**COULD BE A THEATRE**

Indianapolis, Dec. 1.—Alhambra should not be the front name of any well-meaning man, Judge Chamberlain was told yesterday.

Alhambra Cook asked the judge to change his name to Wilbur A. Cook, because he said business firms and strangers often mispell and make mistakes in his Christian name. Some time his mail was addressed to "Miss" he said.

"It was not of my own parents choosing," Cook said. "They told me an aunt of mine insisted on giving me such a name."

Cook formerly lived at Muncie.

**HOW WE ENDED KIDNEY TROUBLE**

"I had a severe attack of kidney trouble and for three weeks could not get out of doors and scarcely out of bed," writes C. E. Brewer, Village Springs, Ala. "Could not bend over at all without the most excruciating pains. I purchased a bottle of Foley Kidney Pills. Was relieved after first few doses and continued their use until completely cured. I consider Foley Kidney Pills the best kidney remedy in the world. No recurrence of my trouble."—Sold everywhere.

**BEAR OIL**

**For Your Hair**

You never grow a bald patch—They don't use perfumed lotions. For ages they used bear oil, with other potent ingredients, in the hair and scalp. Astounding results in overcoming DANDRUFF, stimulating HAIR GROWTH, inducing NEW GROWTH in many cases when all else failed. Inflammation—dryness—headache—guaranteed. For men, women, children. Keep this remedy in your pocket. Show others. Positively wonderful. Buy KATALKAL at the drug stores; or send for sample. Price 25c. Money refunded if you are not satisfied.

**Stunt to Cure Hiccoughs.**  
A Spanish physician claims to have been very successful in curing stubborn cases of hiccoughs by this treatment: The patient lies down and draws up his knees until his thighs are pressed tightly to his abdomen, the lower part of the legs being pressed against the thighs by bending the knees. The position is held for several minutes. The effect of this is to press the abdominal organs up against the diaphragm and to sustain the pressure until the diaphragm ceases its spasmodic contraction.

**COW TEST ASSOCIATION**  
POINTS WAY TO IMPROVEMENT OF DAIRY BUSINESS

The value of cow testing work is clearly shown in the report of the first year's testing by the Franklin County Association, where Miss Irma Bruce, the only girl tester in the state, was at work.

During the year, there were 17 herds in the association, with a total of 194 cows, 64 of which were purebreds, all of the Jersey breed. At the start of the year, 12 of the members owned pure-bred sires and during the year, three more, realizing the value of pure-bred animals to head their herds, purchased pedigree sires. Two of the association members dropped out, so the organization was left with every member owning a pure-bred sire.

Fourteen of the 17 members owned 18 silos at the start of the year and at the close every man had one or more silos, those who had not adopted silage as a basis for their ration, coming to this approved method of feeding. Seven members of the association weighed their milk daily and by thus "holding the stop watch on Bossy," they could tell which cows were profitable and which lost money for them. Seventeen cows were sold because their owners found through this method that they were unprofitable.

The best individual monthly record of the year was made by Jolly Letty, a pure-bred Jersey owned by J. A. Driscoll. She produced 1395 pounds of milk and 85.1 pounds of butterfat during July, leading the entire state that month. W. H. Senour, one of the association members was the only one to earn membership in the 300 pound cow club, which comes by virtue of his having 10 or more cows producing 300 pounds or more of butterfat in a year.

The cow testing association members are active in the pure-bred sire campaign being waged in the southeastern part of the state and because of their work have found out the importance of breeding better stock to have high producing cows.
