TO STOP COUGHING, SNEEZING, WHEEZING

Unseasonable spring weather left a number of coughs and colds. Now comes the time of hay fever and asthma and more persons than ever will be coughing, sneezing and wheezing. No wonder there is a tremendous demand for Foley's Honey and Tar, that old reliable family remedy for coughs, colds, hay fever, asthma and croup. It heals and soothes that raw, rasping feeling in the throat, clears the passages and makes breathing easier. Sold everywhere.

Senate Passes

Memorial Bill

(Continued from page one)

promise between the different factions within the senate.

Under the provisions of the senate bill, the state tax board is required within ten days to certify to all counties all data connected with the horizontal increases. Then the county boards of review shall conduct a review and re-assessment and then certify the findings to the state board for an equalization by counties over the entire state.

New levies for the remainder of the year shall be fixed on the basis of new valuations and local authorities are empowered to borrow money in case their funds are depleted. It also legalized recent bond issues, which may be impaired by a general lowering of the valuations. This, in the opinion of some senators, is to prevent the board of review from entirely disregarding the horizontal increases.

RESTAURANT TO OPEN

Harvey Devinney of the Madison hotel announces in an Ad. in today's paper that the dining room and restaurant at the hotel will be opened Monday at 11:30. Mr. Devinney will make a specialty in the serving of meals, and it is quite likely that Madison House will soon be one of the popular places in northern Indiana. Mr. and Mrs. Devinney will personally look after their patrons, and they will attempt to have everything as near perfect as it is possible to make it. All new furnishings have been in stalled, and the entire hotel presents a very neat appearance.

Race on Monday

(Continued from page one)

ing for to make a real test for the two racers.

The next race will be sailed on Monday.

Due to the 25 knot wind the two yachts came to the starting point under small canvas. Resolute did not hoist an upper sail and had no foresail set. Shamrock had two working topsails.

MADISON HOTEL WILL OPEN

Young Man, Car And Money Gone

(Continued on page three)

the garage for a week previous to going to the Murray house, which fact gave him an opportunity to get the lay of the ground there, gives rise to the belief that he took the machine. It would be an easy matter for him to get away, especially by watching the action and location of the night men employed there, although precaution is always taken to prevent anything of the kind. Machines are always moving in and out of the building, and no one would notice the fact because a motor was running. The Thomas Overland was insured, and besides turning the facts over to the officials this afternoon the insurance company was notified, and it is hoped to get some trace of Allen from one charge or the other, as two affidavits will stand against him.

When the proprietor and guests at the Murray house called at the desk for the clerk this morning, that individual failed to answer, and an investigation revealed the fact that he had departed some time after the midnight trains had pulled out, taking with him the sum of \$47 and a carton of cigarettes from the hotel, and Wiley Austin's army overcoat. Two registers and the keys are also missing.

Allen blew into town three days ago, claiming to be an ex-soldier, and that he had had some experience in hotel work, and Mr. Kohn put him to work. He performed his duties well, the first two nights and the hotel proprietor was congratulating himself on the fact that he had a good night man. Hence his surprise this morning to find that he had disappeared was all the greater.

The matter has been turned over to the police, and they are making every effort to locate him. There is no clue, however, as to which way he went.

To Accept Award

(Continued from page one)

time, John Grunau, president was instructed to dicker for settlement without yielding this point.

Federal action against the outlaw organization was seen today in the issuance of 60 subpoenas for railroad officials and union men to appear before the federal grand jury here Wednesday. The jury will consider the outlaw strike situation and the arrest of Grunau and other leaders for alleged violation of the Lever law.

The railroad wage board today continued hearing demands of railroad expressmen for increased wages. The company has indicated it favors an increase. The board expected to complete hearings early next week.

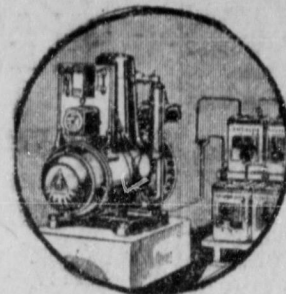

HIS THIRTY-THIRD

Yesterday's hero—Babe Ruth, the colossus of swat. He hit his 33rd homer and helped the Yanks give the Indians the third trimming in a row and hop into first place by a score of 6 to 2.

KEEP UP TO THE MARK

Good health is impossible when the kidneys are weak, overworked or diseased. When they fail to filter out of the poisons and impurities that cause sore, swollen muscles and joints, backache or rheumatic pains, prompt steps should be taken to give the kidneys and bladder the help these symptoms indicate they need. James Carmichael, Mayfield, Ky., writes: "I am in good shape and can say I found Foley Kidney Pills certainly fine. I can't say enough for them." Sold everywhere.

## URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of Influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arceine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people

who don't know about this simple remedy to be constantly sniffing and snuffing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arceine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and snuff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

is the dentrifice that contains the properties recommended as ideal by United States Army Dental Surgeons

## The Time Clock
