## Monthly Report of Co-operative Service of Indiana Gives Further Increase

  

## OVER LAST MONTH ARE UP IN THE AIR

  
Oats Yield for Year Averaged 41 Bushels to Acre—Highest for Many Years  
Indianapolis, Ind., Oct. 14.—The outstanding features of the monthly report of the cooperative crop reporting service for Indiana, issued today, is another increase in the forecast for corn production of approximately 8,000,000 bushels over the September report, and the yield of oats per acre, which is the highest for many years, 41 bushels. Practically all other crops show an increase in production over the September forecast. The report follows:  
Weather conditions during September were almost ideal for finishing and maturing the corn crop and an increase of 4 points is shown over last month's condition figure which brings it to 93 per cent. of normal. This figure indicates a total production of 42,405,000 bushels compared with 154,130,000 bushels last month and 175,750,000 bushels last year. With continued favorable weather until October 15th practically all the corn will be out of the way of frost damage, although the heavy frost on the morning of October 2nd injured some fields. Considerable of the crop has been cut and silo filling is general in all sections of the state. Corn is down badly in some localities and is interfering with wheat and rye seedling to some extent.  
Now is a good time for the selection of seed corn and farmers should give this matter immediate attention. The average yield of spring wheat was 2 bushels higher than for winter wheat and indicates a total production of 42,000 bushels compared with 47,000 bushels shown for September and 228,000 bushels for last year.  
Sixty per cent. of the wheat produced in the state was marketed by October 1. On this basis Indiana farmers have suffered a loss of approximately \$7,500,000 since the crop movement started the latter part of July.  
The average yield of oats per acre was 51 bushels, the highest for many years, and a total production of 78,240,000 bushels is indicated, compared with 75,076,000 bushels last month and 69,471,000 bushels last year. Generally the quality is exceptionally good, especially in this true of the early sown crop.  
Barley did not thrash out as well as indicated by earlier figures. The average yield per acre being only 27 bushels. From these figures a total production of 7,512,000 bushels is indicated compared with 1,656,000 bush last month and 1,430,000 bushels last year.  
Buckwheat shows an increase of 1 point for the month and is 89 per cent. of normal, which indicates a total production of 261,000 bushels compared with 252,000 bushels shown for last month and 231,000 bushels last year.  
White potatoes made gains in some sections, but lost in others. The condition October 1 was 81 per cent. of normal and indicates a total production of 8,602,000 bushels compared with 8,383,000 bushels last month and 4,400,000 bushels last year.  
Sweet potatoes made a slight gain in all sections. The condition October 1 being 88 per cent. of normal, indicating a total production of 362,000 bushels compared with 350,000 bushels last month and 315,000 bushels last year.  
Weather conditions were very favorable for the tobacco crop, but the total indicated production is not as large as last month. The condition figure October 1 was 92 per cent. of normal and indicates a total production of 17,456,000 pounds compared with 17,957,000 pounds last month and 15,215,000 pounds last year.  
The special inquiry regarding acres in field crops in 1920, compared with 1919, shows a reduction of only 2 per cent. for the state.  
The condition of clover seed is very spotted. Mammoth and Big English varieties being much better than the others. The condition October 1 was 83 per cent. of normal and indicates a total production of 174,000 bushels compared with 75,000 bushels last year.  
The apple condition improved in the north part of the state, and storms did some damage in the south part. The total indicated production October 1 amounts to 6,243,000 bushels, and the total indicated production of pears October 1 amounts to 658,000 bushels. The condition of grapes remains the same as last month, 92 per cent. of normal.  
The Belmont races attracted a good sized crowd today and Decatur was a busy place.

at Freitag hall, at Preble, Saturday evening, October 16, Everybody invited. 243-21

# WANTED

## Men for handling lumber.

  
Adams County Lumber Co. 243-14  
Surplus of 300 gallons of buttermilk daily. 2c per gallon at the Cloverleaf creamery. 240-11  
On next Monday hog buyers will have a chance to buy 100 head of pure bred Duroc Jersey hogs. It will be an opportunity the farmers of Adams county should appreciate when they can buy the best known to the breed right in their own county. Nidlinger and Sons will sell fifty-five head beginning at 1 p. m. Fred Busche sells forty-five head at night, following the Nidlinger sale. 242-31

# NOTICE

To hog raisers, feeders and farmers:—  
Do you know of any breed of hogs that raise more pigs, take better care of them and will make more pounds, at the same age than Duroc-Jerseys? I don't. Attend our sale next Monday, the 18th, and buy them at your own price at the farm 4 1/2 miles northeast of Decatur. Sale starts at one o'clock. You are welcome, if you want to buy or not. Come and see them. Good seats for all. NIDLINGER & SONS.  
Fred Busche's sale follows our sale at night. 242-31

# PUBLIC SALE

Fair Grounds, Decatur, Ind., Wed., October 20, '20  
Sale Begins at 1:30 p. m.

