That First Thanksgiving Day on November 26th, 1789

—how much more this Country has to be thankful for this November 25th than then!

—and, how much more **you** and **we** have to be thankful for than even three years ago!

We at this bank are not indifferent to either. Nor are we indifferent to our good fortune of having the good will of Decatur people

The spirit of co-operation you will find in the First National is our year-around expression of thanksgiving.

"THE TURNING POINT" AT MECCA THEATRE

"The Turning Point," a big First National attraction featuring Katherine MacDonald, "The American Beauty," and well known as the most beautiful woman in moving pictures, will be shown at the Mecca Theatre for a two days' run, commencing tonight. The picture is the latest of Miss MacDonald's productions and will prove a delightful entertainment to the local theatergoers. The photoplay contains a number of scenes laid in beautiful California and is taken from the works of the famous author, Robert W. Chambers. "The Turning Point," is a throbbing story of the struggles made by a financially ruined society beauty to gain a living for herself and her sister and against moral ruin, threatened by a man of social pleasures. The loveliest photoplay of the year and one you should see. Visit our daily matinee at 1:30 o'clock to avoid the night crowd. Evening showing at 6:30, continuous. Admission 10 cents; adults 25 cents.

WANT MORE LAWS

The Fish, Game and Forest League to Ask Next Legislature for Protection

KOENEMAN ON BOARD

Will Ask for Changes in License Fees and Special Charge for Trappers

Lawrence Koeneman, president of the Northern Indiana Fish and Game Protective association of this city, today received the official report of the annual convention of the Indiana Fish, Game and Forest league, which was held at Indianapolis, on October 28. The principal features of the report is the fact that it chronicles the appointment of a Fort Wayne man, Mr. Koeneman, as one of the five members of the state board of directors of the league, and that much of the proposed fish and game legislation submitted by the local sportsmen's organization was approved by the convention and will be placed before the legislature at its next regular session.

Among the proposed legislation submitted by the local delegates and approved by the convention in session, are the following:

"That every person who desires to fish and hunt, either in his own county or any other county, shall be required to take out a hunting and fishing license."

"Persons desiring to hunt or take fur-bearing animals shall secure a special license for which he shall not pay less than five dollars." This was approved by the board with the provision that the license should be $50 for a resident, and $100 for a non-resident.

"That the season for hunting rabbits shall be closed from January 16 to October 1, and that the limit shall be five rabbits a day." Approved with recommendation that the closed season be from January 15 to August 1st.

"That it shall be unlawful for any person at any time to have in his possession a ferret except by special permission from the department of conservation."

"That the law pemitting floating devices be repealed.

"That a law be passed limiting the size of blue gills taken, to five inches."

"That an additional sum of five dollars, be added to each and every fine assessed on violation of the fish and game laws now in effect, said additional sum to go to the department of conservation."

Very few of the proposals submitted by the delegates of the local sportsmen's organization were rejected.

The motion to approve the general report of the convention was made by Lawrence Koeneman of this city. —Fort Wayne News.

League to Aid Poor Armenia

(Continued from page one)

aid the country.

Troops to Vilna.

Three thousand "international" troops will be sent to Vilna, it was announced today.

Spanish, French, Belgian and British soldiers will comprise the force to supervise a plebescite to determine whether Vilna shall be Polish or Lithuanian.

Spanish co-operation was assured

A LETTER FOR WOMEN

From a Woman Whose Serious Illness Was Overcome by Lydia E. Pinkham's Vegetable Compound.

Garnett, Kas.—"I first took Lydia E. Pinkham's Vegetable Compound for a complete nervous breakdown following the birth of my oldest child. I got up too soon which caused serious female trouble. I was so weak that I was not able to be on my feet but very little and could not do my housework at all. I had a bad pain in my left side and it would pain terribly if I stepped off a curb-stone. One day one of your booklets was thrown in the yard and I read every word in it. There were so many who had been helped by your medicine that I wanted to try it and my husband went to town and got me a bottle. It seemed as though I felt relief after the second dose, so I kept on until I had taken five bottles and by that time I was as well as I could wish. About a year later I gave birth to a ten pound boy, and have had two more children since and my health has been fine. If I ever have trouble of any kind I am going to take your medicine for I give it all the praise for my good health. I always recommend your medicine whenever I can."—Mrs. Eva E. Shay, Garnett, Kansas.

DOINGS IN SOCIETY

Club Calendar

Monday

Delta Theta Tau — Mrs. Georgia Brown.

Research Club—Mrs. Moses.

Tuesday

Gulbransen Trade Mark

Music Is Thanksgiving's Finest Dessert---

The turkey, sweet potatoes, cranberries and pumpkin pie are out of the way, and Mother is blushing prettily at the many compliments to her culinary skill.

What next?

Music—of course.

It is in the natural order of events. Thanksgiving without music is unthinkable. With music, it is complete.

Grouped about the Gulbransen, not one but is singing with the best that is in him, or her. It is a time for song — and all the pent-up feeling of the significance of the day finds expression in **melody.**

Is the piano accompaniment too high? Then change it to a lower key by means of the Gulbransen transposing device. Is it too fast? Then move the Gulbransen time level slightly to the left.

The voice need not be strained when singing to the accompaniment of the Gulbransen. For this Nationally-Famous Player-Piano is **adaptable** to the voice, just as it is to the **moods** of the playerpianist, or to the particular **occasion.**

A Gulbransen in your home will bring pleasures the year 'round—for dancing, for the latest song hits, for opera music, for "47 kinds of fun."

Did you know that the prices of Gulbransen Player-Pianos are the same the country over? That they are fair, reasonable prices, free from artificial inflation?

This is due to enormous production (the Gulbransen factories have the largest output of Player-Pianos in the world) and the resultant reduced manufacturing cost. Three models:

WHITE HOUSE MODEL	$750
COUNTRY SEAT MODEL	$660
SUBURBAN MODEL	$595

The prices are branded in the back of each instrument at the factory. With the Gulbransen you receive the famous Martin Method—six music rolls that will help you play well and get the greatest enjoyment from your instrument; also our authoritative book on home entertaining and music study with the Gulbransens.
