## ROTARY DAY:—

The first Rotary club was organized sixteen years ago today and all over the world that event is today being observed in one way or another by the more than 65,000 members of this organization.

What is Rotary? The question is often asked and is deserving of an answer. Many people believe it is simply a bunch of business men who meet once a week, eat a good dinner, listen to a happy speech and have a "corking" time. But that actually is not what the great club stands for. This is really only the idea of the organizers for assuring good attendance. Back of all this is one great big reason why Rotary has proven so popular. It is told in two words—"HUMAN SERVICE."

Rotary doesn't consider a man a success unless he is of the fullest possible value to his fellowmen in helping them to greater happiness, no matter whether he is a money maker or not. "The Rotary club demands fair dealings, honest methods, and high standards in business," is the theme of the Rotary platform, and its last clause, "He profits most who serves best," has been adopted as the latter part of the official slogan: "Service Above Self—He Profits Most Who Serves Best." This thought implanted in the life of one man spreads to others, and a small group possessing the thought of unselfish service soon creates the desire in other men to do likewise. Hence the rapid spread of the Rotary idea.

The first club came into being through Paul P. Harris, a Chicago lawyer, who lonesome and desirous of fellowship invited a coal dealer, a coal operator and a tailor to meet him at luncheon. They decided to

meet a week later and each bring a friend from some other line of business. It soon grew and a few months later a similar club was organized in California and soon it spread to every state and then across the sea into nearly every country.

The Decatur club has forty members—all live wires, does a great work and is a high class bunch of splendid men. It was organized in August of 1916 with sixteen members, Avon Burk being the first president. The charter was issued the following June and the club has since enjoyed a steady growth. Wal Wemhoff is president this year and the organization is prospering in a manner which proves his fitness.

## THE CABINET:—

After months of planning from every angle, Mr. Harding has announced his tentative selection of cabinet members. Included are, Charles Evans Hughes of New York, secretary of state; Andrew Mellon of Pittsburgh, treasurer; John W. Weeks, Massachusetts, war; Harry Daugherty, Ohio, attorney general; Will Hays, Indiana, postmaster general; Edwin Denby, Michigan, navy; A. B. Fall, New Mexico, interior; Henry Wallace, Iowa, agriculture; Herbert Hoover, California, commerce; James J. Davis, Pennsylvania, labor.

Several of the men chosen, including Hughes and Hoover were no doubt chosen because of their great ability and their selection will be popular. Mellon seems to have been selected because he is the second richest man in the world, though strangely enough few people had ever heard of him; the rest of the members of the official family appear to be strictly political choices. Hays is the republican national chairman, has ability but will quite likely look at the political advantages rather than service. Daugherty is a professional politician, Denby is an unknown quantity and the rest of the members are not exactly those which the people would have elected if given the opportunity.

All in all however the cabinet could be much worse. They have a big job ahead of them and the real test will come after the men have had an opportunity to declare themselves as the problems arise.

More trouble and more reason for a twenty million dollar legislature—Otto Klauss, for four years auditor of state, is charged with the issuance

## When Your Little Child

cries at night, tosses restlessly and mutters in its sleep, is constipated, fretful and feverish, or has symptoms of worms, you feel worried and have your night's rest disturbed by the little one's crying, or perhaps because of your own anxiety.

Many thousands of mothers rely at such times upon a tried and trusted remedy always kept in the house.

## Mother Gray's Sweet Powders for Children.

Used by mothers for over 30 years. These powders cleanse the stomach, act on the liver and give beautiful sleep regulating the child's system. Easy to give and pleasant for the child to take. Happy mothers in every community are giving them with splendid results. Mother, if your child has the symptoms here described you should try these powders. Sold by druggists everywhere.

Be sure you ask for, and obtain, Mother Gray's Sweet Powders FOR CHILDREN.

of unauthorized claim vouchers, amounting to \$3,958.36. Several of the vouchers bear no date and all of them are irregular and unauthorized according to the accountants. Mr. Klauss had trouble with the administration during the four years he served and there is some hint that some one is now trying to get even. This serving the public is a big job and a difficult one it seems.

