

## Shorty drops in on New York!

HERE WE ARE, PETE!

Camped once more in the plumb centre of our old stamping grounds—rubbing elbows with the roaring racket and running flush into more electric displays, blazing posters and smashing signs that sound the joys of Camel Cigarettes than you'd ever believe could be jammed into one town!

When I hit Broadway this p. m. I'd said the Reynolds folks had transplanted "Camel City" right up here!

It seems like all New Yorkers have adopted Camels as their own personal brand! And, Pete, since this is the original speed town it's only what you expect when you see 'em carry a package of Camels in each coat pocket. If their right hand is busy, they dig out their left hand deck—they just won't lose time getting a Camel lighted! That's the gait around here, old throbber!

And, Pete, the New Yorker has his own A-1 pet reason why he's so keen for Camels. For instance, Doc Marshall will bet his car on Camels quality against any cigarette in the world! Bill James says to me—"Shorty, there never was mild, mellow body like Camels." And, as for Dan Boggs—he spills it that Camels are the only cigarette free from any unpleasant cigarette aftertaste or cigarette odor! And, he knows! Frank Frazer will tell you it's Camels wonderful Turkish and Domestic blend! And all of them are right!

And, Pete, old proof-of-the-pudding—you tell 'em that Missouri hasn't anything on little old New York when it comes to that "show me" stuff, on cigarettes or anything else!

Sincerely

Shorty

### BRILLIANT EVENING SHOWS AT THE INTERNATIONAL

No Roman holiday ever culminated in such spectacles as are furnished nightly to twentieth century audiences in the arena of the International Live Stock Exposition at Chicago from November 27th to December 4th. Here

the constructive energy of the human race exemplifying centuries of individual and collective effort is paralleled. All the world is reported to love a lover, the intelligent audience of the present day appreciates the spectacular when combined with utility. What more magnificent beast for the ocular senses than a procession of aristocratic horses and cattle, accompanied by the strains of martial music. Equestrianism has effectively survived motor competition as a means of diversion and the magic term "Horse Show" still appeals to pleasure-seeking throngs. Man's most efficient servant is here displayed in every phase from draftee to high-stepping coacher, spirited river and nimble rider. For lovers of the equine species it presents an unexcelled opportunity. Each season novelties are presented to the crowds that nightly surge through the International Exposition gates. Exhibits of human prowess, games that appeal to the imagination and enthusiasm of the American mind, domestic science exhibits and lectures; and for the experienced agriculturist and the man cherishing ambition to enjoy rural life there is the Grain Show in which every section of North America demonstrates actual and potential wealth-producing capacity.

No one-sided event is the evening entertainment at the International Exposition. In the varied entertainment there is something to interest everybody.

If you are planning to do your Christmas shopping early, it's time to be getting at it for the big day comes four weeks from next Saturday.

You cannot "keep fit" for work or play if the bowels are irregular or clogged with a decomposed mass of undigested food from which the blood picks up disease-causing impurities and carries them throughout the entire system. Foley Cathartic Tablets are mild but sure in action. They banish biliousness, sick headache, sour stomach and other ills caused by indigestion. ## Music Is Thanksgiving's Finest Dessert--

The turkey, sweet potatoes, cranberries and pumpkin pie are out of the way, and Mother is blushing prettily at the many compliments to her culinary skill.

What next?

Music—of course.

It is in the natural order of events. Thanksgiving without music is unthinkable. With music, it is complete.

Grouped about the Gulbransen, not one but is singing with the best that is in him, or her. It is a time for song—and all the pent-up feeling of the significance of the day finds expression in melody.

Is the piano accompaniment too high? Then change it to a lower key by means of the Gulbransen transposing device. Is it too fast? Then move the Gulbransen time level slightly to the left.

The voice need not be strained when singing to the accompaniment of the Gulbransen. For this Nationally-Famous Player-Piano is adaptable to the voice, just as it is to the moods of the player-pianist, or to the particular occasion.

A Gulbransen in your home will bring pleasures the year 'round—for dancing, for the latest song hits, for opera music, for "47 kinds of fun."

Did you know that the prices of Gulbransen Player-Pianos are the same the country over? That they are fair, reasonable prices, free from artificial inflation?

This is due to enormous production (the Gulbransen factories have the largest output of Player-Pianos in the world) and the resultant reduced manufacturing cost. Three models:

WHITE HOUSE MODEL \$750  
COUNTRY SEAT MODEL \$660  
SUBURBAN MODEL \$595

The prices are branded in the back of each instrument at the factory. With the Gulbransen you receive the famous Martin Method—six music rolls that will help you play well and get the greatest enjoyment from your instrument; also our authoritative book on home entertaining and music study with the Gulbransen.

### That First Thanksgiving Day on November 26th, 1789

—how much more this Country has to be thankful for this November 25th than then!

—and, how much more you and we have to be thankful for than even three years ago!

We at this bank are not indifferent to either. Nor are we indifferent to our good fortune of having the good will of Decatur people

The spirit of co-operation you will find in the First National is our year-around expression of thanksgiving.
