Brennan is to get \$35,000 for swapping punches with the champion which will be enough to tide him over the lean days if he has to spend three weeks in the hospital after this fracas.

### First Game Friday.

The many basket ball fans of this city will have the pleasure of witnessing the first basket ball game of the season to be played on the home floor, Friday evening, when the local high school boys' and girls' teams clash with the Auburn high school boys' and girls' teams at the gym. The game of Friday evening marks the third game of the season for the local boys' team, and the first game for the girls' team. The first preliminary will be staged at 6:45 o'clock between the St. Joseph's school five and the Monmouth school team, and promises to be an interesting contest. The second game will be staged between the local girls and the Auburn girls and is predicted to be of great interest. The local girls' team is composed of nearly the same aggregation as last year, and from all indications will make another grand showing during this season. The Auburn team is the only team that defeated the local girls last year and a great battle is expected. The big game of the evening will be played between the local boys and the Auburn boys, and this contest also is expected to be of great interest. The Auburn boys are making a good showing this year, but as the locals are determined to make their first home game a victory, one of the stiffest battles of the year is expected.

Come to the gym Friday night and help the boys win.

### Sports of All Kinds.

New York, Dec. 8. — International victories scored in the yacht races and the Olympic games by America probably will have another mate when the "two Bills" of tennis get through in Australia the last of this month.

William T. Tilden, British and American title holder, are going after the Davis cup in a series of singles and doubles matches on December 28, 29 and 31.

Even in Australia the experts anticipate an American victory and a return of the cup to this country.

Both Tilden and Johnston, especially Tilden are at the top of their game now and it is doubtful if there are any two players in the world who can beat them.

If western teams have the luck or the quality of Notre Dame, the east will be in a bad way in the prospective football invasion next fall. Since 1909 Notre Dame has played 15 games in the east, winning 11, losing 3 and tying 1. Since 1916 the Hoosiers haven't lost a game in the east. Yale and West Point are the only teams that beat them previous to 1916 while West Point, Pittsburgh, Penn State, Syracuse and Washington-Jefferson have been their victims since that year.

Harvard, failing to get a game with Ohio State and the Army because the Crimson would not grant them a home game in 1922, has signed Indiana as a western opponent.

Ohio state, which is seeking a good eastern team to open the new million dollar stadium in 1922, can open relations either with Pennsylvania or the naval academy, it is understood.

And Notre Dame can go to the coast for a game with southern California.

### SHE'S GOING SHOPPING

Marion, Ohio, Dec. 8.—One woman shopper from the little town of Marion, O., who knows what she wants and won't take anything else, will soon have New York modistes jumping over counters displaying their goods with great eagerness. Mrs. Warren G. Harding, the next first lady of the land, is going to "the city" to buy her white house clothes.

Mrs. Hardinge hasn't decided just what she will buy but she may change her mind several times, so New York shopkeepers will have to guess along in laying their stocks for the present.

"I didn't have a minute during the campaign to buy any clothes," Mrs. Harding said, discussing the state of her wardrobe. "But I'm going to make up for it now."
