URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people

who don't know about this simple remedy to be constantly sniffing and sneezing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and sniff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

The Democrat Prints Sale Bills.

With the city of Bluffton in the grip of cold weather, the fuel situation assumed serious proportions today. Many consumers had very little coal and inquiry to dealers showed their bins practically empty. At the court house, only enough was in the bins to run the day out and Custodian Sam Stout stated that he had none in view. Coal dealers declared the situation more serious than at any time in the past because there is no reserve supply. Under government administration a reserve supply was always kept on hand, and this has not been done since the ban was lifted. Inquiry to dealers declare that there isn't a pound for sale and as a car comes in it is unloaded from the cars. —Bluffton News.

WAS A SURPRISE TO FARMER BOYD

Had Been Troubled More or Less for Thirty Years—Feels Fine Since Taking Tanlac

"I was just telling my wife the other day that this is the first time in twenty years I have felt like making ready for an old fashioned Christmas dinner," said John Boyd, a prosperous farmer, R. F. D. 4, Peoria, Ill., while telling on December 15, in Sulliff & Case's drug store of the remarkable benefits he had received from Tanlac. Continuing, he said:

"I have suffered more or less with stomach trouble for thirty years," and Tanlac is the only medicine that I have ever found that did me a particle of good, and this is saying a great deal for I have tried a lot of different kinds in that time. I had a burning in my stomach all the time and every few days I would have terrible spells of cramps, caused by something I ate, and I was always in misery. I had very poor appetite and just had to force down every mouthful I ate, and I haven't been able to eat a single meal in all these thirty years with any satisfaction. I could get but little sleep as I was so restless I would just roll and toss from one side of the bed to the other all night long. I continued to get worse until I became so weak and run down I was unable to work and for months before I began taking Tanlac I hadn't been away from home, and it was all I could do to drag myself around at all.

"When I began taking Tanlac I had been in this condition so long and had tried so many different medicines without getting the least benefit from them I had given up all hope of ever getting any better; but only a few days after I started it I was a happy man, for I noticed I was getting better with every dose. I continued taking Tanlac and my appetite continued to improve until it was almost impossible for my wife to cook enough for me to eat, and the best part of it all was that I could eat all I wanted and anything I wanted without suffering the least bit from it afterward. That burning in my stomach, those terrible cramping pains and the bloating left me as suddenly I was actually surprised. And sleep! Why I can sleep just as sound as a log all night long without ever waking up once, and always wake up feeling fine and full of energy for my work. I have regained my strength so I can do as much work as I ever could. So you see why I am so anxious to get this bottle of Tanlac for I owe all my good condition to it and I never expect to be without it. There is nothing in the world I would take for what Tanlac has done for me and I intend to praise it as long as I live."

Tanlac is sold in Decatur at Smith, Yager & Falk and in Berne at Stengel or Craig Drug Store.

Why More Small Cars Come Equipped With Goodyear Tires

Last year, more small cars, using 30 x 3-, 30 x 3 1/2-, or 31 x 4-inch tires, were factory equipped with Goodyear Tires than with any other kind.

This is plainly a result of the high relative value produced in these small-car tires by Goodyear's enormous resources and scrupulous care.

They represent the same intense endeavor to supply utmost satisfaction in tires that has laid the basis for the marked preference which exists everywhere for Goodyear Tires in the larger sizes.

This real Goodyear value in tires is available for your Ford, Chevrolet, Dort, Maxwell, or other small car, at our nearest Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

30 x 3 1/2 Goodyear Double-Cure
Fabric, All-Weather Tread \$20.00
30 x 3 1/2 Goodyear Single-Cure
Fabric, Anti-Skid Tread \$17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30 x 3 1/2 size in water—\$3.90 proof bag.
