Two or three teams in the industrial bowling league have signified their intention of withdrawing, because of inability to keep up their teams. The General Electric No. 1 team was the latest to drop out. This team was to have played the newly organized team captained by James Hurst last evening. The Hurst team takes the place of the Rotary club. Tonight the General Electric No. 2 and Schafer teams will play. Thursday night will be G. E. night and Friday evening the two K. of P. teams will fight it out. The Pythian team captained by "Bud" Miller has won seven of the eighteen games played and the other lead by Marlon Biggs has won seven of the fourteen played. During the tournament, Miller's team holds the high score for a single game, 880, and also the total number of pins for three games, 2539. Marlon Biggs holds the high score for a single bowler, in the league tournament 214. Biggs in a game the other evening, however, raised this ten pins making the high score for the season 254. This last score was not made in any contest game.

The following is the standing when the Rotary and G. E. No. 1 teams gave up:
