## PUBLIC SALES

Stopping only for gasoline and oil,  
a Fordson tractor owned by N. Korpua  
of Ludden, Dickey county, North Da-  
kota, recently completed a record run  
of forty days. Three operators were  
assigned to the tractor, each working  
an eight-hour shift, and thus keeping  
the tractor in operation twenty-four  
hours a day. "Nine hundred acres  
were plowed without one minute's stop  
for repairs," says the affidavit receiv-  
ed by the Ford company from the  
Fordson owner.

The tractor was purchased during  
the summer of 1919. In the spring  
of 1920, Korpua began his plowing and  
had already turned 200 acres before  
he conceived the idea of working the  
tractor day and night.

Electric headlights were installed,  
operators were obtained, and with no  
further special preparations, the little  
Fordson entered upon what turned out  
to be a record run for endurance.

No Speed Limits for Cuban Taxis.  
Havana Cuba claims the distinction  
of having solved the problem of cheap  
transportation more satisfactorily than  
any other city.

Operating within a territory whose  
radius is little greater than a mile,  
eight thousand Ford automobiles carry  
one or two persons between any two  
points in the circle for twenty cents.  
Under no speed limitations, the driv-  
ers are left to their own fate, rushing  
back and forth through the streets,  
but their feet and hands have become  
so highly developed that they can  
swerve out of one another's way more  
adeptly than can be imagined.

Besides, Cuban upholsterers have  
transformed the Ford. Mahogany re-  
places the metal of the toneau, whip-  
cord for the body upholstery, fancy  
carpet for the floor, and many col-  
ored leather for the seats. In a sin-  
gle car may be seen five or six differ-  
ent shades of leather.

## INCOME REPORT IS YOUR NEXT JOB

Revenue Officials to Visit  
Every County in the U.  
S. in a Few Months

## WILL GIVE ASSISTANCE

In Filling Out Blanks—  
Two Forms Will be Used  
This Year by Individuals

Extensive plans for aiding taxpayers  
in filing their income tax returns for  
the year 1920 are being made by the  
Bureau of Internal Revenue. Revenue  
officials will visit every county in the  
United States to assist in making out  
the forms. The date of their arrival  
and the location of their offices will be  
announced through the press, or may  
be obtained on inquiry at offices of  
collectors of internal revenue and  
branch offices. The services of gov-  
ernment experts heretofore offered to  
city residents will be continued.

Forms for filing 1920 returns of in-  
come will be sent by collectors to per-  
sons who last year filed a return. Fail-  
ure to receive a form, however, does  
not relieve a person from his obliga-  
tion to file a return within the time  
prescribed. Copies may be obtained  
from offices of collectors of internal  
revenue, branch offices, post offices  
and banks, and are expected to be  
available on or before January 1.

Revenue officials assigned to the  
work of assisting taxpayers also will  
be supplied with forms, concerning  
which, and the various items of in-  
come to be included, they will be pre-  
pared to answer any and all questions.  
It has been demonstrated, however,  
that many questions may be eliminat-  
ed if the taxpayer, before seeking  
the assistance of a revenue officer, will  
carefully study the instructions on the  
form.

The period for filing returns is from  
January 1 to March 15, 1921. The tax  
year as last, may be paid in full  
at the time of filing the return or in  
four installments, the first of which  
is due on or before March 15, the third  
on or before June 15, the third

Persons whose individual net income  
for 1920 was \$5,000 and less should ask

dividual net income was in excess of  
\$5,000 should ask form Form 1040.

The Bureau of Internal Revenue is  
urging taxpayers not to delay in the  
filing of their returns. Merchants and  
business men are casting up their ac-  
counts for the calendar year, 1920.

to make a correct return fresh in their  
minds, the making out of a form soon  
after January 1 will be an easier task,  
the bureau points out, than if delayed.
