**But She's Now Picture Of  
Health, Says Indiana  
Man—Declares All Mon-  
ey On Earth Couldn't  
Buy Good Tanlac Did.**

"I never expected to see my wife well again, but since she took six bottles of Tanlac her recovery is the talk of the whole neighborhood," said Rinal Penon, R. F. D. 3, Box 375, Indianapolis, Ind.

"My wife's health began to fail nearly twelve years ago. She had chronic indigestion and had to live on the lightest of diets.

"Gas would form on her stomach and press up against her heart and she'd get so dizzy and faint I thought she would fall before I could catch her. She had pains and cramps in her stomach that were so severe she would break down and cry. She was so ner-

vous she would shake like a leaf and often she couldn't get to sleep until nearly day.

"She complained of headaches a lot and was troubled in one way or another all the time, being too weak to even try to do her housework.

"About two months ago she commenced taking Tanlac and today she looks like a different person. Her face has filled out, she has a good, healthy color and is the very picture of health.

"She is eating anything and everything she ever did and is never troubled afterwards at all. She is free from those headaches and dizzy spells and her nerves are so steady she sleeps like a child all night long. There is not enough money in the world to buy the good Tanlac has done my wife."

Tanlac is sold in Decatur at Smith, Yager & Falks; in Berne at Stengel & Craig's; in Geneva at P. C. Deitsch's and in Monroe at O. O. Hocker's.

YOU can now obtain at perfume counters everywhere these famous extracts in the most delightfully economical form.

Imagine being able to carry your favorite perfume with you wherever you go, without danger of breakage, spilling or evaporation.

And how simple and convenient to use! You open the little French Ivory case—it's about the size of a lipstick—take out a NIP, break off both safety sealed ends and Presto!—out comes the rare extract. The glass you break has the consistency of sand. Each NIP contains just enough essence for correct perfuming; there's no danger of over-use; so common when applied from a bottle.

With NIPS, wastage is impossible. Breakage is unknown. You can drop a case of NIPS from your purse to the street yet every tube remains intact, its fragrant contents safe always.

# FOR THE FARMERS

## Items of Interest to the Farmers of Adams County.

The regular meeting of the Union Township Community Organization will be held on Thursday evening, March 10th, an interesting program has been prepared consisting in part of motion pictures. E. C. Salsbury, county agent of Wells county, will be present and give an address.

The St. Mary's Township Farmers' Federation will have a meeting at the Bobo school on next Friday evening, March 11th. A program is being arranged. Pictures will be shown. D. J. Schwartz, president of the Adams County Farmers' Association will be present.

## FERTILIZER PAYS

ON HOME GARDENS  
Lafayette, Ind., March 9.—Fertilizer will pay big returns on the small backyard or farm garden the same as it does on general farm crops. This has been shown by extensive experimental work throughout the country.

"Manure is the best source of fertility since it will add organic matter as well as plant food to the soil. If none is put on in the fall or winter, it may be applied now and turned under when the ground is plowed or spaded. Two or four tons to a lot, 50x100 feet, is a medium application," said F. C. Gaylord of the horticultural extension staff of Purdue university.

Nitrate of soda is much cheaper this year and it will be well to have a small amount on hand to use on lettuce and other leaf crops in the early spring to hurry their growth.

Indiana soils are especially deficient in phosphoric acid. Acid phosphate applied at the rate of 75 to 100 pounds to the average city lot, or two pounds to 100 square feet will be the most beneficial fertilizer to use except manure. The steamed boned meal may be applied at the rate of one pound to 100 square feet. These fertilizers should be spread on the garden just before harrowing or raking.

Lime is of particular value in the case of acid soils and heavy clays but should be applied to almost all gardens, 15 to 30 pounds of ground limestone or air-slaked lime to the square rod. Lime furnishes no plant food but sweetens and lightens the soils and by chemical action makes certain foods already in the soils available to the plants.

From these recommendations the home gardener may figure out how much fertilizer he should apply. Have it on hand when your gardening starts.

# TO POSTMASTERS

## Will Hays Says Civil Service Will Be Continued in Award of Postmastership

(United Press Service)  
Washington, March 9.—(Special to Daily Democrat)—Civil service will be retained in the awarding of postmasterships, it was learned today.

While no decision has been reached as to the disposition of the Wilson executive order which aimed to remove postoffices from the patronage list, it stated that the new administration does not intend to complete revision to the old system. Some change is contemplated, however. The postal establishment is not an institution for profit or politics, Postmaster General Will Hays declared today.

"It is an institution for service and it is the president's purposes that humanize the industry. Labor is not commodity. There are 300,000 employees in the postal service," Hays said he would propose that they "be partners in the business."

The census of the United States is taken every ten years. City and state census estimates made at intervals during the ten year interim periods are not regarded as official.

## MR. BROKAW COMES TO THE FRONT

Tells His Friends and Neighbors of His Experience.

Every Decatur resident should read what Mr. Brokaw says, and follow his example. He has used Doan's Kidney Pills and speaks from experience. Is there any need to experiment with imitations or untried kidney medicines?

Chancey Brokaw, S. 8th St., Decatur, says: "Last winter my kidneys got out of order, caused by a cold settling on them. My back ached considerably and I had lumbago pains across my back and hips. The action of my kidneys was irregular. I used Doan's Kidney Pills from Smith, Yager & Falk's Drug Store and they soon fixed me up in good shape. In a short time my back was well and strong."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brokaw had, Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## Marshal Foch Due in Belgrade

(Continued from page one)

ations from Germany were revealed today by Andrew Bonar Law, government leader in Commons.

Bonar Law announced that a bill will be introduced shortly providing for the seizure of fifty percent of the value of German exports. He stated that immediate passage of the bill will be urged since trade with Germany will be suspended for the time being.

Military and naval activity will be expensive, possibly consuming a short share of the money gained through the customs. From French sources it was learned that even more extensive invasion of Germany is being urged in the hope that Germany at least will agree to paying something like the great sum demanded by the allies.
