Clothing CompanyPROTECT YOUR CHILD  
—AND OTHERS

The beginning of school brings coughs and colds to many children. At the first sign of a cold it is well to give a child a dose of Foley's Honey and Tar Compound, that safe, reliable cough medicine. Mrs. J. B. Phuimers, 246 Autumn St., Passaic, N. J., writes: "Foley's Honey and Tar certainly is the best cough and cold remedy I ever tried for my little boy." Children like it. Good for coughs, colds, "croup," whooping cough, hay fever and asthma. Sold Everywhere.—Adv.

## THE AMERICAN PRUNE ABROAD

The American prune evidently gained the permanent friendship of the Europeans during its war experiences. The quantity exported from the United States in the first fiscal year after the war, the year ending June 30, 1920, was double the average of the war period and the value in 1920 two and one-half times as much as in 1919 and five times as much as in 1918. Most of this big increase in the ex-

portation of prunes, says a statement by The National City Bank of New York, occurs in the movement to Europe from which we adopted the prune half century ago and have acculturated it and developed its production until the United States now produces not only more than Europe, but, in fact, more than all the world outside of our own country. France, Italy, and the Danubian area were the world's chief producers of prunes until the adaptability of the Pacific coast soil and climate to its production and curing became apparent, and the production of prunes in California, Oregon, and Washington reached 100,000,000 pounds in 1900, 150,000,000 in 1919, 210,000,000 in 1920, and approximately 350,000,000 in 1919, valued at \$40,000,000 at the place of production.

In Algiers no fewer than three Sabaths are observed during the week—on Friday that of the Mohammedans, on Saturday that of the Jews, and on Sunday that of the Christians.

**Fordson**  
TRADE MARK  
**Farm Tractor**

When Henry Ford set about building the Fordson tractor he had a thorough understanding of just what it should be and what it should do. His early life on the farm gave him a deep insight into the daily life of the farmer; his mechanical genius saw the type of tractor needed. He began work on a farm tractor thirty-five years ago, and for more than twelve years he experimented over more than 7,000 acres of land in different kinds of soil, with different crops.

So he built the Fordson. It is so simple that a schoolboy can operate it. It is low in first cost. It is lowest in operating cost and Fordson parts and Fordson service are always to be had promptly from the dealer.

The Fordson is a profitable investment. It can be used every working day in the year. It is an inexpensive power plant that will lighten your farm work. It has proven its worth on more than one hundred thousand farms not only in operating implements in the fields but in belt and pulley work. And it doesn't eat when idle.

Don't delay ordering your Fordson tractor. The demand is greater than the supply.

Last Time Tonight

"DR. JEKYLL &amp; MR. HYDE"

The big five-reel super-production featuring the celebrated screen star,

SHELDON LEWIS

Can a man live two lives, change his body and soul from good to bad? A picture that will appeal to you and one of the old favorites. A play you will like and one that will long be remembered. Ask your friends about it and then see for yourself. It shows for the last time tonight at the same old price, ten and fifteen cents.

**DEMOCRAT WANT ADS GET RESULTS****CRYSTAL THEATRE**

TONIGHT

"FORBIDDEN TRAILS"

A William Fox production

featuring the famous western star,

BUCK JONES

Fun—there's plenty of fun, too—real comedy that crops out at frequent intervals. There's no slapstick. Buck Jones, a genuine cowpuncher, is a very good comedian himself when a situation demands this; although there are several funmakers in the cast. Great stunts! adventure! romance and a combination that spells action of the healthiest sort.

Also—"Fox News," the mightiest of all.

**Watches For  
School-College Days**

Just the style that would appeal to the young Man or Miss who has already shown signs of appreciation of better things and knows how to take care of them.

Dependable American and European Watches Cased, in moderately thin models, in both pocket and strap styles for the young Man, and the ribbon style for the young Miss. Sharp, clean-cut designs that any Fellow or Girl would be particularly proud to display on the Campus or at the Frat Dances.

What is of paramount importance, is that the name of PUMPHREY is a promise of Quality, Dependability and Moderate Price.

May we show them to you, to-day?

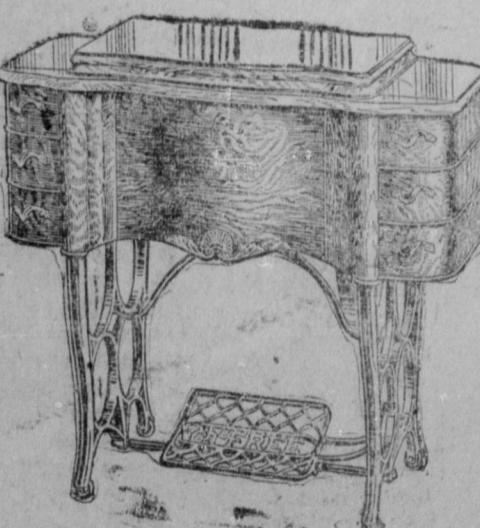

**Many Women Have Taken Advantage of  
Our Great "SPECIAL" Offer  
of Sewing Machine Which We are  
Making This Week****The Free**  
SEWING MACHINE

We are going to offer the world renowned "FREE" Sewing Machine to our friends on the most liberal terms. This unusual offer closes positively at 9 o'clock Saturday evening, Sept. 11.

**Special Allowance Offer**

\$12.00    \$12.00    \$12.00

Is the allowance we will make for your old sewing machine, regardless of its make, style or condition, towards the purchase of either of the "Free" models.

Consider for a moment the savings you can effect when you make your own garments and those of your family. Before you have finished payments on your machine—you will save more than the entire cost of it—and you have the satisfaction of knowing that you own a Quality Machine—one that will give you lifetime service—instead of the old, unsightly appearing machine of by-gone days.

Come in and let a factory demonstrator, Miss Walters, tell you all about it. Tell her your sewing troubles. She will help you.
