NOT MUCH DOING

Mr. Gottschalk Reviews Important Actions of the Legislative Session

ADAMS AND WELLS

Will Probably be Linked Together in New Representative Appointments

Thurman A. Gottschalk, representative from Adams county visited with his family at Berne over Sunday. He said in an interview with a representative of this paper that the session was going without any great excitement, with plenty of oratory and that in his opinion not very much important legislation would result. The power to regulate taxes and appraisements will be restored to the board at Indianapolis, he feels sure and the primary law will be amended so as to make necessary the selection of delegates to all conventions by primary vote.

One of the important matters of the session is the re-appointing of the state into representatives and senatorial districts. As it stands now Adams county will remain in the same district as to senator, linked up with Wells and Blackford county while for representative we are restricted with Wells county. These two counties are considered democratic and as consequence the politicians figure this will reduce the number of democrats in the house by one. At present Wells county is hooked up with Blackford.

The automobile license fee will be increased and will probably be from \$6.00 for a small car to a maximum of \$50 for the larger trucks; the bill to increase the salaries of members of the legislature from \$8.00 per day to \$2,000 per term will likely pass and the total appropriations of the 1921 session will reach nearly ten million dollars. Mr. Gottschalk is against the increased appropriations at this time when "normalcy" in all other lines seems to be the program and is voting that way. He is keeping in touch with Adams county people and is voting their sentiments as nearly as possible. He returned to Indianapolis this morning and will remain there until the end of the session, three weeks from today.

The Pleasant Mills schools will give an interesting home talent production Thursday night of this week. Jimmy Hornbuckle, one of the pioneering class, who has been ill for several weeks with scarlet fever, was able to be down street Saturday. He will return to his home in Missouri this week.

THE BEST DAY YET

The best attendance at the United Brethren Sunday school yesterday since the pastorate of the present pastor. The same is true of the attendance at the preaching service. The number at the Sunday school was exactly 300, and the offering \$13.29. All the services throughout the day were fine in attendance and interest. Now how much over three hundred can we make it next Sunday? Trust God and do your best folks.

ALL ELKS INVITED

All Elks who happen to be in the city Tuesday are especially invited to the initiation service and other ceremonies held here in connection with the initiation of sixteen candidates by the Decatur lodge. The program starts promptly at 2 o'clock, and the festivities will continue during the afternoon and evening.

The M. E. Revival

the greatest impostor that the world has ever had and should be branded as such.

Then he showed the proof that he was just what he claimed to be by the greatest proofs that the world can produce, by the proof of His immaculate Conception, of His freedom from sin, of His wisdom in childhood, of His wonderful teachings and His power over death. It was a wonderful sermon and held the audience as by a grip of power.

The interest is intense. There will be no services tonight but after to night will be each evening at 7:30. It will be necessary to be promptly on time if a seat is desired.

Wednesday evening the Epworth League will meet in the social rooms of the church at 5:30 and have a lunch together and attend the services that evening in a body. The Epworth Leaguers expect all leaguers to be present and eat with them and also be present at the services with them. Seats will be reserved. The friends of the leaguers will also be invited.
