Decatur Industrial Association Has Some Important Work to be Done

THE SUGAR FACTORY
Needs Co-operation of People of the Community and Should Have it Now

For two months now, almost the entire of people in this section of the country has centered upon the election and for the next few days the results will be the main topic, and then what? The Decatur Industrial association has been looking on the job along with the rest of the societies for better conditions and as a consequence there are many things to be attended to. One of the most important of these is that the organizations co-operate with the Holland-St. Louis sugar factory and assist them in continuing operation here.

This factory is one of the best in this part of the state, furnishing employment for many people and producing large quantities of granulated sugar. Besides this, they purchase the beet crop from the farmers and each year spend hundreds of thousands of dollars. It would be a crime to lose this concern or to do anything or fail to do that which would prevent them from producing even for a year. And this very thing may happen.

A meeting of the Industrial association will be called in a few days and the people interested in Decatur should attend and assist in taking any steps that will save this splendid industry for this community. There are a number of other important matters to be taken up and the association will hold regular meetings during the year. If you haven't joined, do so now. It's an organization built for this community and it can do much good—but it should have your assistance.

FIFTEENTH TIME

Uncle "Billy" Blackburn Cast His Ballot for the Democratic Nominees

WIFE VOTED WITH HIM

Appeared at "A" Precinct, Second Ward at 8:30 and "Voted 'er Straight"

Uncle "Billy" Blackburn, accompanied by his faithful companion, entered the voting booth at the court house in "A" precinct of the second ward at 8:30 o'clock this morning, and for the fifteenth time in his life cast his ballot for the democratic candidate for president of the United States, and all other democratic candidates. Of course Mrs. Blackburn voted for Mr. Cox for president and all the rest of the candidates down to advisory board members.

Uncle "Billy," as every one knows him here, was exceedingly happy that he was again permitted to cast his ballot, and also that Mrs. Blackburn could accompany him to the polls at this time, and vote for the principles in which he has believed and for which he has fought these many years.

His first vote was cast in 1860 for Stephen A. Douglas and his ballot has been cast in this city at every election since. He is now eighty-four years old, and Mrs. Blackburn was seventy-five last January 4. They are probably the oldest couple in the city to vote at the election here today.

During the past few months Mr. Blackburn has been quite sick and for many weeks was unable to come up town. During the last several weeks, however, his condition has been greatly improved, and he has visited almost daily with his friends up town. During the months that he was kept at home, however, he has read considerably, and has been greatly interested in political affairs of his country, and there is probably no voter who better understands the issues and the problems that Uncle "Billy" Blackburn.

AN ENEMY TO GOOD HEALTH

Good health has no greater enemy than constipation. You cannot "keep fit" for work or play if the bowels are irregular or clogged with a decomposed mass of undigested food from which the blood picks up disease-causing impurities and carries them throughout the entire system. Foley Cathartic Tablets are mild but sure in action. They banish biliousness, sick headache, sour stomach and other ills caused by indigestion. Take one tonight and you will feel better in the morning—Sold everywhere.

THERE is a big difference between Calumet and all other Baking Powders.

First—You see it in the cost. Calumet is sold at a moderate price.

Then—you observe it in use. Calumet has more than the usual leavening strength, therefore less is required.

Next—you notice it in raising quality—in the evenness, lightness and texture of your bakings. They look better—finer grained.

CALUMET
BAKING POWDER

Finally—what a difference in the taste. There is a deliciousness, a goodness that can be had in no other manner. Biscuits, pies, cakes, muffins, doughnuts—never were so tasty—so all-satisfying.

And then there is the satisfaction of knowing that Calumet is made in the World's largest, best equipped and cleanest Baking Powder Factories.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Biscuit

Recipe
4 cups of sifted pastry flour, 4 level teaspoons Calumet Baking Powder, 1 level teaspoon of salt, 2 rounding tablespoons of butter or lard, 1/2 cup of milk, 3/4 cup of water. Then mix in the regular way.
