Register next Saturday and qualify to vote. The men and women over twenty-one years are eligible.

Build a house in Decatur. A dozen have agreed to do so and that number of volunteers should be doubled within a week.

Register Saturday, September 4th and vote in November. It is a duty you owe yourself and your country. Those who help to select the officials are the citizens who care about the laws passed.

Governor Cox spoke to two hundred thousand people at New York Saturday, breaking all records and it was so enthusiastic that predictions of a sweeping victory in November are now being made.

Mr. Harding is in favor of reestablishing the Hague Tribunal, an international court which has been in existence for years, was in session when the world war broke out and means nothing, except expense and trouble. His ideas are weak and will not work.

Dodger Harding side stepped 1,143 votes on the liquor question during

his career in the senate, voted wet thirty times and spoke against war time prohibition, a fine record to boast about. We presume that is the record upon which the "Harding and the home" slogan was framed.

And now we shall see whether the American people are for sale, whether a huge campaign fund which permits unlimited publicity, policy bets and other forms of advertising is sufficient to put over candidates, admittedly weak on a platform that means nothing but control.

The American people have never been so prosperous or had so much pleasure out of life and we should think they would hesitate before they vote to permit the government to slip back into the hands of those who are able to expend millions of dollars to secure control. They are not doing it for the fun of the thing but for business reasons. Ninety per cent of the people should not permit ten per cent to control them.

What does "Home, sweet home" mean to you? It ought to mean that you will boost and help your home town and your home county. The way to help Decatur at this time is to build a house. We need a hundred, not of the fancy kind but just good, convenient homes that will rent at a price that can be paid by the average worker. It can be done and we should get busy and do it.

It is said that the "slushmen" for the republican party who have visited Decatur recently unblushingly announce that the quota for Adams county is \$5,000, a rather snug sum to be raised here even in these days of prosperity and if true the Cox indictment that fifteen million is to be raised in the United States is far too easy. The republicans of Adams county who have been "touched" very probably believe the charges made concerning the fund.

Harding stands for a new Hague Tribunal but the people may want to know just what frills are attached to it and how it will effect this country.

Increased taxes may be necessary but not to provide jobs for a lot of highwaymen who sit in easy chairs and permit the roads of the state to go to pieces.

If five thousand dollars is used by the republicans of Adams county it ought to be easy for every voter to get a job. Wonder what has become of the corrupt practice law which they used to talk so much about?

Senator Harding may be a great politician and statesman but his speeches do not show it and his record does not prove it by any means. Those who support him assume a grave responsibility.

If we can add a hundred new houses to Decatur during the next six months we can increase the population five hundred or more. That means a lot for the community. If you can build a house, do it.

Taxes in Indiana next year will be the largest ever known and by long odds. And this after promises that the taxes heretofore charged were exorbitant and would be reduced. The money and would be reduced highway commission and other fancy boards at Indianapolis. How long do you propose to permit this? We have an idea there will be a change in the state administration after next January for the people know what has been done and just how.

MARRIAGE LICENSES

County Clerk Kelly and his deputy issued three marriage licenses since Saturday, as follows: Carl W. Amstutz, mechanic, Berne, born June 13, 1898, son of Peter Amstutz, to wed Elma Roth, Geneva, born January 5, 1901, daughter of Christian Roth; Tilman F. Soldner, dentist, Berne, born May 1, 1887, son of Samuel Soldner, to wed Meta S. Neuenschwander, Berne, daughter of Christian A. Neuenschwander; Oren Mainard Gilpen, draftsman, Decatur, born August 29, 1895, son of Reuben Gilpen, to wed Inez Marie Hays, stenographer, born April 2, 1898, daughter of Clarence Ross Hays. Another gentleman appeared at the clerk's office this afternoon for a marriage license, but he neglected to bring his intended bride, and he hurried off to get her.

BIG CROP OF HAY FEVER JOKES

But Kentucky Man Says People Who Belong to Hay Fever Colony Are Kidding Themselves.

Wouldn't Be Any Hay Fever If Simple Home Remedy Was Given a Chance.

"Yes, there's a real NINETY-NINE per cent effective remedy for hay or rose fever," frankly states a druggist in a prosperous Kentucky city.

"But I don't expect anyone to believe me, because the treatment is so easy and the cost not worth mentioning."

