

Quality Not Expenses

Raw materials cost more, labor receives higher wages.

But we have never let these facts serve as excuses to compromise the quality of our shoes or to take unjust profits.

Despite conditions, we continue to sell footwear that gives its full measure of satisfaction and value—just as we have always done and always will do.

Women of State For the League

(Continued from page one) goodbye but the kiss of thousands of brave American boys was the kiss of farewell forever.

"If the republicans say to you that the league of nations engenders any liability to war they either do not know what the league is or they are wilfully misrepresenting the facts. The league of nations stands for peace. There will be no more war when it is adopted—and it will be adopted in spite of the Hardings and Watsons, the Borahs and the Johns and all the rest of the old guard."

"Can't Cut Off My Leg" Says Railroad Engineer

"I am a railroad engineer; about 20 years ago my leg was seriously injured in an accident. When I was refused to allow the doctor to amputate it I was told it would be impossible to heal the wound. I have tried all kinds of salves and homeopathic doctors in the last 20 years, but to no avail. Finally I resolved to use PETERSON'S OINTMENT on my leg. You cannot imagine my astonishment when I found that was doing what over 100 things had failed to do. My leg is now completely cured." Gus Hauff, 99 Myrtle avenue, Brooklyn, N. Y. treat for piles, eczema, old sores and skin diseases. 60 cents. Mail orders filled. Peterson Ointment Co., Buffalo, N. Y.

Today you can take Kellogg's Tastess Castor Oil easily. Children take it without coaxing or bridging. Do not accept substitutes. Sold by all good druggists. To the Seven Million Housewives Who Are Now Using Mazola

MAZOLA can be used for more different purposes and at less cost than almost any other food.

It contains no water, as do butter and lard—remains always sweet and palatable, and does not absorb odors or flavors. So the same lot of Mazola can be used over and over again—a wonderful saving in any household. If you want to use it for shortening—even after frying fish or onions—you have only to strain it. It never smokes up your kitchen.

Mazola makes lighter and better cake and tastier fried foods than animal fats. And so light and wholesome they agree with even the most delicate children.

Thousands of families, leading hotels, clubs and railroad dining cars use Mazola in preference to olive oil for salads. It costs much less than half as much, and is pure, rich and wholesome.
