REGISTER SATURDAY AND QUALIFY TO VOTE IN NOVEMBER. EVERY MAN AND WOMAN WHO WILL BE TWENTY-ONE YEARS OLD BY NOVEMBER 2ND AND HAS LIVED SIX MONTHS IN THE STATE, SIXTY DAYS IN THE TOWNSHIP AND THIRTY DAYS IN THE PRECINCT IS ELIGIBLE. DEMOCRATS, GET BUSY.

After all the investigating of campaign funds have been completed, the republicans will have far the greatest totals and that will be their hope for victory. If they can by spending millions on publicity and organization win the battle, they will do so but if the people know what is best for them they will continue in control of affairs. There is no doubt but that the laws enacted the past eight years have been for the people. That's why the interests are now trying to get back in power. It's the same old game and the people should realize that the present prosperous condition has not just happened but came because your affairs have been safely safeguarded. If you change it, you must pay the bill eventually. Do you want it that way?

It's expected that a certain amount of politics will be discussed during the next two months. It can't be any other way in this country, but it is not necessary that we get excited or forget business or stop boosting for the home town and the community and those things that will help. After all we are citizens where there are many things to do in that capacity.

Every citizen entitled to vote in November and that includes all men and women who will be over twenty-one years of age November 2nd, should register next Saturday. That qualifies you to exercise your rights. Democrats should see that the men and women of their party do this. It is important.

Watson is attempting to make the price of sugar an issue in the campaign, placing the blame for the high cost on the Wilson administration. If the senator was inclined to the truth he might elaborate on the subject and tell why the republican congress smothered President Wilson's request for authority to purchase the Cuban sugar crop until after it had been sold to European merchants. No amount of G. O. P. oratory can dispute the facts as presented by the Congressional record.

"If Col. Roosevelt were alive today, I would be speaking for him rather than for myself as the nominee for the presidency," said Senator Harding in a recent "front porch" speech. We wonder if he would repeat his previous assertions that the colonel was the "Benedict Arnold" and the "Aaron Burr" of the republican party.

In a recent address Senator Watson voiced the belief that if the United States had entered the league of nations, American soldiers would now be fighting on the Polish front. If this is true, why not Canadian boys over there, for Canada has ratified the covenant?

A good many fellows just now are pretending to be for Harding who will be delighted after the returns are in and he is defeated for they know he is wobbly and unsafe and controlled by the interests opposed to them. Politics makes strange fellows and is certainly a queer game.

Willie Hays is like the man who yells out before he gets hurt. He issued a denial of Governor Cox's charges of a huge republican slush fund before the nominee made them public. Hays had made up his mind beforehand to label anything the governor said as false.

LESSON FOR SEPTEMBER 5

THE BUILDING OF THE TEMPLE.

LESSON TEXT—I Kings 6:1; 8:66.
 GOLDEN TEXT—Mine house shall be called a house of prayer for all people.—Isa. 56:7.

ADDITIONAL MATERIAL—II Chron. 2:1-17.

PRIMARY TOPIC—God's House.
 JUNIOR TOPIC—Solomon Builds the Temple.

INTERMEDIATE AND SENIOR TOPIC—Putting Our Best Into the House of God.

YOUNG PEOPLE AND ADULT TOPIC—The Value of a House of Worship.

I. Solomon's Preparation (5:1-18).

He secured from King Hiram:

1. Wood for beams, ceilings, sheeting, and chambers around the holy house.

2. Stones for the great foundation. These were secured from the Phoenician quarries and also from the mountain upon which the temple was built. They were so shaped that when the temple was erected there was no sound of a hammer heard.

3. Skilled workmen. Among the Israelites were not to be found men skilled in this kind of work, so the king arranged with Hiram to furnish capable men.

II. Solomon Building the Temple (6:1-38).

1. The location—Mount Morah (II Chron. 3:1). This was a suitable location, as it was here that the Lord appeared to Solomon's father, David.

2. The dimensions and materials. "If a cubit was 18 inches, the temple proper was 90 feet long, 80 feet wide and 45 feet high."

3. The contents: (1) Brazen altar; (2) laver; (3) golden candlestick; (4) cherubim.

III. The Dedication of the Temple (8:1-66).

The dedication of the temple was arranged to take place at a very favorable time. The success of an undertaking is largely determined by the time in which it is held. This was arranged to take place at the most joyous of the several representative gatherings of the Jews. The dedicatory services consisted of the following:

1. Bringing up the ark (vv. 1-11). The ark was God's dwelling place. The ark with the two tables of stone under the mercy seat shows God manifesting himself with his people on the ground of a law perfectly kept and sins atoned for by the shedding of blood. Following the completion of the sacrifice, the temple was filled with the glory of Jehovah.

2. Solomon's address to the people (vv. 2-21). He pointed out to the people that God had chosen David to be king, yet for certain reasons did not allow him to build the temple, but promised that his son should do the work. Now that the work was done, the temple was built, and the ark of the covenant was in its place, they could be assured that God had raised him up in the room of his father.

3. Solomon's dedicatory prayer (vv. 22-53). The ark having been placed in a most holy place, and the address to the people having been ended, the king pours out his soul to God in prayer. In this prayer Solomon gratefully acknowledges God's goodness in the past, giving glory to him, and pleads that his promise to his father be verified (vv. 22-26). He prays that God's eyes may continually be opened towards the temple which he had now taken possession of (vv. 27-33), so that (1) in case of contention between parties he would judge between them (vv. 31-32); (2) in case of being smitten by the enemy, even though they had sinned, upon confession of the sin, God would forgive and restore (vv. 33, 34); (3) in case of famine as chastisement for sin, upon confession and prayer before the temple, God would forgive and send rain (vv. 35, 36); (4) in case of pestilence and sickness, if they prayed to God toward the temple, God would hear and forgive (vv. 37-40); (5) in case of the coming of the foreigner, who comes at the news of God's greatness, praying toward Jerusalem, his prayer should be heard (vv. 41-43); (6) in case of going out to battle, their cause should be maintained (vv. 44-45); (7) in case of being in captivity because of sin, God would hear their prayers and restore (vv. 46-53).

4. Solomon blesses the people (vv. 54-61). On the strength of the covenant promises, he invokes God's presence always to be with them and to keep them faithful, and exhorts the people to have their hearts perfect before God, walking in his commandments and statutes.

5. Solomon and the people offer sacrifices of thanksgiving (vv. 62-66). The joy of the people was full; they blessed God and the king.

 Washington, Sept. 2.—(Special to Daily Democrat)—Secretary of the Navy Daniels today announced he will make a campaign speech at Indianapolis Labor day. The greater part of next week will be spent by Daniels in a speaking tour of the rest of Indiana.

FARMERS AGAINST PLAN

(United Press Service)
 Columbus, Ohio, September 2.—(Special to Daily Democrat)—The national board of farm organizations here today voted disapproval of a resolution designed to have farmers take over 2,500 cooperative elevators throughout the country and form a gigantic wheat pool.

A committee from the board today will see Governor Cox to ascertain his views on agricultural problems and will see Senator Harding at Marion Friday.

Nearly 10,000 acres of forest are consumed daily to supply pulp for paper manufacture.
