WILL VOTE ON BONUS OF TEN DOLLARS PER MONTH

FOR SOLDIERS IN GREAT WAR---BILL PASSED UNDER SUSPENSION OF THE RULES---GIVAN REQUESTED TO OFFER AN APOLOGY.

(United Press Service)
Indianapolis, Mar. 3.—(Special to Daily Democrat)—Suspending the rules of the house of representatives today passed Representative Newman's bill providing a state bonus for ex-service men. The bill would grant former soldiers and sailors a bonus of \$10 for each month they spent in the service providing the proposal is approved by a vote of the people.

Following this the house suspended the rules again and passed Senator Ratts' bill appropriating \$200,000 with which to aid the school of the financially poor southern Indiana counties. Speaking for the measure Representative Fifield declared today many of the schools would be forced to close within a week unless immediate aid was extended them. The schools formerly were benefited by a special state school aid fund which was depleted by the special legislature last summer.

The vote on the bonus bill was 79 to 14.

Organized labor suffered its most pressing legislative defeat when the senate approved the house bill repealing the full train crew law and the full switching crew law. Both bills now go to the governor for his signature.

The vote on the repeal of the full switching crew law was 36 to 11 and the vote on the repeal of the full train crew law was 34 to 11. The laws specify the number of men to be employed in each of the respective crews and their repeal leaves this question entirely in the hands of the railroad.

The ghost of fraud charges in the legislature came back to haunt the law making body today.

While the house of representatives was being informed the lock on the house engrossing room had been broken the senate adopted a motion calling upon Representative Givan of Indianapolis to publicly apologize to employees of the senate engrossing room for charging that the Ratts' woman labor bill had been altered after it had passed the senate and before it was received by the house.

Senator Beardsley opened the fight in the senate. His motion called for an apology of the representative who started the commotion in the house. Beardsley's motion did not mention any names specifically but it was aimed at Givan and Representative Harris who exposed the mutilated

***** WILSON TO ENTER LAW *****

Washington, March 3.—(Special to Daily Democrat)—President Wilson today announced he will enter the practice of law with former Secretary of State Bainbridge Colby, with offices in New York and Washington.

The only previous experience Wilson has had as a practicing lawyer was in Atlanta, Ga., where he practiced for two years prior to his entrance into the field of education.

Colby before entering politics was well known at the New York bar.

The firms of Wilson and Colby will specialize in the field of international law where both members have become experts during the last few years of dealing with intricate foreign relations of this country.

This form of practice would not force Wilson to appear in court.

Wilson will soon make application to practice before the supreme court.

HAVING SUCCESS

Membership Drive by the Knights of Pythias Lodge Going Over Nicely

STATE FIELD MAN

Is Here—Ray O. Snyder, With Local Boosters Get Many Applications

Members of Keklonga lodge, Knights of Pythias, will have one of the most interesting meetings of the year this evening at the home on Third street, and if you are a Pythian Knight you should be on the job and listen to the report of the men, who this week have been working with Ray O. Snyder, of Bluffton, field man for the order, who is sent out under the direction of the Grand Lodge of Indiana. Mr. Snyder is a real Pythian booster, and with the help of several of the members of the local lodge has succeeded in getting a number of applications for membership which will be presented at the meeting this evening. The exact number is not known as we go to press, but at the noon hour more than thirty had made application. Local lodge officers and Mr. Snyder were hopeful of getting many more during the afternoon, and before the drive closes it is believed fifty or perhaps a hundred will be added to the membership roll of Keklonga lodge.

The citizens of Decatur know the Knights of Pythias lodge is one of the strongest here, and also in the United States, and are pleased to see the effort to enlist the men in the work of the lodge.

Arrangements will later be made to initiate the class, and this date will depend almost entirely upon the number and the desire of the applicants. It might be well to keep your eyes on the Knights of Pythias the next few months.

At Once—Appointment is Made by County Assessor William Frazier

Jay Cline, who has been a resident of this city for the past several years, was today named assessor for Washington township, to succeed William Blackburn, who has held the office for the past fifteen years, and who resigned Tuesday.

Mr. Cline is well known to most of the citizens of the township, having moved to this city several years ago, and lived in a residence in the west part of town up until a year or two ago when he moved to North Second street, where he now resides. Previous to coming to Decatur he lived in Root township, and was assessor there for six years. He is capable, and having had some experience, it is believed he will make one of the best officials in the county.

The appointment was made by County Assessor William Frazier, who is still confined to his home on Mercer Avenue because of illness. Mr. Frazier is directing the work of the assessors from his home, and the work will proceed as if there had been nothing to hinder the various assessors and their deputies in their get-away.

AT HOT SPRINGS

Mr. and Mrs. C. J. Furman of Marion Are Having a Delightful Time

MANY PICTURE SHOWS

But Only One Ten Cent Store in the City—Horseback Riding is Popular

Editor Daily Democrat,
Dear Friend John:—

As we are spending a few weeks at Hot Springs, thought it might be of interest for our Decatur friends to know just what Hot Springs is like.

