Steps Taken to Halt the Strike

(Continued from page one)

railroad workers apparently was
checked today.

After its rapid growth throughout
the country, the strike situation was
marked today by cessation of reports
of walkouts of any consequence.

Independent conferences were held
in many places in attempts to reach a
settlement. The majority of strikers
in Syracuse, N. Y., returned to their
posts. Strikers were also reported re-
turning in Chicago and other western
centers.

Federal investigation of the strike
by the department of justice was
under way in railway centers, and
Attorney General Palmer was re-
viewing the situation.

New York, April 13.—(Special to
Daily Democrat)—Two conferences to-
day in an effort to end the railroad
strike were scheduled.

Timothy Shea of Cleveland, assist-
ant president of the Brotherhood of
Locomotive Firemen and Engineers,
announced he hoped to reach some
definite understanding with the "out-
law" strikers today when he met near-
ly 3,000 workers in the city hall at
Hoboken, N. J.

Dr. Royal S. Copeland, New York
health commissioner, broadcasted a
call for strike leaders to meet with him
at 4 p. m. today. The health com-
missioner said the food situation was
serious.

At a meeting which lasted from
nearly yesterday afternoon until 1 a.
m. today, Shea urged the men to re-
turn to work and submit to arbitra-
tion of their demands.

Railroads in the New York district
reported the general situation un-
changed today. Passenger service was
practically at a standstill. No further
spread of the strike was reported over-
night.

The New York Central remained the
only road entirely unaffected by the
walkouts so far as passenger traffic
was concerned. This, road was also
handling milk and beef shipments for
New York.

Suburbanites were practically cut
off from New York today because of
the suspension of commutation trains
on roads other than the New York
Central. Ferry service between Jer-
sey City and New York was still be-
low normal due to the strike of tug
and ferry workers; the tubes connect-
ing Jersey and Manhattan were closed
and nearby Jersey cities and towns
were in many instances isolated from
New York.

Workers on the Brooklyn Rapid
Transit lines in Greater New York
have been called to a meeting tonight
to discuss taking a strike vote.

Reports by the railroads early today
described the strike situation as fol-
lows:

Central railroad of New Jersey—
Commutation service abandoned; a
few through trains running. Freight
service suspended.
New York, New Haven & Hartford—
Many important trains annulled.
Commuter service crippled. No freight
hailed.

Erie—Passenger and freight service
discontinued. Few mail and milk trains
running and some consolidated trains
arriving from the west.

Lackawanna — Passenger service
suspended. No freight moved. Some
through trains arrived.

Pennsylvania — Passenger service
curtailed 50 per cent. All freight
stopped. Trains hours late.
Baltimore & Ohio—Many trains can-
celled. Some perishable freight
moved.

Lehigh Valley—Through trains run-
ning delayed. Slight freight move-
ment. Locals suspended.

New York Central—Service normal
except for freight delays. Milk and
perishables hauled.

West Shore — Passenger service
normal. Freight suspended.

Postoffice officials said mail was
being turned over to the railroads
and was being moved as speedily as
possible. There was no congestion in
New York postoffices, they said, al-
though mail was subject to long de-
lays.

The milk supply was only slightly
curtailed. Most other perishable food
stuffs were also being brought into
New York in limited amounts. A
slight raise in prices for all food sup-
plies was noted today in many mar-
kets.

Shortage in the supply in newspaper
paper due to the strike has caused all
newspapers to greatly reduce the size
of the editions and notices were car-
ried announcing many columns of ad-
vertising had been omitted.

STRENGTHEN FORCES

Washington, April 13.—(Special to
Daily Democrat)—Five thousand Guat-
emalan government troops are now
on the march from northern parts of
the country to strengthen forces of
President Cabrera which are besieging
the rebellious city of Guatemala, ac-
cording to reports here today.

THE FARMER'S OPPORTUNITY.

Description of the method of bor-
rowing money on farms on the gov-
ernment plan through the First Joint
Stock Land Bank of Fort Wayne,
Ind.

The idea is to loan money on farms
for longer periods than is the existing
practice now, as authorized under the
Federal Farm Loan Act, effective
July, 1916.

This law makes it possible for the
farmers to make money by borrow-
ing money. It is the intention to
place money within the reach of the
farmer on such terms as to convert
the farm mortgage into a source of
profit.

The money may be loaned you to
buy land for agricultural purposes,
to purchase equipment, such as teams,
machinery, live stock, to provide ben-
eficial improvements, structure, til-
ling, drainage, fencing, buildings, etc.
The money is loaned on the "amort-
ization plan" which means the paying
off of the indebtedness by install-
ments of a fixed amount, throughout
a period of years.

As an example—On a loan of \$1,000
payment would be \$70 a year, which
payment applies upon interest and
principal, paying off loan in 33 years.
Upon a Ten Thousand Dollar loan,
the payment each year would be \$700.
Borrower may pay off part or all of
loan after five years.

Loans made up to one-half of the
value of the land and 20 per cent of
the insurable value of the improve-
ment.

NO COMMISSION—LOANS MADE TO BORROWER AT COST.

No restrictions are placed on the
use of the money you borrow and
your affairs are not subject to the
scrutiny of others.

You are not worried about a renew-
al, not the trouble and expense of one
You have no uncertainty about in-
terest rates. You have liberal prepay-
ment privileges after five years. You
do not tie up yourself or your land.

Every payment you make reduces
your principle as well as the interest,
so that at the expiration of the loan
the entire debt has been discharged.

Such an opportunity as this should
give courage to an enterprising farm-
er to buy more land, to improve his
farm and live stock and have the use
and profits therefrom.

CONSIDERATIONS DELAYED

(United Press Service)
Washington, April 13.—(Special to
Daily Democrat)—The senate foreign
relations committee today deferred
considerations of the peace resolution
because a number of the committee
members were prevented by the rail-
road strike from reaching Washing-
ton.
