House Passes Tax Legalization Bill

(Continued from page one)

to the house for further action by that body.

The senate voted solidly in favor of the bill, but Senator Elsner, minority leader, explaining his vote, bitterly arraigned the Goodrich administration for what he termed its extravagance.

Among the items added to the deficiency appropriation bill by the senate was one of \$500,000 re-appropriating that amount for the use of the state highway commission in building roads. Another item added to the bill was increasing the appropriation of the school for feeble minded youth at Fort Wayne from \$50,000 to \$100,000.

If the house refuses to concur in the senate amendments the bill will go to a conference committee representing both bodies.

With the approval of the appropriation bill by the senate and an agreement in sight on tax legislation the leading legislators became restive today and expressed a desire to return to their homes without further delay.

That the special session will be brought to an end by Saturday night seemed to be a growing belief and desire today. Both republicans and democrats were working to this end.

Lieut. Governor Edgar D. Bush said, "If these fellows want to go home as I think they do, we will have to work hard. I will do all I possibly can to assist them so that we may go home by Saturday night."

Senator Elsner, Minority leader said the democrats would cooperate in the plans for a Saturday night adjournment.

The burglar's wife in the witness box and prosecuting counsel was conducting a vigorous cross-examination.

"Madam, you are the wife of this man?"

"Yes."

"You knew he was a burglar when you married him?"

"Yes."

"How did you come to contract a matrimonial alliance with such a man?"

"Well," said the witness sarcastically, "I was getting old and had to choose between a lawyer and a burglar."

The cross-examination ended there.

WANTED—Family washing or piece washings. Would rather have those who do not prefer ironing done. Phone 925. 167-41

Mecca Theatre TONIGHT

"WHEN DOCTORS DISAGREE"

A five-reel Goldwyn production featuring the famous comedienne,

Mabel Normand.

She took a correspondence course in love. The beauty quacks thought she was an easy mark and made her the walking advertisement for all the fake brands of cold creams and pink powders on earth. Then Millie got next to herself and something terrible happened when the Doctor's, Disagreed. If it's a Goldwyn it's got to be good.

Also, the next episode of the famous serial, "The Mystery of 13," featuring Francis Ford and Rosemary Theby. Don't miss it.

WAS NOT A 'FLUKE'

Says Writer of Shamrock Victory—Resolute Ready for Second Lap

(United Press Service, (By T. D. Scott, Noted Yacht Expert) New York, July 16. — (Special to Daily Democrat)—The victory of Shamrock IV over Resolute in the first race for America's cup yesterday is generally regarded as a "fluke" victory, but it should not be.

By analysis it would seem that it was a victory of a sloop of superior construction over a too finely rigged yacht.

That much was strikingly evident and it bears out the opinion formed during the trial races when Resolute had three serious mishaps that she was only a light weather boat and lacked strength.

Beyond proving that she is "better put up" the Lipton challenged had little opportunity of showing her other virtues.

New York, July 16. — (Special to Daily Democrat) — Resolute, America's cup defender, will sail the second race of the series tomorrow against Shamrock IV, the New York Yacht club announced today.

The broken throat halyard, which caused Resolute to withdraw from the first race yesterday, with an almost sure victory in her grasp will be displayed today.

Displaying sportsmanship characteristic of him, Sir Thomas Lipton was reluctant to take credit for a victory won on which he termed a fluke.

The New York Yacht club refused to consider such a protest.

When it was pointed out that the first Shamrock was forced to withdraw by an accident in the race against Columbia in 1899, the Irish baronet agreed to accept the race as a victory for his green cup hunter.

Charles Francis Adams, skipper of Resolute, explained the accident which caused him to lose at the turning point of the 30 mile race when he had nearly a five minute lead over the challenger.

Nancy was saying her prayers. "And please, God," she petitioned, "make Boston the capital of Vermont."

"Why, Nancy," exclaimed her shocked mother, "what made you say that?"

"Cause I made it that way in my examination."

A Day's Outing

(Continued from page one)

proved by the membership committee would be present at the next meeting. The program was then turned over to Charles Christen and Dan Beery. Mr. Beery's talk was short but sweet, he informing the club that on November 25th he would be in the horse sale business forty years and that on that day—it falls on Thanksgiving—he would entertain the club at his home. Mr. Beery shipped his first car of horses from this city on November 25, 1880.

Mr. Christen read a paper on the plumbing business which was very interesting and proved beyond doubt that the "poor plumber" was a man who was greatly abused. His talking was interesting and full of educational facts in that line of business.

The next meeting will be held on Thursday evening.

Ride on Goodyear Tires in That Sturdy Small Car of Yours

It surprises certain users of small cars to find that they can obtain Goodyear Tires at a first cost ordinarily not greater, and sometimes less, than that of other tires.

This initial value, as well as the very low final cost, results from the application of Goodyear experience and care to their manufacture in the world's largest tire factory devoted to 30x3, 30x3½ and 31x4-inch sizes.

Such facts explain why more cars, using these sizes, were factory-equipped last year with Goodyear Tires than with any other kind.

If you drive a Ford, Chevrolet, Maxwell, or Dort take advantage of the opportunity to enjoy real Goodyear value and economy; equip your car with Goodyear Tires and Heavy Tourist Tubes at the nearest Service Station.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread... \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size in waterproof bag... \$4.50

GOOD YEAR

If You Are Looking For A Good Used ..FORD CAR..

Read These Specials---Then Investigate

- 1 1920 Ford Touring, like new. Out three months. A bargain.