It is a city of about 14,000 at the foot of the Ozark mountains. The principal industry, or rather occupation, is bathing. There is one street called Bath House Row. The bath houses are run by the government, so all have the same prices, \$18 for 21 baths. They are good for all the ailments of mankind or womankind. Just at the present time there are a great many northern people here. The government is building a large free bath house for the poor people which will soon be completed. This place is made up of hotels, apartment houses, rooming houses and boarding houses, but the rates are reasonable. The forenoons are taken up with the baths and the afternoons going to the auction. There are three oriental stores here and its wonderful what prices they get for some of their junk. The wealthy here seem to be the principal bidders. I saw a rug sold the other afternoon for \$2,100.00. Horseback riding is the main recreation. You hire the horse and riding habit. I could not begin to mention the picture shows, there are so many, but so far have only noticed one 10-cent store, but a number of curio shops.

We are enjoying the baths and the ideal weather just like spring, nice and warm, and the violets are in bloom. Hoping I have not intruded on your time and space. We remain, Yours for friendship,
MR. & MRS. C. J. FURMAN

ANNIVERSARY DAY

Evangelical Congregation Will Observe Fourth Anniversary of Completion OF THE NEW CHURCH

Sunday School, Preaching Services and Young People in Special Efforts

Next Sunday will be observed as the fourth anniversary of the new Evangelical church. The church has much to be thankful for on this anniversary. The congregation has grown from a group of twelve members in 1870 to over 200 members at the present time. This day will find the church with only \$1,000.00 in indebtedness with a large over subscription.

The Sunday school session will have some special features in observance of the day. The morning and evening services will be in charge of the pastor. There will be no noon lunch in the basement as in former years.

The Young Peoples service will deal with the history of the local society and its growth.

The evening service will be evangelistic and everybody welcomed to any or all of these services.

All branches of the church work have prospered much under the successful guidance of Rev. C. L. Haney, who is one of the most popular pastors in the city of Decatur.

MRS. FIELDS DIES

Unable to Survive Burns Received Last Saturday Morning at Her Home

WEST OF GENEVA

Has Been in Ill Health Several Years—Husband Died Few Months Ago

Mrs. Lucy Fields, who was so severely burned early last Saturday morning at her home six miles west of Geneva, when she saturated her clothing with coal oil and then struck a match and lighted the wearing apparel, died Wednesday evening at 8:05. Mrs. Fields had suffered terribly since, and her death had been momentarily looked for since the burns were received.

Mrs. Fields had been in ill health several years, and at different times had been an inmate of Easthaven asylum, and it was the fear that she was to be taken back to the institution that caused her to commit the rash act Saturday morning.

She arose early and went to the kitchen, supposedly to start the kitchen fire, but instead threw the oil over her clothing and alighted it. Her screams brought her sons to her aid, but before they could pull the burning clothing from her body the flesh was very badly burned from the shoulders to her knees.

Surviving are three sons and two daughters. The husband died suddenly several weeks ago when he choked to death after a bone had lodged in his throat, while eating dinner at the family home.

Barney Kalver is in receipt of a letter from his son, Jacob, of Chicago, telling of the death of Mrs. Jacob Kalver's father, Mr. Worten, of Chicago. He was 84 years old. His death occurred Monday and the funeral was held yesterday.

AWAIT THE HOUR

Senator and Mrs. Harding Arrived at the National Capitol at Noon

A CROWD MEETS THEM

The President-elect at the Willard Hotel Until Time for the Inauguration

(United Press Service)
Washington, March 3.—(Special to Daily Democrat).—President-elect and Mrs. Warren G. Harding arrived here today.

Greeted at the station by a huge throng, they stepped into a motor car and were hurried to the new Willard hotel where they will remain until they leave for the capitol tomorrow. Mr. and Mrs. Coolidge met the Harding party at the station.

The announcement today of J. J. Davis' appointment as secretary of labor closes the Harding cabinet.

George Christian whose appointment as Harding's secretary was announced today. He went to work, as a cub reported on Harding's newspaper thirty years ago. He was a democrat until a few years ago.

On Board President-elect Harding's Special Train, Enroute to Washington, March 3.—(Special to Daily Democrat).—President-elect and Mrs. Warren G. Harding were resting in their private car today as they sped toward Washington. They are due in the capital early in the afternoon.

Arriving at the Union Station they will be driven to the New Willard hotel and will remain in the presidential suite there until they leave for the capitol for the inauguration tomorrow noon.

Accompanying the president-elect on his special train were his father, Dr. George T. Harding, Dr. and Mrs. C. E. Sawyer, George S. Christian Jr., Harding's secretary, several members of the secretarial staff and a dozen or more newspaper correspondents. Several hundred Marion residents will leave Marion today on another special train and will arrive in Washington tomorrow.

The eve of inauguration found the President-elect and Mrs. Harding both calm, at least outwardly.

"There will be no attempt to act over the head of anybody," he said.