Dollar Day means a day when your dollars will buy more. Watch tomorrow's paper and get your list ready. It will be a big busy day and you should work fast for the more speed you show the more you make—a penny saved is a penny earned and you can save a lot of them by trading in Decatur that day.

The Indiana Democratic Editorial association has been invited to hold its summer meeting at Turkey Run State Park in northern Parke county and will no doubt avail themselves of this opportunity. The session will be held in June.

## MRS. ELLIS IMPROVING

Word has been received by relatives in this city that Mrs. Estella Ellis, who has been dangerously ill at her home in Indianapolis, is well on the road to recovery. She has been suffering from heart disease and is still confined to her bed. Mrs. Ellis is a sister of Al Burd of Mercer Avenue and Mrs. Bertha Ellis of Second street. She was the daughter of the late William Burd of this city and spent her girlhood days in Decatur.

## Every Woman Ought To Know

Keep in the medicine cabinet at all times a bottle of Lightning Hot Drops, the old reliable remedy for cramps, stomach pains, neuralgia and rheumatic pain, lameness, swellings, inflammations, toothache, earache, etc.

Applied externally it produces comforting warmth and soothes pain at once. A few drops in water taken internally stops distress like magic.

Lightning Hot Drops has been used in thousands of families for two generations.

Your druggist has it—only 30c and 60c per bottle—guaranteed.

## Lightning HOT DROPS

## SILVERWARE

If you have in mind, starting a set of silverware or desire old pieces for yourself or for others, you will be pleased with the variety and artistic beauty of the designs we have. And the prices too, make them within the reach of all.

## The AMERICAN LEGION

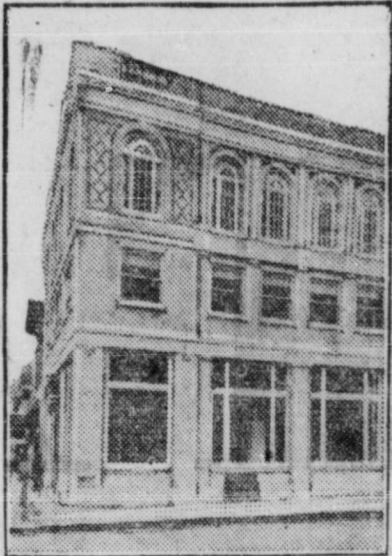

(Copy for This Department Supplied by the American Legion News Service.)

## VETERANS' WAR MEMORIAL

Fighting Men of Three Wars Identified With Home Erected in Hoquiam, Washington.

With the recent completion of the American Veterans' building, a war memorial to fighting men of all American wars, the city of Hoquiam, Wash., has added to its architectural attractions a well-constructed and artistic edifice. The erection of the home was made possible by the activities of members of the American Legion, United Spanish War Veterans and Grand Army of the Republic.

The building is a three-story structure, in the downtown district. The ground floor will be occupied by a

Veterans' Building at Hoquiam, Wash.

bank and on the other floors are a large rest room, a lodge and ball-room and a ladies' rest room.

Among the speakers at the formal dedication of the memorial was Robert A. LeRoux, field organizer of national headquarters of the Legion.

## LEGION MEMBERS AID POLICE

Former Service Men in Various Cities Lend Assistance in Combating Crime Wave.

In conformity with the stand for law and order which the American Legion takes, thousands of Legionnaires are assisting the police in combating the crime wave, which has menaced life and property in larger cities all over the country, according to reports received at Legion national headquarters.

New York department headquarters promptly offered to put 5,000 veterans on the streets to assist the police when the orgy of murder and robbery was at its height, while during the Christmas season a number of Legion members aided in eliminating holdups in the shopping district by serving as guards in large retail stores and wholesale houses.

Five hundred St. Louis Legionnaires assisted the police in patrolling the city and rounding up suspicious characters. At St. Paul, Minn., the services of Legion members were volunteered in the formation of a series of network patrols.

Legion leaders explained that their organization in volunteering the services of its members for maintaining law and order did not imply that the police were inefficient, but that there was recognition that an abnormal situation existed under which the Legion was pledged to act if it wished to live up to the principles of its constitution.

## IS LEADER IN AMERICANISM

Philip R. Bangs of Grand Forks, N. D., Also Vice Commander of His State Department.

