**BED IN HOSPITAL**

One Person in Every Four  
Hundred Needs Hospital  
Bed, is Announcement

**IN THE CAMPAIGN**

Now Being Made in the Inter-  
church World Move-  
ment—Do Your Bit

That one person in every four hun-  
dred needs a bed in a hospital, is  
the rather startling announcement  
made by the Inter-church World move-  
ment in connection with its cam-  
paign now in progress, in which thirty  
denominations are setting out to collect  
\$336,777.52 to be devoted to mission-  
ary, educational and benevolent ob-  
jects throughout the world.

The Inter-church World movement  
finds, as a result of a careful survey  
of the situation in regard to hospitals  
and homes, that the churches are very  
far from having made adequate pro-  
vision for the sick. On the basis of  
one hospital bed being required for  
every 400 of population, the Inter-  
church figures show that only 43 per  
cent. of the Protestant church mem-  
bership is provided for.

A similar situation is found in re-  
gard to orphanages. The Inter-church  
survey estimates that one destitute  
child for every five hundred church  
members needs this type of institu-  
tional care. On this basis the re-  
quired Protestant capacity would be  
48,728, whereas the actual capacity of  
Protestant homes for children is only  
16,000.

As a first step toward adjusting this  
adverse balance against hospitals and  
homes, the thirty denominations co-  
operating through Inter-church move-  
ment have set aside in their budget a  
sum of \$5,116,465 to be applied exclu-  
sively to institutions of this kind.

As a guide to what is needed the  
department of the Inter-church World  
movement which has conducted the  
survey of hospitals and homes issues  
the following recommendations as con-  
stituting an adequate program: Gen-  
eral hospitals for white people in  
twelve states; general hospitals for  
colored people in twelve states; tuber-  
culosis sanatorium in Arizona; four  
hospitals for incurables in four states;  
three children's orthopaedic hospitals  
(one in New York, one in Minnesota  
and one in Texas); ten training  
schools for hospital executives; four  
homes for missionaries on furlough;  
three homes for retired ministers and  
missionaries; three homes for colored  
children.

**MANY BIRD HOUSES**

Indianapolis, May 1.—Lack of suf-  
ficient housing accommodations in many  
parts of the country is not a perplex-  
ing problem this spring to the bird life  
of Indiana, according to a letter to  
George N. Mannfeld, superintendent  
of fisheries and game. The Depart-  
ment of Conservation from Frank G.  
Hasselmann, superintendent of the  
state game experiment station and  
farm at Bluff Mills, Montgomery coun-  
ty. Some time ago the conservation  
commission, with a view of encour-  
aging an increase of insectivorous bird  
life designated all state preserves as  
bird and game sanctuaries. Many  
bird houses were constructed and  
erected in suitable environment. The  
birds are now "moving in" in large  
numbers, Hasselmann writes, and al-  
ready the bluebirds and martins are  
in possession of a number of the cot-  
tages and "duplexes" on the experi-  
ment farm.

**NOTICE TO NON-RESIDENTS**

The State of Indiana,

I, the Adams Circuit Court, April  
Term, 1920,  
Maria Engle, Administratrix, in the  
matter of the estate of Elizabeth

**POLITICAL CALENDAR**

**WHY I AM VOTING FOR  
THE HOSPITAL**

I am going to vote for the Adams  
county hospital for several reasons.  
First, I feel we owe a duty to our  
soldier boys and we should erect some  
memorial and I think nothing better  
or more appropriate than a hospital.  
Second, and for more important, I am  
going to vote for the hospital because  
of the convenience of having a good  
hospital close by when we may need  
it in our family. I know what it  
means to take a child in an auto or in  
ambulance and go away to a distant  
city for a hurried operation. I know  
the long trips each day for the sev-  
eral serious days afterward and I  
know the great amount of time and  
expense thereby involved. There are  
many minor things for which we have  
to make only on trip to a hospital. It  
would be so handy to go only to Deca-  
tur for this.

Some people have thought that the  
hospital is only for the doctors, but  
this is a big mistake.

You have to have a doctor no mat-  
ter if you lay sick in a hospital or a  
home. The one in the home will re-  
quire more trips and get along slower  
than the one in the hospital where he  
has better nursing service and general  
care. You either have a doctor at  
home or one away from home and in  
no case can an Adams county hospital  
make it more expensive for Adams  
county patients.

On the other hand a hospital in Deca-  
tur will reduce the doctor bill of  
Adams county. But from my experi-  
ence and from what I have observed,  
a hospital close by is a great con-  
venience and a saver of life.

I am for it, and will vote for it!

A CITIZEN.

A St. Catherine's, Ontario, lady re-  
cently discovered in an old cabinet a  
copy of the London Times of October  
3, 1798, which contained the official  
account of Lord Nelson's Battle of the  
Nile.

**BACK TO NATURE**

"Why is it, Sam, that one never  
hears of a dork committing suicide?"  
inquired the Northerner.  
"Well, you see, it's disaway boss:  
When a white pusson has any trouble  
he sets down on 'gits to study' bout  
it an' a-worryin'. Then frst thing  
you know he's done killed hisself.  
But when a nigger sets down to think  
about his troubles, why, he jes' natu-  
rally goes to sleep!"—Life.

**NOTICE OF FINAL SETTLEMENT

1920, and show cause if any, why the
