

RECIPE FOR SCOTCH

New York.—Lord Dewar, who is a guest of Sir Thomas Lipton, declares that the rich and racy flavor of real scotch whiskey can be produced by burning peat under the barley mash used in this historic beverage. The latest quotation of the "white label" is \$2.62 with the tax. But that is in England.

27.2 Miles a Gallon Atlantic to Pacific

Piloted night and day for seven and one-half days by 25 drivers who never before saw the car, a stock Overland wrote ECONOMY across the country. Over all kinds of roads for 3442 miles it averaged 27.2 miles per gallon of gasoline; 1721 miles per gallon of oil. The entire trip was made with the original tire equipment. Again, as in hundreds of great tests, Overland alloy steels and *Triplex* Springs made possible the record of this light-weight car.

SHE CAN TRUTHFULLY SAY—

Hay fever, asthma and bronchial coughs yield to the soothing, healing properties of Foley's Honey and Tar Compound as quickly and surely as do ordinary coughs, colds and croup. Mrs. Geneva Robinson, 88 N. Swan St., Albany, N. Y., writes: "I tried Foley's Honey and Tar and results encouraged me to use more. I can truthfully say it is the best cough medicine I ever used. Two bottles broke a most stubborn, lingering cough."

A Printer Saw the Possibilities

The Printer looked at the financial statement of a large New York Bank and asked permission to change it from a mere mass of figures to an advertisement worthy of the institution issuing it.

Formerly the printed statements had been mere reference sheets, seldom read by anyone not intimately concerned with the welfare of the Bank.

The type was changed—a different paper was suggested—copy was added—cuts were used, and a 112% increase of results could be traced to this job of printing.

What a New York Printer did for this Bank can be done for you—for your business or industry, no matter what your business is.

The skeletons of old printing jobs that are gathering dust on closet shelves are merely examples of work that an up-to-date progressive printer can turn into printed salesmanship.