"The annual crop of Hay Fever jokes would be mighty scarce if people would get three-quarters of an ounce of Mentholated Aroline, and by just adding water that has been boiled, make a pint of liquid that will prove a real help to all who suffer."

"Many of my Hay Fever friends tell me that by starting to gargle and snuff spray the nostrils a few times a day the expected severe attack often fails to appear, and in cases where it does show up, is very mild and does not annoy."

"It's the same way with Rose Fever. The Better Class of Pharmacists who dispense Mentholated Aroline say that it will greatly modify any attack, even when taken three or four days after hostilities begin."

"Go to a real live druggist when you get ready to make a pint, for up to the present time there has been little demand for this friendly medicine. Mentholated Aroline is now in this market. It is possible that your druggist has not supplied himself, but he can get it for you from his jobber, who has a large supply."

Neglect Keeps Doctors Busy

An eminent physician once said: "Were it not for people who neglect the early symptoms of disease, many doctors would have to find a new way to make a living."

Every winter doctors are busy caring on grippe and pneumonia patients because the first symptoms of colds were neglected.

Watch out for a cold this year. At the first sneeze and sniffle take Lightning Laxative Quinine Tablets. You'll stop the cold and feel like a new person in 24 hours. Never gripe or sicken. Druggists guarantee them.—25c a box.

Those present were Mr. and Mrs. Henry Marbaugh and son, Mr. and Mrs. Francis Marbaugh and children, Mr. and Mrs. Ivan Johnson, Mr. and Mrs. Rudy Heffner and children, Mr. and Mrs. Ollie Wolfe and son, Mr. and Mrs. Clark Gillespie, Mrs. Betty Meyers and children, Mr. and Mrs. Frank Meyers and children, Mr. and Mrs. Sam Liniger, Mr. and Mrs. Joe Hunter, Rev. Johnson and family.

Mrs. Veronica Smith and daughters, Celia, Anna and Maggie of North Third street, entertained a party of friends who motored here yesterday. A delicious twelve o'clock dinner was served and the afternoon spent in a social way. Those who were in the motor party were Mr. and Mrs. Carl Elhinger and son, Sebastine, of New Haven; Mr. and Mrs. Ed. Fehlink and children, Marcella and Eugene of New Haven, Esther, Arthur and Hubert Humber of Rock Island, Illinois; Mr. Herman Bauer of Fort Wayne and Mr. and Mrs. Charles Lang of this city. In the evening the party went to the home of Mr. and Mrs. Charles Lang where they were entertained at upper.

The home of R. E. Gilpen east of town was a scene of festivity Sunday when the birthdays of their three sons, Oren, Harold and Forest, were celebrated. Oren's and Harold's birthdays fall on the twenty-ninth, while Forest's falls on the twenty-seventh, so all three were celebrated Sunday. Mrs. Addie Andrews, whose birthday comes on the twenty-seventh, was also a guest of honor. The forty guests came with well-filled baskets and a very enjoyable day was spent by all in spite of the rain in the morning.

Getting More Gasoline

DEMAND FOR OIL
GROWING FASTER
THAN PRODUCED

Washington, D. C., June 29.—[Special].—Production of gasoline increased 1,552,990 gallons daily, or 15 1/2 per cent during the first four months of 1920, according to a statement issued today by the bureau of mines. As against this increase in production, however, the domestic consumption of gasoline increased 2,148,980 gallons daily, or 25 per cent.

(From an article Chicago Tribune, June 30, 1920.)

THIS epitomizes the situation accurately. It also indicates how great is the task of the Standard Oil Company (Indiana).

But fuel for automotive power must be supplied. Especially is this true in the territory served by the Standard Oil Company (Indiana), because in this area—the bread-basket of the nation—so large a percentage of the gasoline is consumed in producing food.

Take away—even cripple—the automotive power on the Middle West farms and food prices will soar because of decreased production.

The power-driven tractor is the only means by which the farmer can cope successfully with the shortage of man-power.

By extensive research and intensive application the Standard Oil Company (Indiana) has increased the yield of gasoline from crude to the greatest degree yet known. But it is not satisfied.

The Company is striving to further increase the yield so that the use of the tractor, truck, the automobile, and the stationary gas engine may be used freely and without restriction.

It is apparent that the Standard Oil Company (Indiana) by increasing the yield has exerted, also, a downward influence on the price of gasoline.