One of the leaders in Americanism in the Northwest is Philip R. Bangs of Grand Forks, N. D., who was elected vice commander of the North Dakota department of the American Legion. As a doughboy and a scout in the intelligence section of the Thirty-fifth division, Mr. Bangs served overseas. He was wounded by shell fire in the right shoulder during the Argonne-Meuse offensive.

Mr. Bangs was adjutant of the Legion post at Grand Forks, state chairman of the Americanism committee, and a member of the national Americanism commission of the Legion. A graduate of the law department of the University of North Dakota, Mr. Bangs is now engaged in the practice of law in Grand Forks.

## Proposed Oregon Law.

The option of a \$2,000 farm or home loan or cash compensation at the rate of \$15 a month of service for Oregon veterans of the World War will be granted, if a bill sponsored by the Legion in the state legislature is passed.

## NOW FEELS LIKE OLD SELF AGAIN

"There's Something About Tanlac That Certainly Does the Work," Says Wood.

"Well, I don't know what it is, but there's something about Tanlac that certainly does the work," said Chas. S. Wood, of 937 South Twenty-fifth street, Terre Haute, Ind.

"I had an attack of the influenza about two years ago which left me in such bad shape that I never expected to be myself again, but Tanlac has simply put me in the best of health. My appetite was awfully poor, everything I ate would ferment and sour and quite frequently I became so nauseated I could scarcely retain a thing on my stomach. I suffered terribly from bloating and palpitation of the heart, and was so short of breath that I often felt like I was going to smother, especially when lying down. I was so nervous and restless I could never get a good night's sleep, and had a draggy, worn-out feeling all the time.

"I began to improve on my very first bottle of Tanlac, and since taking six bottles of the medicine I'm simply feeling like my old self again. I have a good appetite, everything I eat agrees with me perfectly and I'm gaining in weight right along. I sleep like a log every night and am simply feeling fine in every way. Tanlac has proved nothing less than a godsend to me and I gladly give it my highest endorsement."

Tanlac is sold in Decatur at Smith, Yager & Falk's; in Berne at Stengel & Craig's; in Geneva at F. C. Deitsch's and in Monroe at O. O. Hocker's.

## OFFER THEIR LIVES

The thank offering program arranged Sunday evening at the United Brethren church was carried out as planned. Mrs. John Hill, of this city, who is branch secretary of the thank offering department, gave a splendid talk concerning the work of her department. In the closing consecratory service when each lady knelt at the altar with her thank-offering collection, two young ladies, Miss Ethel Potts and Miss Mary Bauman went forward and dedicated their lives for life-work recruit service. The offering to date has reached more than \$25.

An old notion prevailed that birds began to couple of St. Valentine's day.

## Strive To Have Healthy Skin

Next time you are in a gathering of women note the different conditions apparent in complexion. You will see some filled with blackheads, some dry and rough, some smooth and greasy, some smeared with rouge, some streaked with heavy metallic powders and once in a while you will see one that is a demonstration of intelligence from every point of view. The color is rosy, the skin is clear and smooth, the pores are small and open, the powder does not show on the firm vigorous skin. Every woman can have a good complexion if she will only use a little discretion. If you would acquire real beauty, the beauty of perfect health, you must replenish your worn-out nerves with lecitithin, Nature's own nerve restorer, and put into your blood the invigorating iron which Nature intended it to have for health. In most of the modern foods these and other vitalizing elements have been largely eliminated. Yet to be healthy and beautiful the system must have them. They are found in Bio-feron, not only in proper proportions to restore weakened vitality but in such form as the system can best assimilate them. A treatment of lecitithin and iron phosphate as combined in Bio-feron increases the appetite, aids nutrition and invigorates the patient. And Bio-feron in its tablet form is easy and palatable to take—no liquid

iron discoloration of the teeth, no unpleasant taste.

There is no secret or mystery about Bio-feron. Doctors prescribe it regularly because they know exactly what it contains as well as what it will do and they know they could not formulate a better up-building tonic.

The action of Bio-feron on the system is so beneficial, we are so sure of its giving you positive health and vigor, providing, of course, there is no serious, chronic ailment such as cancer, tuberculosis, etc., that we only sell it on the condition that you agree to return the empty package and accept a refund of your money unless you are entirely satisfied.

