SOCIETY DOINGS

Mrs. John Kirchner of Preble entertained at a lovely dinner party last evening in honor of Roy Cable, who recently returned from France. He enlisted with the Company A boys but was later transferred and was just released recently and is now employed at the oil station. Her table looked exceedingly attractive in its decorations with pretty colored streamers from the corners of the table. Places were laid for about fifteen and a delicious four-course dinner was served. Following the dinner the young folks spent the evening playing games, singing and listening to victrola music. The attendance at the meeting of the Root Township Economics club yesterday afternoon was very large when it met at the home of Mrs. Dale Moses north of the city. Mrs. Dick Hill gave an interesting paper on

IN AN AIRPLANE

Modern Young Lochinvars Drop Out of Sky When They Come Courting

IN TIMES OF TODAY

Airship in South Part of City Excited Much Interest Yesterday

Long years ago, according to poetry, Young Lochinvars came out of the west on foaming white chargers to do their courting. The modern way is for them to drop out of the sky by airplane.

Such has often been read of, but one Adams county maiden, at least, has a lover who makes his visits by airplane. His most recent trip here was yesterday, when he circled over the south part of town for awhile, after calling on his fiancée, Miss Beatrice Williams, daughter Mr. and Mrs. Harvey Williams, residing on the Doak farm near Monroe. There was much inquiry about the airplane but all questions were cleared up when it became known who the aviator was.

The young aviator is a Richmond young man who has seen service in the United States army in the recent war. His fiancée, Miss Williams, who completed her course in nursing in the Richmond hospital, entered Red Cross service as a nurse and thus saw military service, although their acquaintance dated from prior to that.

ABOUT THE SICK

County Assessor and Mrs. William Frazier and their son-in-law and daughter, Mr. and Mrs. Arthur Stove, of Willshire, Ohio, who motored to Fort Wayne yesterday, found their granddaughter and niece, Leah Porter, recovering nicely from an operation for tumor. Her Sunday school friends here and her classmates at the International Business College, Fort Wayne, and other friends have remembered her well with flowers and are helping to make her stay in the hospital as pleasant as possible.

Mrs. Arthur Mangold and daughter went to Fort Wayne to see her mother, who fell Monday, hurting her

spine and throwing her hip out of place. She is very ill and her daughter left to be at her bedside.

Joshua Parrish continues very low since he was injured Monday afternoon when struck by an automobile. He remains unconscious, or delirious, and does not recognize the members of his family. Fears are expressed that he may not recover, his advanced age of eighty-four years being against him.

C. A. Dugan passed a fairly restful night last night and is about the same today.

Mrs. Jethro Fuller has returned to her home in this city after nursing Mrs. M. E. Clark for five weeks. Mrs. Clark, who is a sister of Dr. J. S. Ceverdale, suffered a fractured hip in a fall. She is recovering nicely.

Harold Bell Wright.

Did your friends tell you about this great show last night? If they didn't, ask them about it. The play in motion picture far surpasses the book and the play on the stage, and this picture is justly titled the greatest production of all times. Millions have read the book, and an equal number have seen the play. This great production appears for the last time at the Mecca tonight. It's up to you. If you are looking for something big, something good, then see "The Shepherd of the Hills."

A New Plan for Banking

THE Sale of Liberty Bonds has taught the people a new plan for banking. It is this: Set a definite amount that you wish to put in the bank. Pay in to the Bank by deposits a proportionate part of this money, monthly, just as though you were buying a Liberty Bond. This plan will result in accumulating a substantial bank account. This is a good lesson that we learn from the sale of Liberty and Victory Bonds. Try it.
