

It's A Fact

That Good Shoes Cost Money.

It's a fact that we wish that they could be sold for less. It's a fact that we made more money when shoes were sold for low prices. It's our ambition to make money. Every business wants to. But—it's not our ambition to make our money out of a few sales. We want a lot of sales—and a lot of sales can only be had by increasing the number of our customers. That's why you'll find our shoes sold at such reasonable prices. We sell two pairs while the other fellows sell one.

It was a Mississippi man who couldn't make his Ford go, and indignantly blew the thing up with seven sticks of dynamite. That's more wasteful than building a fire under a balky horse, but it isn't cruelty to animals under any state code.

senate and when he endorsed it in his speech of acceptance during the campaign.

At the outset of his interview with the newspaper men Harding denounced reports that he approved the plan espoused by the senate ir-reconcilables calling for immediate adoption of the Knox measure. These reports, he made clear, are entirely unauthentic. The president insisted that he is committed to no definite program and declined to discuss any possible plan at present. He indicated however that the whole subject of international relations would be dealt with in his message to congress next week. It was indicated that whatever steps are taken would come along piece-meal.

The Certainty of Correctness

Because of the long period of service expected of any article of Jewelry, a watch, or a piece of Sterling silver for the table, it is very important that the correctness of its character and the worthiness of its quality be established in advance.

The certainty of correctness is sure to attach to any selection that comes from this store, no matter how little or how much expenditure may be involved.

This store has always been known for the unusualness of its merchandise—a characteristic which has given our house recognized prestige with the discriminating public and it is always a pleasure to show our wares.

Easy Way To Ward Off Cold

It's better to take a few pleasant little tablets and ward off a cold than to pay big doctor bills and lie in bed for days or weeks with pneumonia.

During the fall and winter months when gripe and pneumonia keep the doctors busy, health authorities urge everyone to "Watch out for symptoms of colds and get after them right off."

Take no chances. At the first sign of sniffing and sneezing get a box of Lightning Laxative Quinine Tablets and stop the cold within 24 hours. Lightning Laxative Quinine Tablets are safe, pleasant; never gripe or sicken. Drugists guarantee them. Only 25c per box.

Bad Luck and the Devil Pursued Him

"I don't think any one has had more bad luck and sickness than I have. In 1905 I had two ribs, an arm and collar bone broken in a railroad accident. Then I had pneumonia. After recovering I crossed a pasture when a bull chased me, tossed me over the fence and broke my right leg. In 1910 I had typhoid fever; since then severe stomach and liver trouble, which no medicine or doctor touched until two years ago I got a bottle of Mayr's Wonderful Remedy, which proved the first day of light in thirteen years." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

HELPED HER LITTLE GIRL

Children need all their strength for growing. A lingering cold weakens them so that the system is open to attack by more serious sickness. Mrs. Amanda Flint, Route 4, New Philadelphia, Ohio, writes: "Foley's Honey and Tar cured my little girl of the worst tickling cough. I had tried many things and found nothing to help until I got Foley's Honey and Tar." Gives immediate relief from distressing, racking, tearing coughs. Sold everywhere.

THREE CLEANERS IN ONE

Some people go over their rugs with a vacuum cleaner. Next they use a broom for clinging litter. And they feel they must have their rug beaten every so often.

Other people "Just run The Hoover over." Their rugs are always "clean to the roots." The nap is kept upstanding. Colorings always look bright. The rugs wear years longer. Certainly it is better to combine three cleaning operations in one as only The Hoover does, which is one secret of its largest sale.