There is no use waiting for health and beauty. It is better to do things today than tomorrow. Go to your physician today—right now—he will advise Bio-feron. Then start taking it at once as he advises or as directions on the package call for. The guarantee protects your money. Interesting booklet may be had for the asking.

Large package \$1.00 at all leading druggists or direct if your druggist can not supply you. The Standard Remedies Co., Inc., Cincinnati, Ohio.

## Harvester Company Brands Story False

DURING the past month, reports have come to us that at farmers' meetings charges have been made, sometimes directly and sometimes indirectly, that this Company has adopted a policy of refusing to supply repair parts for old machines in order to compel the purchase of new ones. This statement is absolutely false. Such a policy has never been considered by this Company nor suggested to it.

Ordinarily we ignore such reports, because we have learned that any large company, no matter how fair and high principled, is subject at all times to unjust criticism. The facts are this Company has always recognized the importance of repair service and has used every effort to make IHC service the best. We believe we can truthfully say that the repair service furnished wherever this Company's goods are sold is equal if not superior to that furnished on any manufactured line.

We call attention to the fact that machinery "Fix-up Weeks," instead of being something new and originated by the farmers in 1921, as some seem to think, were really an outgrowth of the movement started by manufacturers and dealers' associations in connection with the Council of National Defense as a war conservation measure. Perhaps no other agency has done so much to promote "National Repair Weeks" as this Company.

The farmer needs machines which will be efficient and economical. If his old machines can be repaired so as to render efficient and economical service, he would be foolish to purchase new ones. Whether the farmer utilizes and repairs his old machines or buys new ones is a question for him to determine. But in making his decision, we give to every farmer who owns any IHC machines the assurance that a full stock of repair parts will always be provided by this Company.

Today, our repair stocks on the territory available for the farmers are 21 per cent greater than ever before at this time of the year. An average of a quarter million pounds of repairs are shipped from IHC factories for every working day in the year. Thirty million dollars' worth of repair parts are now ready, as insurance for the farmer when he needs this service.

In every International Harvester Works manufacturing orders call for repair parts first and even when furnishing them has meant cutting down production of new machines for which we had orders, repairs have always had preference. At every one of our 91 branch houses trained men are on duty to see that all orders are filled and shipped promptly. Thousands of dealers scattered everywhere with an assortment of repairs in stock are always ready and willing to render every assistance.

This service which this Company has rendered through the years to those who have purchased its machines has been a matter of great pride to the Company, and is the foundation of the cordial good-will existing between it and its customers.

We feel it is due the Company and those who have purchased its machines that we give the widest publicity to the fact that this service of repairs will be maintained and improved, and that any charges to the contrary are untrue.

**HOOD**  
RED BOOTS

Tuesday, Feb. 8, 1921.  
"Uppers cracked and one boot leaking.  
Can't go to town until Saturday.  
Next time, I'll buy HOODS."

LOOK FOR THE YELLOW LABEL

THE uppers on most red boots crack very quickly when exposed to sun and air. While no boot can stand undue exposure, the Hood Pressure Process produces a boot exceptionally free from this objectionable feature. When you buy a red boot with a yellow label and the word "HOOD" on it, you are getting the latest development—an upper that will stand rough treatment combined with the newest tire-tread soles, which means long wear and good looks. "HOOD" is your guarantee.

Ask any dealer or write us.

HOOD RUBBER PRODUCTS COMPANY, INC.

WATERTOWN MASSACHUSETTS

"I never knew how good rubbers could be." White Rock wearers tell us. That will be your experience, too, because not a single pair leaves the "HOOD" plant without full inspection. Sturdy, gray, tire-tread soles joined to heavy black uppers by the Hood Process. Made in all sizes for all kinds of hard service. They are leaders.

Hood made the first Kattle King. And it has never been successfully imitated. Just look them over next time you're in the store. All rubber uppers, that clean easily. Tough soles that give miles and miles of wear. Heavy brown fleece linings that keep the feet warm, and many other points of superior construction. Ask for Kattle Kings and look for the name "HOOD".