GERMANY MUST ANSWER BEFORE MONDAY NOON

ULTIMATUM IS SERVED TODAY---WILL BE COMPLIED WITH---BELIEVED OFFER WILL BE MADE TO INCREASE GERMAN OFFER IF POSSIBLE

WEARY OF WORK

Members of Legislature Anxious to Get Home After Long Grind

QUIT MONDAY NIGHT

Number of Important Bills Awaiting Action—Mrs. Nelson is Satisfied

(United Press Service)
Indianapolis, Mar. 3.—(Special to Daily Democrat).—Many members of the legislature want to get back home, according to indications today. They are becoming tired of the parliamentary procedure of making laws and they feel their interests at home need attention.

Many representatives will be glad when the motion is made to adjourn sine die Monday midnight. Before the session was two-thirds gone, the morning roll call in the house had dropped from 99 to 80 and now less than 75 usually answering present when their names are called.

"Although this has been a wonderful experience to me, I will be happy when we adjourn sine die," Mrs. Julia Nelson, Indiana's first woman legislator, said today. "I will be happy not because I am disgusted but because I have had all the law making I believe I can stand for the present."

Others who voiced these sentiments were Representatives Jinnett, minister, Bedgood, a lawyer, Hoffman, farmer; Phillips, physician; and Day, carpenter.

Most of the important measures have been disposed of, but there are many bills still pending in both houses. The senate today was to receive the report of the committee on rights and privileges which investigated the school book contracts, started by the state board of education at a cost of \$188,000 higher than the present contract. Both a minority and a majority of the committee was prepared to recommend a complete investigation with a report to the 1923 general assembly. The minority report signed by Senator Cann and Arnold censured the school board.

***** WARREN G. HARDING *****
***** THE 29TH PRESIDENT *****

There is some difference of opinion as to whether Warren G. Harding is the 28th, 29th or 30th president of the United States.

Harding is the 28th individual to sit in the presidential chair. However, Grover Cleveland was twice president, with an interval of four years between his terms. For presidential purposes, therefore, most statisticians regard him in this connection as two men and rate Warren Harding as the 29th president. "Whose Who in America," generally accepted as an authority, names Wilson as 28th president.

Counting Harding, there have been 39 times that the oath of president has been administered, including presidents who have been elected to second terms and vice presidents who succeeded the men elected to the office. On this basis, therefore, Harding would be the 39th president.

REGULAR LANDLORD

A special to the Indianapolis News from Lynn, Mass., says: "A landlord whose tenants said he had a heart of gold received a purse of gold last night from fourteen families, who joined in a celebration of the fiftieth anniversary of the wedding of Mr. and Mrs. Dana B. Durgin. The landlord had not increased their rents in the last five years, although other owners all about them had piled increase on increase."

London, Mar. 3.—(Special to Daily Democrat).—It was announced officially today the allied nations have served an ultimatum on Germany, demanding acceptance of their reparations proposals before Monday noon.

The German delegation announced it will answer before Monday.

London, Mar. 3.—(Special to Daily Democrat).—The attitude of the German delegation here for reparations conferences deemed all conciliation today.

The delegates hope to avoid a blockade or anything approaching it. "We are ready to negotiate to make our proposals more attractive," one representative told me. "The only thing that will drive us home will be a flat demand that we sign the Paris proposals without alteration."

It was stated that the Germans were in close touch with Berlin and that officials there will be advised to shape conciliatory proposals when the allies issue their ultimatum today.

If given the chance the Germans may propose increasing indemnity payments as the country's prosperity revives.

Members of the council, their experts and military attaches appeared solemn as they drove up to St. James palace through great crowds.

Premier Lloyd George's face lacked its customary smile and Premier Briand eyed the crowds somberly. Only Marshal Foch was smiling as he acknowledged applause with military salutes.

The German delegates drove up amid a great silence. Dr. Von Simons was pale and apparently downcast. Some of his assistants were smiling as they swaggered through the great entrance.

It was the largest meeting of the council.

If the ultimatum is allowed to expire the allies will take over important industrial cities in Germany, including Ruhr coal ports. The penalty also includes levying a customs tax and the establishment of a custom line along the Rhine.

The allies also notified the Germans they can expect no alteration of the Paris demands if the ultimatum becomes effective.

Premier Lloyd George announced the ultimatum to the German delegation headed by Foreign Minister Von Simons.

London, March 3.—(Special to Daily Democrat).—The allies today served an ultimatum on the German delegates, demand acceptance of the reparations demands by Monday noon, it was authoritatively stated.

Lloyd George told the German delegates that the following penalties will be imposed: Occupation of Duisberg, the Ruhr ports and Dueseldorf.

Levying of an equitable tax on all German exports to the allies.

Establishment of a customs line along the Rhine.

The British premier stated also that any modification that might be permitted by immediate acceptance of the proposals, will be abandoned if the allies are compelled to use force.

ON THE FINAL LAP

(United Press Service)
Washington, March 3.—(Special to Daily Democrat).—Congress today entered the last hours.

Both houses will be in session all day, all night and until a few minutes before noon Friday. With hope of passing the sundry, civil and naval appropriation bills virtually ended, efforts were to be directed towards a cleanup of other measures including the army bill.
