

WELL DRESSED WOMEN
Are most particular regarding the appearance of their feet. And properly so since an ill clad foot immediately destroys the general effect of the most elegantly attired woman.
Shoes which we offer for your consideration this season will satisfy even the most fastidious dresser. They will not only hold their shape but will give to the wearer the use which goes with the proper fitting and proper looking shoes.

THE BEST ON EARTH

Says Mrs. Staples of Lydia E. Pinkham's Vegetable Compound.

Taunton, Mass.—"I could not eat or sleep for six months, had fainting spells and could not walk without help for three months, caused by female trouble. My cousin, who was a doctor, told me to take Lydia E. Pinkham's Vegetable Compound and it helped me greatly. Then during the Change of Life I used the same remedy. I am doing my own housework and walk one mile to church every Sunday morning and evening. I am recommending the Vegetable Compound to my friends having the same troubles as I had. Your remedy is the best on earth. I cannot find words to express my gratitude to it."—Mrs. SUSAN C. STAPLES, 157 D School St., Taunton, Mass.

The reason that thousands of women from all parts of the country write such grateful letters is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and illness.

It has relieved women from some of the worst forms of female ills, such as displacements, inflammation, and ulceration. Why don't you try it?

Change in Law

(Continued from page one)

shall appear on the ballot is as follows:

"The devise named and list of candidates of the party which cast the largest number of votes for secretary of state at the last preceding general election shall be placed in the first column on the left-hand side of said ballot; and of the party that cast the second largest number of votes for secretary of state at the last preceding general election in the second column; and of any other party in the same order."

Considering the fact that there will be virtually twice the number of voters this year, voters will do well to go to the polls as early as possible. According to law, every employer must give his employees time to vote. Voter must be within election room before 6 o'clock or lose his vote. The law is very strict on that point. If the voters will keep in mind the rush between the hours of 5 and 6 o'clock, they will be apt to save themselves much waiting for their turn.

Absent Voter Ballots.

Ed. Donnell, who is attending to the distribution of ballots for the state board of election commissioners, announced Friday that county clerks may come to the statehouse Friday, October 15, and get absent voter ballots. Thirty-six thousand ballots have been prepared. At the last election 75,000 ballots were prepared and only 20,000 were used. Mr. Donnell announced that all unused ballots must be returned by the Monday before the election. In the week of October 18, county clerks are to come to the statehouse for the regular ballots.—Indianapolis News.

To Print Ballots.

The state ballots are now being printed by the Fort Wayne Printing company and beginning next Monday the county ballots will be printed at this office. County Clerk John T. Kelly, by virtue of his office and Earl B. Adams and F. V. Mills are the election commissioners. They estimate that it will take about 14,000 county ballots and the same number of state ballots. The official county ballot will be printed on a good white paper, while the state ballot will be printed on pink paper. There will be also seven township ballots in this county. Over 9,000 Registered.

The number of votes to be cast in this county will no doubt be heavy this year, as 5,196 men and 4,146 women have registered.

Rooster Is Second.

Remember that the rooster will be in the second column on the ballot.
