

# Department Heads of Decatur General Electric Plant

E. W. LANKENEAU

Of Fort Wayne. A brother of Oscar Lankeneau, of this city, who will be the general foreman of manufacturing and will have one of the most responsible positions at the local plant.

CHARLES SAUNDERS

Well known young man of this city who was appointed employment manager a few weeks ago and who has received hundreds of applications for work at the Decatur G. E. plant.

MR. L. P. SHERRICK

Who has been in Decatur since the G. E. started to build their plant and who will be the foreman of order and stores and production when the local plant begins operations.

MR. LANGSTON

Of Fort Wayne. A competent employee of the G. E. and who will be the foreman of inspection tests at the Decatur plant.

BERT GAGE

An Adams county boy who has been working at the Fort Wayne Works and who will be the mechanical foreman at the Decatur plant.

MR. KOHLS

Of Fort Wayne. Faithful worker for the G. E. and who will be the foreman of the winding department, Decatur plant.

FRED BRAUN

Well known Decatur citizen who has been employed by the G. E. for sometime and who will be the yard foreman at the Decatur plant.

FRANK BRAUN

A son of Fred Braun, the yard foreman. Frank has been employed at the Fort Wayne Works for a number of years but will move back to Decatur and will be the foreman of the assembly department.

CASH LUTZ

Of Fort Wayne. No relation they say to Attorney C. J. Lutz, of this city, but who will be the foreman of the finishing department of the local plant.

WAYNE BURNETTE

Employed at the Ft. Wayne Works but who will come to Decatur as the foreman of automatic screw machine department.

MRS. CHARLES SCHICK

A daughter of Mr. and Mrs. D. M. Hensley, of this city, who has been employed as the Works Nurse, Decatur plant.

## =Building Solidly as We Grow=

Steadily—Step by Step, the Kirsch-Reppert Lumber Company's business is growing and we, the individual units who compose it, are growing with it. —There's been many an example in the boom towns, of business that grew too fast—Lumber firms that rose to huge proportions almost over night. Usually they grew far faster than the caliber of the ones who controlled their destinies, and when adversity came they were unable to meet it. We have set our mark in Decatur very, very high, and we are going to be prepared to keep it when we reach it. Each day—each month—each year—we solve the problem of how to make this lumber business necessary to a few hundred more people. We are going ahead a little faster all the time, but never so fast that we lose sight of the principles that all businesses must maintain if they would build for the future.

To Our Old Friends and The Stranger at our gate we bid you Welcome.
