Entered at the postoffice at Decatur, Indiana, as second-class matter.

A little rain every day will save that water used in sprinkling the streets. Not so much lost but what there is a little gain.

Everything has become so scarce in the last year that it seems that there is a scarcity of files this summer and no one seems to regret it.

Two weeks from today the famous Mountain Ash Welsh Choir composed of fourteen Welshmen will give a concert at the Decatur Chautauqua. This concert is well worth the price of the season ticket.

The Forty-eighters were beaten in the convention held in Chicago yesterday for the purpose of starting a third political party and the reports have it that the country may see a new fourth party.

It is true that a few houses are being built in Decatur, but the demand is for ten times more than we have. A half dozen houses could be rented this week. Can't you figure out some way to build one.

It would be a blessing if this special session of the legislature would adjourn by Friday. It would save the taxpayer's money and would leave fewer laws for the supreme court to "knock out."

Why the appropriating of twenty thousand dollars for the second extraordinary session of the legislature if it is to be only a five day session? We doubt if the people will receive that much in return.

If the legislature passes a law legalizing the horizontal increases placed on property by the state tax board which section was held unconstitutional by the supreme court, the taxpayers will be prevented from getting that money rightfully due them.

Don't let your business lag during the summer. The people of today must eat, wear clothes and those who go to housekeeping must have furniture. Advertise what you have in your store and we'll wager that you find a buyer.

A third political party, called the "Farmer-Labor Party" was launched in Chicago yesterday and Parly Christenson, an attorney of Salt Lake City, Utah, was nominated for president. No doubt the question will now be, is Parly a Mormon?

Whether it is due to the season or the crusades conducted against them or that better sanitary conditions prevail, something has prevented the pesky flies from inhabiting this section of the country this year, which fact should encourage the keeping up of the "swat the fly campaigns."

Bellmont Park, the beauty spot of Hoosierdom, during Old Home Week and the Northern Indiana Fair will be a safe place for everybody. The fair management has made arrangements with the Pinkerton detective association to have a number of "plain clothes" men on the grounds and if a pick-pocket succeeds in lifting your watch or slipping your wallet, he'll have to be "slicker" than the Pinkerton's.

Labor is friendly to Governor Cox because he is a friend of the working man. He has always opposed any

deal or legislation that would cramp the man or woman who made their living by the sweat of their brow. Whenever disputes or differences arose between the employer or employee, Governor Cox upon taking the matter under consideration always settled the controversy satisfactory to both parties. Proof that he is an executive.

As governor of Ohio, Jimmy Cox gave that state a better legislative program than any state in the Union, secured under their respective governors. At the late election we regretted that the state line couldn't be shoved over and Indiana be given the advantage of his sane and sound business legislation. Through his efforts the state expenditures were placed on a budget system and the cost of government was reduced. No special sessions of the legislatures were held in Ohio for the purpose of appropriating money for the upkeep of the state institutions or the devising of a way for increasing the taxes of the people. He also succeeded in having a blue sky law passed for the purpose of encouraging proper investments and to protect investors against fraudulent securities. His administration has strictly been a business one and today Ohio stands out as one of the most progressive states in the country. Governor Cox is the right man for president.

It seems not only that everybody in this country is going somewhere, but that they all want to travel in Pullman palace cars. The day coach is not popular at this time. Many roads are actually leaving them off and using only Pullmans in the trains. Nor does the extra fare charged upon certain fast trains keep them from being patronized. "The king of England couldn't get a berth to the Adirondacks this weekend," said a railroad man in New York. In commenting upon the luxury of travel these days. "The Twentieth Century Limited, which used to run in one section, now runs three or four. The Lake Shore and the Wol-

verine run three sections. These are extra-fare trains, remember — all Pullman cars. The regular trains with day coaches run half-filled." This condition is not peculiar to New York and the East. It is the same out this way. Everybody who travels seems to have money enough to pay for a seat or berth in a palace car. Lunch boxes are not carried as they once were, either. All go to the diners for their meals. Nobody tries to save a penny; nobody seems to pay any attention to expenses. Even the tramps who used to be content to ride between the bumpers evidently have the means to pay for a first-class passage. Poverty is not visible about the railroad stations; want is not heard of as one travels from place to place. Luxury is the order of the day.—Columbus, O., Dispatch.

MADE A CHANGE IN HER

Mrs. L. Gibson, 12th & Edison St., La Junta, Colo., writes: "My kidneys were giving me a great deal of trouble for some time and I took Foley Kidney Pills and they helped me right away. They made such a change in me that I feel fine." Foley Kidney Pills promptly relieve backache, rheumatic pains, sore, swollen or stiff muscles and joints. They put the kidneys and bladder in sound, healthy condition. Sold everywhere.

TO HOLD SHOOT

(United Press Service)
Indianapolis, July 15—From every part of Indiana, the best rifle and pistol shots will go to Ft. Benjamin Harrison July 19-22, for the state rifle association annual outdoor contest. Adjutant General Harry B. Smith has been receiving entries from various rifle clubs in all parts of the state during the last three weeks. From the number of entries, it would seem that this year's championship matches will be the most successful in the history of the competition. The entries closed today.

The purpose of the state rifle matches is to select through competition a team to represent the state at the national matches at Camp Perry, O.

All riflemen attending the shoot will be furnished transportation. They will be provided quarters and "mess". Rifles and ammunition will be supplied free.

will be representatives of all sections; it is indicated by the entries.

Monday, July 19 will be devoted to practice firing. A night school will be held at which "Old Heads" will discuss the fine points. Tuesday the program of the national shoot will be followed.

War in Mexico must be a very insipid affair compared to the kind Sherman once referred to in language that has become famous.

Talk About Light Weight COOL SUITS!

EASY-BREEZY

Kool Kloth and Palm Beach

\$10.⁰⁰ TO \$28.⁰⁰

—Not only light and cool—but ideally dressy for the hottest weather, skilfully fashioned for smart style and permanence of fit and shape-keeping. They're just what best-dressed men want—and are buying! Get Yours!

YOUNG MEN'S Cool Cloth Trousers

Also in Palm Beach—just fine for Vacation Wear ... \$3.50 to \$10

JUST IN Silk Shirts To Sell At

New and well fitting in the snappy patterns young fellows like \$7.50

Children's Wash Suits \$2.50 to \$4.50

VANCE & LINN

"Right Clothes at Right Prices"

THE LARGEST TUNNEL

The construction of the longest tunnel in the world is contemplated to be constructed under the Hudson river connecting New York and New Jersey. There are many tunnels large enough for a railroad train to go through, but this tunnel will be large enough for several automobiles to pass each other. The tunnel as planned is more than a mile in length and thirty feet in diameter. The ventilation problem is taken care of by a elaborate system of pipes which force in pure air and let the bad escape. It is estimated that 6,046 vehicles can pass down Fifth avenue in 22 hours.

The man who is so constituted that you would be willing to do most any selfish-standpoint, it is worth while to try to make happy those you associate with.

THE MYERS-DAILEY COMPANY'S GOING OUT OF BUSINESS SALE Still On The Firing Line

Notwithstanding the Terrific Bombardment of the Past Three Weeks, There Is Still a BOUNTIFUL SUPPLY OF GENUINE BARGAINS In Men's and Boy's

Clothing and Furnishings

OUR Patrons are coming miles and miles to participal in these wonderful Savings in Quality Suits, Overcoats and Furnishings, making Myers-Dailey Co's. Closing Out Sale "Famous" for "True Economy". Come! Get yours! The time is short but the SAVINGS ARE GREAT!!
