Tickets for the entertainment are now on sale and can be procured from any member of the junior class.

Local Manager Wanted

Unusual Opportunity for Right Man

A large brokerage firm doing a successful business with well-rated concerns throughout the country, wants a capable man at once to develop and handle their local business.

The opportunity is unusual one because of the possibilities offered for substantial earnings in a highly respectable business which will steadily increase as it becomes more firmly established in local trade.

The position requires a man possessing executive and sales ability with business experience and having commercial banking connections, although no investment is necessary. He must devote only a portion of his time to the business at first if desired, though we prefer a man who is able and willing to give the business his entire time and effort from the start.

The local branch should pay from \$2500 to \$10,000 the first year, according to population and the ability of the manager, as the compensation which we make is a sample, always in demand, and which our large buying facilities permit us to sell at less than average market prices.

Owing to demand, we must fill this position at once. Send your application to Bernice Coal Co., 885 Como Bldg., Chicago, Ill., but do not write unless you can satisfy us as to honesty, reputation and business ability.

The Fire Limits

(Continued from page one)

Martin Mylott to purchase a "second hand" tank from the Fritzinger Foundry, which they offered to sell for \$12 and which will be used by the city as the water supply tank, the city having contracted with Mr. Barnett to sell him water pumped from the river for street sprinkling purposes. The tank will be erected near the Fornax Milling company. It has a capacity of between 1200 and 1400 gallons. The city will install an electric pump and the work of erecting the tank will be started within a short time.

Henry Knapp complained to the council about the condition of the sewer on Third street and the matter was referred to the street and sewer committee, as was the matter of the overflow of water in Cook town, reported to the council by City Health Officer Costello.

The purchasing committee reported that it had received prices on motor trucks, the prices submitted being Indiana 3-ton, \$4900.00; Service, 3½ tons, \$5365, special make, regular make, \$5265. They asked for further time to decide the matter. No report was made on the proposition or running a switch from the G. R. & I. tracks to the site purchased recently by the city for the new proposed power plant.

The clerk was instructed to notify Jesse Niblick to repair the board walls on North Second street, north of the Winneshoe shoe store.

Frank Bosse complained of the water backing up in his yard, but no action taken as the council was of the opinion that the matter of drainage was on private property.

The finance committee allowed the following bills and the meeting adjourned:

THE CENTENNIAL

Indiana University Will be 100 Years Old and Event Will be Celebrated

MAY 30 TO JUNE 4

Former Presidents Jordan, McCoulter and Swain to be at Celebration

(United Press Service)

Bloomington, April 21.—Celebration of the centennial anniversary of Indiana university at Bloomington, during the week of May 30 to June 4 will be one of the most elaborate of the university's activities. Program for the 100th birthday observance indicates various features and exercises for the celebration. On Sunday, May 30th, the Rev. Allan B. Philpott, '80, pastor of the Central Christian church at Indianapolis, will deliver the baccalaureate address.

All university day has been planned for Monday with a university circus, parade of students and similar features. On that day the Senior class exercises will be Alumni day and election of officers of the Alumni association and an Alumni trustee will be conducted. In the afternoon Indiana and Notre Dame baseball teams will clash on Jordan field. The university pageant will be given in the late afternoon.

On Wednesday the pageant will be repeated and the remainder of the day will be devoted to class and organization reunions and the Alumni dinner in the evening. Visiting Alumni will parade on Thursday and Indiana and Purdue university baseball teams will

play during the afternoon. Final presentation of the pageant will be on that day.

Maj. General Wood will deliver the commencement address on Friday.

morning. Three former presidents of the university, Dr. David Starr Jordan, Mr. Joseph M. Coulter and Dr. Joseph Swain, will speak during the exercises.

Here is Evidence That It Pays To Buy From Reliable Grocers

Read This.

Article from "The Literary Digest" March 15th tells how unscrupulous dealers are responsible for Olive Poisoning

SPEAKING of an outbreak of botulism due to olives, the *Digest* says: **** "The arm of the law might be made to reach unscrupulous dealers who knowingly distribute spoiled foods."

Continuing, the *Digest* quotes from an article in *The Journal of The American Medical Association* under date of February 21st, which says: **** "The second point about which alarm may be felt is the seeming willingness of unscrupulous dealers to sell olives and perhaps other food stuffs that have been condemned. We are informed that the olives causing death in Memphis were obtained from a store of which the principal business is buying and selling salvaged merchandise."

NOTHING is more important than the lives and health of your family.

Your constant thought is how to preserve their health and strength.

After all, there is nothing to be gained by buying from peddlers, syndicate stores or from mail order houses. The risk is too great to buy inferior, stale or damaged goods. Be sure—Buy from your grocer.

Preference for Buick Valve-in-Head motor cars becomes more pronounced each season—and this favoritism shown by the motor car purchaser of today has taxed the Buick factory's production to the limit.

Thousands are contented to await their turn in Buick deliveries—for Buick performance, quality, service and economy has completely won their confidence.

The five hundred thousand Buick cars now in daily operation are making Buick history. Their efficiency, faithfulness and value have established this fact in the minds of the world—"there is no substitute" for Buick Valve-in-Head quality and service.

When better automobiles are built, Buick will build them

Just Where and How Is the Money to be Spent?

A businesslike Answer to a businesslike Question

THIRTY denominations cooperating in the Interchurch World Movement have budgeted their needs. No business could have done it more scientifically.

They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

Each denomination has arranged its budget under six main heads:

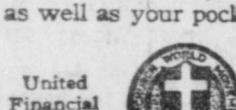

1 FOR THE CHURCH'S WORK AT HOME. A score of items come under this head. Consider only one. Five and a half million people in the United States do not know how to write the English language. Who is to carry forward this vast work of Americanization if the church does not?

2 FOR HOSPITALS AND HOMES. Every year thousands of men and women seriously ill are turned away from the church's hospitals because of lack of room. The children sometimes are compelled to turn away more children than they can receive.

3 FOR HIGHER EDUCATION. Of the 450,000 American students in institutions of higher grade, nearly all are in institutions founded and supported by the church. Many of these institutions have had no great endowment campaigns, but their needs are just as pressing as the needs of large foundations, and you have to meet their lists of demands and alumnus to measure the value of their contribution to America.

Each denomination has its own detailed budget, and will administer its own funds. Your pastor has copies of the budget; examine them for yourself. In the week of April 25th-May 2nd you will be given your opportunity to help. You can do it with the full satisfaction of knowing that every dollar of your gift has its post assigned to it in advance.

Every dollar for better America and a better world. When your church calls on you give—and give with your heart as well as your pocket-book.