Farmers and Breeders Public Sale of Spotted Poland China Sows and Pigs, Open Sows, Early Brood Sows, Gilts and a lot of Choice Boars. Some of the best brood sows you ever saw in your life.

At this bargain sale will be the place to prepare yourself to turn your cheap corn into \$2.00 per bushel. Every farm in Adams and adjoining counties, as well as every other county in the state of Indiana and Ohio should have Registered Hogs of some color or kind, why not start right. With the "Hog of the Hour" the boys will stay on the farm better, the hired man will work better, and the old farm will make more money; and money makes life easier. With the thousands of bushels of old corn in the cribs, the bumper crop of new corn, nearly 4,000,000 hogs short this year, common brood sows nearly all gone to market and the whole world to feed, why not start right?

Get in early and avoid the rush WEDNESDAY, OCTOBER 20, FRED REPPERT, Auct.

# ABOUT FIFTY-FIFTY

(United Press Service)  
Chicago, Oct. 14.—(Special to Daily Democrat)—Women are better church-goers than men.  
But men are easier to reason with when it comes to saving their souls.  
These were the opinions expressed here today by Miss Ruth Grimes, reputed to be the youngest woman preacher in the country. Miss Grimes who is 28, has just been made pastor of a Methodist church at Blue Island.  
WE'RE AMONG THE ABSENT  
(United Press Service)  
Washington, Oct. 14.—(Special to Daily Democrat)—The United States will be without a representative at the first full meeting of the league of nations called at Geneva for November, it was said today. While President Wilson issued the call as an official of the league, this country has not ratified the treaty and is not entitled to a representative.

Sow your Rosen Rye during the next two weeks and be assured of a real crop. It is an evidence of wisdom and a matter of economy to sow the best—therefore, Rosen Rye. Had lots of seed, but it's going fast. Get your seed at once! Henry Faurote, Decatur, Indiana, Route No. 5. Monroe 'phone. 241-16

# JUST TO LET YOU KNOW

We are still in the Live Stock Business. Highest market prices paid for all kinds of live stock. A square deal with everybody our motto. SPRINGER & SHIRK, Monroe, Indiana. 231-11

# RELIEVED OF CHANGE

(United Press Service)  
Chicago, Oct. 14.—(Special to Daily Democrat)—Two boys early today jumped on the running-board of an automobile taking the wives of six wealthy Chicago manufacturers home from a card game, forced the driver to turn the car to a park nearby and robbed the women of jewelry and cash valued at \$4,000.

# NOTICE TO TAXPAYERS

Notice is hereby given, that Monday, November 1, 1920, will be the last day for paying your fall installment of taxes.  
The treasurer's office will be open from 8:00 a. m. until 4:00 p. m. during the tax paying season. All taxes not paid by that time will become delinquent, and a penalty of 10 per cent will be added. Do not put off your taxes as they must be paid, and the law points out the duty of the taxpayer. Those who have bought or sold property and wish a division of taxes should come in at once. Don't wait for the rush. No receipts can be laid away for any one, so do not ask for it.  
HUGH D. HITE,  
Treasurer Adams County.  
241-171

# AVOID WINTER'S DISEASES

Now is the time to raise your bodily resistance and avoid colds, pneumonia, neuritis, neuralgia, tonsillitis, and all winter diseases. A good healthy body is the best prevention for any disease.  
Drugs will not make your body stronger. Rat poisons are made of strychnine, arsenic, calomel, phosphorus, cocaine, etc. If you want to get a good healthy rat to mope around and finally die just give it any of the above drugs. If it doesn't get enough to kill it, it will lose weight and be sick a long time. You can do the same with your own body. If you want health, vigor, "pep," ambition, try osteopathy. Build up your system nature's way. Get your blood circulating and your nerves to tingling. Try osteopathy. 240-61

# JUST TO LET YOU KNOW
