## BETTING ON AMERICA.

The curious fact is announced that the number of owners of railroad stocks has increased materially in this country in the last six months, despite the inability of many roads to make dividends and the steady falling off in earnings.

On the fact of it, American investors might appear to be using poor judgment. In reality, however, this willingness to put money into railroad securities under present conditions is an indication that those who buy shares or bonds at present low figures are keen students of the markets and are putting in their cash with their eyes fully open.

These new owners of railroad stocks are merely "betting on America," a sure-flying wager that has netted many a fortune. They feel absolutely certain that good times are to follow bad; that the railroad tangle will be unsnared, and, with the return of prosperity, they are gambling on a rapid rise in "rails."

The only uncertainties are when the turn will come and when the bottom will be reached in stock prices. But the man who buys standard railroad shares at this time and tucks them away feels that he is reasonably sure of a fair return on his money, if he has the patience to wait a few months.

It's betting without gambling, be-

cause the better is taking no chances.

The Decatur Industrial Association will make an effort to help this county and city. It is just a plain, every day organization for that cause. Farmers, laboring men, merchants, manufacturers and citizens are urged to become members, to join in this common cause for the benefit of every one. Here is one place where we should work together for the general good of all, and there are several big things to be done during the year. Your co-operation will help and your advice will be appreciated. Come in now.

The doctors have decided that the young man in Chicago who claimed to be a cousin of Warren G. Harding was fixing his house with cash received from those who thought he was fixing Warren for jobs for them, in afflicted with "domestic procreational katatonia." That's just what we thought he had, didn't you, but we didn't know how to pronounce it.

If the merchants of Decatur don't like the plan proposed by Mr. Lowe, why not get busy on one that will establish further confidence with those who trade here? The idea seems at least to be sound and evidence from seventy other towns prove it works. What we need is more effort.

When you get through cleaning up and remodeling and pay the bills, you are not at all sure that every one has decided to go back to normalcy. If you don't swallow hard a couple of times before you get the check written, you have enough nerve to beat the game.

Money is getting to be a scarce article and after the spring installment of taxes are paid a ten dollar bill will probably be somewhat of a curiosity. We will send more cash to Indianapolis than we used to collect. Do you wonder that times are hard?

The Harding administration is dis-

covering some real problems and the funny thing about it all is that those disposed of up to this moment have been just in accord with the views of Mr. Wilson.

If the millions to be spent in the anti-tobacco crusade was devoted to re-establish industrial conditions and make people happier, it would appeal to the average citizen more.

The price of eggs tumbled the past few weeks and here is a lesson in it—the hen kept right on working and finally won out.

There are more signs of "Normalcy" the nickel is showing a few feeble signs of coming to life again.

## NOTICE OF NEW ESTIMATE OF THE ADAM BIENZ MACADAM ROAD

To the Voters of Union Township, Adams County, Indiana:

Notice is hereby given that heretofore the Adam Bienz Macadam road, located wholly within Union Township, Adams County, Indiana, was duly and legally ordered, constructed, established and improved, according to the laws and regulations thereon before and according to law, and that thereafter on the 8th day of February, 1921, the board of commissioners of Adams County, Indiana, by an order of record, fixed the time for the receiving of bids for the sale of said improvement to be up until 10:00 o'clock a.m. on the 8th day of March, 1921, and ordered that all bids for the sale of said improvement be given pursuant to law; that bids will be received by said Board for the sale of said improvement up until the 8th day of March, 1921.

That on said date no bids were filed or received for the construction of said improvement by said Board on the 8th day of March, 1921, and the Board of Commissioners in regular session found that no bids had been filed, made or received for the construction of said road or for the fixing of the receiving of said bids, and the Board after being advised in the premises and after investigation found that the cause of receiving no bids for said road was the estimate of the costs of the construction and improvement of said road as made by the viewers and engineer of the viewers and engineer of said road was less than the cost of procuring the same to be improved, made and constructed as proposed.

That on the 8th day of March, 1921, the Board of Commissioners, pursuant to law appointed John T. Tydell, Charles F. Steele and Dick Koch, as Viewers and Engineer, respectively, to prepare a new estimate of the cost of construction and improvement of said road and that on the 21st day of March, 1921, said viewers and engineer reported said estimate in writing to said Board of Commissioners that the total estimate of the costs of construction of said road and improvement as estimated and made by said viewers and engineer last appointed is in the sum of \$19,605.40.

That on the 5th day of April, 1921, said Board of Commissioners, duly and legally acting thereon, approved said new estimate as made by said viewers and engineer, and the same, by order of said Board was duly entered of record.

