THE M. E. PICNIC

Is On This Afternoon at
Bellmont Park—Gave a
Parade at One O'clock

THE DECATUR BAND
Engaged for the Event—
Hundreds of Children
and Grown-ups There

The children of the Methodist church were wearing happy faces this afternoon as they marched through the streets, led by the Decatur band, on their way to Belmont park, where they spent the afternoon picnicking, and enjoying the beautiful park.

The children and grown-ups assembled at the church during the noon hour and shortly after one o'clock a parade of several hundred children, marching through the streets, and back to the church again where the smaller ones were taken via auto, to the park. The picnic was in charge of the Sunday school superintendent, Charles S. Colter, and a number of assistants.

At the park there were a number of athletic games and contests in baseball, etc., and there was amusement for old and young, and as everybody at a picnic is in a happy frame of mind, shouts of joy rang forth from the tree tops and every nook and corner of the big park during the afternoon. At present time, if the weatherman is correct, there will be an old-fashioned picnic, and from the looks of the lunch baskets carried by the children and grown-ups, it is not likely that a single one of the crowd will go away hungry.

WHERE ARE THE FLIES?

Have you noticed this year that there are very few house flies? The matter has been brooded over at different times, and we cannot explain the cause unless it be that the people these days keep their premises much cleaner than a few years ago and then the persistent bite of the flyswatter. It is a known fact, however, that flies breed where there is uncleanness, and as people are beginning to adhere to the idea of anything being the least bit dirty, the fly cannot thrive where there is nothing for him to feed on. Some have advanced the theory that the fly is cold spring was responsible, but this has happened many times before and the flies came anyway. Anyway, we haven't very many of them this year, and the public appreciates the fact.

Miss Peterson made a business trip to Fort Wayne today.

The dinner was enjoyed. Following this some little time was spent in music and sociality, and later in the evening a trip was made to the amusement grounds at the "Sunney" park. It was a great trip, even if some of the members did get too much of the "whip." It was one o'clock the morning when the last detachment arrived in Decatur. Those in the party were Messrs. and Mesdames: O. Kirsch, Fred Kirsch, F. A. Redd, Dyke Tringer, Hugh Hite, Wesley Hoffman, Harry Helm, J. L. Stewart and Mrs. Maude Dorwin.

advised a minority committee report recommending that a similar house bill be passed. The senate was expected to take the pension bill from a committee today and there was expectation that it would be passed.

Another bill to be taken up by the senate was the institutional appropriation bill passed by the house late yesterday. The total of \$700,000 was increased about \$50,000 by house amendments. This measure was primarily the object of the special session and is to provide money for the state institutions until the end of the fiscal year.

Eight measures changing the election laws to make provisions for the women voters which have been placed before the special session will give way to one composite bill covering all the points embodied in the other eight.

The soldier memorial bill in the house was the subject of a public hearing in the house chamber in which speakers made impassioned pleas for a tribute to the memories of the former service men.

TO STOP COUGHING, SNEEZING, WHEEZING

Unreasonable spring weather left a number of people with colds. Now comes the danger of hay fever and asthma and more persons than ever will be coughing, sneezing and wheezing. No wonder there is a tremendous demand for Keweenaw and Tarr, that old reliable family remedy for colds, colds, hay fever, asthma and croup. It soothes and soothes that raw, rasping feeling in the throat, clears the passages and makes breathing easier. Sold everywhere.

GIRL KILLED IN STRIKE

Chicago, July 15.—(Special to Daily Democrat)—Chicago's street car lines were completely tied up by a strike of 50 electrical workers today. The strike became effective at 4 o'clock this morning. Efforts were directed to getting the stalled cars in off the streets and no attempt was made to haul passengers after the strike cut off current throughout the city.

An unidentified girl was killed and seven other persons seriously injured today in an accident resulting from the strike. A truck carrying thirty passengers to the business district collided with an iron street post. Three other persons were injured shortly after when an automobile taking passengers to the city from the West Side overturned.
