### "WACO KID" DEAD

Stool Pigeon for Chicago Police Who Figured in the Worden Case

### RIDDLED BY THE GANG

While Sitting in the Dining Room of Ponce de Leon at St. Augustine

Chicago, March 29.—(Special to Daily Democrat)—The "Waco Kid," millionaire con man, has "squealed" his last, Chicago police were notified today.

The "Waco Kid"—Willard Powell—for years has been a "stool pigeon" for Chicago police. Whenever he got caught in a tight place he "squealed" on his pals and received immunity for it.

The history of the "Waco Kid" goes back to the days of the notorious Maybray confidence gang here. He had a falling out with "Yellow Kid" Well and informed the police of their wire tapping game.

This led to several members of the police department going to prison with members of the gang. The "Waco Kid" got immunity, though.

Fred K. Buckminster, the "Alabama Kid," and "Little Alf," members of the gang escaped where they are said to have joined the "Waco Kid" in Florida.

They are said to have made millions in the last four years fleecing millionaires. They maintained the international turf exchange in an office building in Daytona.

Again they got in difficulties with the authorities and again the "Waco Kid" is said to have "squealed" on his pals.

This led to the arrest of Buckminster. On charge of fleecing Charles Worden, bank president of Fort Wayne, out of \$100,000.

The "Waco Kid", police were informed today, was sitting in the palatial dining room of the Ponce de Leon at St. Augustine Monday night.

A gang appeared at the curtained window and riddled his body with bullets. It has just been identified.

### Restaurant Man Couldn't Eat His Own Food

"It's pretty tough for a restaurant man to have stomach trouble. My customers were always telling me I ought to eat in a good restaurant. The fact was I couldn't eat a thing that didn't bloat me up and no medicine or doctors helped me. I tried everything recommended and at last Mayr's Wonderful Remedy, and I assure you I didn't have to look any further. Since taking it I have been a well man." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

### PEARL WHITE AT CRYSTAL

The Crystal theatre will offer as the main attraction Wednesday the William Fox adaptation of Charles Neville Buck's famous novel "A Pagan of the Hills," in which Miss Pearl White is starring. The pictured version is known as "The Mountain Woman," and is said to give this beautiful star one of the finest pictures of her whole career. Which is saying a good deal when one recalls such pictures as "Tiger's Cub," "The White Moll" and "The Thief"—all three of them Fox productions, the last-named being the screened version of Henri Bernstein's greatest play. Miss White's instantaneous success in emotional drama after reaching the pinnacle of fame in serial pictures has been as remarkable as it is gratifying.

In spite of the remarkable success of Miss White's previous picture, "The Thief," many persons declare that "The Mountain Woman" eclipses that production for sheer strength of characterization and interest. There are several startling scenes in the picture, according to advance notices.

**THE HOOVER**

THREE CLEANERS IN ONE

Some people go over their rugs with a vacuum cleaner. Next they use a broom for clinging litter. And they feel they must have their rug beaten every so often.

Other people "Just run The Hoover over." Their rugs are always "clean to the roots." The nap is kept upstanding. Colorings always look bright. The rugs wear years longer. Certainly it is better to combine three cleaning operations in one as only The Hoover does, which is one secret of its largest sale.
