TEACHER IS EDITOR

The Geneva Herald says:

Last week we received a copy of the Ft. Recovery Record, Vol. 1, No. 1. We notice the name of A. Marion Sawyer, as editor and publisher. Mr. Sawyer is well known here, having

taught one term in the Geneva high school in 1911-12. Mr. Sawyer is a man of exceptional ability along literary lines, and we predict that this paper will be worthy of him. Last week he explained that due to scarcity of help he was unable to get the sheet out on time, and he expects to make it an eight-page paper, whereas the initial issue was only four pages. We wish Mr. Sawyer success in his new enterprise.

Plenty of wheat—
but only good in spots

We've gathered from the best.

This year's wheat crop is big—but weak. The big bulk of it doesn't contain enough gluten to make bread rise properly. Only in a few favored spots is the wheat up to standard in strength.

We have to get this good wheat or stop making Valier's Enterprise Flour, because it is the only wheat with sufficient strength to make the quality of flour you have always had in Enterprise.

We are getting it, but the premium we paid in ordinary years to get the best, wasn't enough to get choice wheat this year. We have to pay an extra premium; but we pay it gladly, because we know that you would rather pay a little more for

Valier's Enterprise Flour

and be sure of having the kind of light, wholesome bread you have always had.

There is no economy in saving money on flour and wasting it on heavy, soggy bread. Valier's Enterprise Flour will bake better bread and more loaves to the sack. It is much cheaper in the end.

This year, of all years, it is important to select your flour carefully. Get Valier's Enterprise and be sure of your baking.

If your grocer is out of Enterprise, he can get more, quickly. Don't experiment with any other. Insist on getting Valier's Enterprise.

Valier's Community Flour

"Community" is Valier's high-grade popular priced flour. It has made hosts of friends.