That a new estimate is now on file in the office of the Board of Commissioners and the Auditor of Adams County, Indiana:

## RAILROAD MEN STAND PAT.

Chicago, April 7.—(Special to Daily Democrat).—Wages of common labor on the railroads of the country must not be arbitrarily slashed, the United State Railroad Labor Board ruled today.

Both sides of a wage controversy must come before the board and present their cases and a ruling of the board given before wage cut can become effective, it was declared.

## REFUSE CUT IN WAGES.

South Bend, Ind., April 7.—(Special to Daily Democrat).—One thousand building trades workmen voted to reject a 20 percent wage cut late yesterday. Electricians and plumbers also are on strike because of a wage cut something to about fifteen percent.

## HELPED HER LITTLE GIRL

Children need all their strength for growing. A lingering cold weakens them so that the system is open to attack by more serious sickness. Mrs. Amanda Flint, Route 4, New Philadelphia, Ohio, writes: "Foley's Honey and Tar cured my little girl of the worst tickling cough. I had tried many things and found nothing to help until I got Foley's Honey and Tar." Gives immediate relief from distressing, racking, tearing coughs. Sold everywhere.

BIG ULCER  
ALL HEALED

"Here is another letter that makes me happy," says Peterson, of Buffalo, "One that I would rather have than a thousand dollars."

"Money isn't everything in this world. There is many a big-hearted, rich man who would give all he has on earth to be able to produce a remedy with such mighty healing power as Peterson's Ointment, to sell at all drugstores for 60 cents a large box."

Dear Sirs:

"I was an untold sufferer from old running sores and ulcers. I had tried every remedy known to man and was afflicted from pain. A friend told me of your wonderful ointment and the first box took away the pain that had not left me before in years, and after using just one dollar worth of your ointment I am cured. The ulcer was 9 inches by 6½ inches, is all healed and I can walk. Never, never will I be without Peterson's again."

"I would like to recommend your ointment, if you wish. I cannot say enough to praise it." Yours truly, Mrs. Albert Southout, Medina, N. Y.

MRS. HAYDOCK  
SAVED FROM  
AN OPERATION

Followed Advice of Her  
Druggist's Wife and Took  
Lydia E. Pinkham's  
Vegetable Compound

Chicago, Ill.—"I was in bed with a female trouble and inflammation and had four doctors but none of them did me any good. They all said I would have to have an operation. A druggist's wife told me to take Lydia E. Pinkham's Vegetable Compound and I took 22 bottles, never missing a dose and at the end of that time I was perfectly well. I have never had occasion to take it again as I have been so well. I have a six room flat and do all my work. My two sisters are taking the Compound upon my recommendation and you may publish my letter. It is the gospel truth and I will write to any one who wants a personal letter."—Mrs. E. H. HAYDOCK, 6824 St. Lawrence Avenue, Chicago, Illinois.

Because Lydia E. Pinkham's Vegetable Compound saved Mrs. Haydock from an operation we cannot claim that all operations may be avoided by it—but many women have escaped operations by the timely use of this fast-acting and constructed as proposed.

Highest Food Authorities tell  
why Karo is one of the greatest of all  
energy-producing foods

Every father and mother should read this message

There is much more than the deli-  
cious taste of Karo to account for the  
fact that more than two hundred  
million cans were sold last year.

It's simple enough, when you know that  
Karo is perhaps the richest of all foods in  
Dextrose. And Dextrose is one of the  
most important food elements there is.

You could not live long  
without Dextrose

Most of the foods you eat—such as bread,  
starchy vegetables, and all forms of sugar—  
have to be changed into Dextrose before  
your system can use them as energy foods.

So Karo may almost be said to be a pre-  
digested food. These are scientific facts,  
supported by the very highest medical and  
food authorities. Send for the free booklet  
mentioned below and read the facts.

Karo is perfectly delicious—whether for  
cooking, baking, candy-making, or preserv-  
ing. It's the best part of the breakfast for  
millions of people—on pancakes, hot biscuits,  
or as a spread on toast.

## Your Protection

Do not be deceived by cans containing syrup that  
might look like Karo. The name "Karo" is on every  
can of original Karo—look for it, and be assured of  
full weight cans and highest quality.

## BLUE Karo

The standard table syrup. Also for cooking, baking,  
candy making and preserving. Light brown color, delicious fla-  
vor—a heavy-bodied syrup.

## RED Karo

The Ideal Syrup for every use—for cooking, baking,  
candy making and preserving. Because of its honey-  
like appearance many prefer it as a spread for cakes,  
biscuits, breads.

## GREEN Karo

Flavored with highest grade real maple sugar. Very  
moderate in price—absolutely pure. The makers of  
Karo are the world's largest users of the highest grade  
maple sugar—over a thousand tons used annually.
