FOR ITCHING TORTURE

Use Antiseptic Liquid Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.
Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, itch, pimples, rashes, blackheads, in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

The Rotarians from this city who went to Portland last evening report a fine time. About one hundred Rotarians from Bluffton, Muncie, Hartford City and Decatur were present and William Pittsford, the district governor, made a good talk. The Portland club was awarded a charter and are now members of the International Association of Rotary clubs. James Arnold, Avon Burk and W. A. Klepper took the boys in their cars.

John Fisher went to Ford Wayne today on business.

Attorney Frank Armantrout of Geneva was looking after business here today.

Sam Kuntz of Fort Wayne, transacted business here this afternoon. Commissioner Robert Schwartz of Berne was a business visitor in Decatur today.

Mrs. J. H. Heller went to Fort Wayne at noon.

Mr. John A. Mumma is improving nicely from a severe attack of kidney and bladder trouble and if nothing sets in he will be up on his feet again in a few days.

If the ground hog saw his shadow today he had to have sharp eyes and be ready. He had just a part of a chance about noon.

The Monroe basketball team can stop some, it was demonstrated last evening. A bunch of rooters accompanied the team from here and some of them are now backing the Monroe boys for the district championship. They play here in about two weeks.

Frank Stone of Fort Wayne attended to business here yesterday.

Subscriptions are taken either for one year, or up to five years, the five-year subscription counting the same as five single subscribers. One boy in the school this morning reported fifteen subscribers. If each pupil would secure two subscribers, the total would soon be raised, and the machine assured. The machine offered here is the same as the one used in the Indianapolis schools, and also the one used by the Indiana University, and the Indianapolis recreation department, which shows pictures to the children and others in the parks, and will be a valuable addition to the equipment of the Decatur schools.
Be a good fellow, and order the Country Gentleman for a year, or for five years, and help the students secure the machine.

BRITISH AND BOLSHEVIKS CLASH ON PERSIAN FRONTIER

Teheran, Persia, Feb. 2.—(Special to Daily Democrat)—British soldiers and bolsheviks met in battle Sunday according to military advices here today.
British outposts on the northwestern frontier of Persia were attacked by bolshevik advance guards. The British vigorously counter attacked killing twelve and capturing twenty-seven. There were no British casualties.

FOR THE FARMERS

Items of Interest to the Farmers of Adams County.

Dr. Charles S. Dobson of Indianapolis, will arrive in the county next Monday morning to continue and finish the testing of cattle for tuberculosis to be done at this time. All those who had reactors on the first test last year, or who have not yet had the first test, will likely be reached during the week.

At a meeting of the producers of dairy products in the county held at the county agent's office Saturday afternoon, a delegate was selected to attend the state meeting planned by the farmers' federation. The state meeting will be held on February 10, at Indianapolis. At this meeting plans will be made to cooperate with the federation for the purpose of improving the marketing conditions of the producer of dairy products. The delegate will represent the dairy interests of Adams county in this meeting.

Electric Lights Don't Fool Hens, But They Do Aid Egg Production.

The artificial lighting of hen houses has become permanent and popular during the last three years. Contrary to the first opinions of many people, it is not used for the purpose of fooling the hens. The use of lights merely endeavors to add in duplicating spring conditions whereby hens have more opportunity to consume a large amount of feed and thus have material in which to manufacture a large number of eggs. Due to the fact that lights in the evening will give the hen less time between the last evening feed and the first morning feed, the crop never gets empty and she does not suffer.

Increased production will be noticed from lights within 10 to 15 days. Fall and winter eggs from pullets will be increased, but the spring laying may be reduced. Lighting will mature pullets more quickly, may delay molting in early hatched birds and if used properly will bring hens back into laying earlier in the season, according to Prof. A. G. Phillips, head of the poultry department of Purdue university.

Lights should be started about November 1 and run to April 1 and turned on from 8:00 to 8:30 p. m., at which time a heavy grain ration is given. Turning on the lights and supplying grain at 4:00 o'clock in the morning may do equally as well.

SPORT NEWS

Divide Honors With Monroe.

The boys and girls basketball teams of the local high school, accompanied by a large delegation of rooters, motored to the town of Monroe last evening where they clashed with the boys and girls teams of the Monroe high school, the honors being evenly divided, the local girls winning their game by a score of 24 to 13, and the Monroe boys winning by a score of 57 to 10. The game was staged in the high school building, and owing to the small floor space and other inconveniences, the local teams were greatly handicapped. The small hall was packed to capacity early in the evening, a large number of fans being unable to get near the door.

The first game of the evening was staged between the two girls' teams and was considerably rough, the local team, being able to withstand the grind however, and obtained a lead over the Monroe lassies early in the game which they held throughout. The game proved to be a thriller, the Monroe girls trailing close behind the locals the first half coming within one point of tying the score at one time. In the second half the locals continued to register a basket now and then, checking their opponents to some extent, and again came through with flying colors by a score of 24 to 13.

The boys' game proved a good deal more interesting to the Monroelites, the Monroe boys handing the locals one of their worst defeats of the season. The locals appeared on the floor with a string of eleven men, the first string men starting the game for the locals, they being unable to check the speed of the Monroe team who registered ten points before the locals were able to score. The Decatur boys

WORN NERVES

Nervous troubles, with backache, dizzy spells, queer pains and irregular kidneys, give reason to suspect kidney weakness and to try the remedy that has helped your neighbors. Ask your neighbor!

Mrs. John Durbin, 127 S. 9th St., Decatur, says: "My kidneys were out of order and I had sharp pains through my back and I was almost helpless. I couldn't sleep nights and was miserable all day. Headaches almost drove me frantic and I became nervous and irritable. My feet swelled and I felt bloated all over. My kidneys caused a great deal of annoyance and were irregular in action. I used Doan's Kidney Pills from Smith, Yager & Falk's Drug Store and they helped me right along until I was free from backache and that heavy bloated feeling. My kidneys were regulated and I felt fine."

then dropped the pill through the ring for several points, but failed to get very far, the Monroe team continuing their work and were leading at the end of the first half by a score of 23 to 9.

Shortly after the start of the second half, the locals retired from the floor and an entirely new team was substituted. They also proved ineffective against the Monroe boys who continued to pile up their score, allowing the locals only one more point, forcing the locals to return home defeated, by a score of 57 to 19. Mattox of Geneva refereed.

The Monroe teams will play the locals a return game in this city on February 15, and a much more interesting game is assured. Plan to attend.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they clear clouded brain and perk up the spirits.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole. Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bites, colds of the chest (it often prevents pneumonia). 35c and 65c jars; hospital size \$3.00

Farmers Cannot "Swap Horses in Midstream"

—that is, during the busy summer is no time to be thinking about changing farming methods. Every hour is needed for getting work done then.

But now is the time to make plans and changes.

How about a better way of keeping track of money you take in and pay out?

How about a farm account book and a check book? They are all the tools you need for keeping track of how you stand the year around.
