SPORT NEWS

Good Game Sunday.

The local base ball fans are assured of a good game Sunday afternoon when the Decatur base ball club will clash with the fast Lima All-Star base ball team at Belmont park. The Lima team has the reputation of being the fastest club traveling out of that city and probably the strongest team in that section of Ohio. Included in their line-up is their star pitcher, Rohe, a lad who signed up with the southern league and who has secured a temporary release. The Buckeyes have a real team and are out for a victory Sunday. The locals made a good showing in their first game of the season last Sunday and promise to do still better. Come out and root.

Who'll Win?

Cleveland, Ohio, April 29.—Johnny Kibane, featherweight champion of the world.
"It will go the limit. I don't look for a knockout. I'll be pulling for Dempsey to win but I'm afraid he is up against the stiffest opponent he ever has faced. This Carpentier can hit and he is clever no matter what some people think. If the bout goes the limit of course Dempsey will be winner."

Big Meet at Philadelphia.

Philadelphia, Pa., April 29.—Philadelphia presented today an American edition of the Olympic games.

Three thousand American athletes from five hundred schools and colleges and a sextet of France's best athletes were on hand for the Pennsylvania relays.

Thirty-one members of Uncle Sam's Olympic team were on the program.

Three Olympic champions were carded as one of the many features for two days of gala sport starting this afternoon on Franklin Field.

A heavy mist was falling this morning and should it continue through the day, the athletes will have to perform this afternoon on a heavy track.

Game Postponed.

The base ball game scheduled to be played this afternoon at Belmont park, between the Fort Wayne high school nine and the local high school team has been postponed until Wednesday afternoon on account of the rain which fell throughout the day.

REDS SEND CIRCULARS.

Chicago, April 29.—(Special to Daily Democrat).—Tons of literature calling for a "Red" May Day in Chicago and vicinity were seized by federal authorities today.

The circulars were signed by the Central committee of the communist party of America and called for overthrow of the government. Two men were arrested in Chicago today in connection with the distribution of the pamphlets. Three federal agents were sent to Hammond, Ind., where where "Red" literature was being distributed.

Terre Haute, Ind., April 29.—(Special to Daily Democrat).—The watchman of the Terre Haute Iron and Steel Malable company found some "Red" literature at the gates of the plant early today, signed by the United Communist party and calling for an armed uprising May 1. The police turned the circulars over to federal agents.

When half done, add the cold milk and finish cooking.

WORTH MORE THAN GOLD, SHE SAYS

Evansville Woman Wouldn't Take Anything in World for the Good Tanlac Did Her

"I wouldn't take anything on earth for what Tanlac has done for me, said Mrs. Della Kirkpatrick, 216 John street, Evansville, Ind.

"Two years ago last winter I had a severe attack of influenza which left me in an awful bad condition. I had a nervous, hacking cough and sharp, shooting pains all through my chest. After the least exertion I was so short of breath I had to sit down and rest. I fell off so much my friends noticed it, and I became so weak I could hardly stand on my feet. At night I couldn't find any comfortable position and always lay awake until two or three o'clock in the morning just aching and throbbing all over."

"Well, I was pretty downhearted when I got Tanlac, but before I had finished taking the first bottle I felt better, so I kept on taking it until now I feel like a new woman. I sleep like a child nights and am always feeling rested and full of energy. I have gained several pounds in weight and my friends are talking about my wonderful improvement. Since Tanlac has helped me so much I wouldn't think of being without it."

LARGE SOYBEAN ACREAGE EXPECTED IN THE STATE

Many farmers in the state are taking advantage of the low price of soybean seed this spring and will grow a field of soybeans to supplement their clover or alfalfa acreage, it is pointed out by W. A. Ostrander of the soils and crops extension staff of Purdue university. Indications now are that the 1920 soybean acreage of 200,000 will be increased this year, he said.

"Seeding them with a wheat drill at the rate of a bushel to the acre about a week ahead of the usual corn planting date, insures a good quality of hay and on good ground they should yield two or three tons of hay per acre," said Mr. Ostrander. "By planting this early, the crop may be cut in August when the weather is good for curing."

"When the beans are used for hogging off, as thousands of acres will be this year, planting a bushel on about ten acres, will get the beans thick enough. Most farmers find that planting the corn a little shallower than usual give best results as the beans will not stand the deep covering of earth. Its Sans are being used in the northern third of the state and southern sections. Thorough inoculation of the seed is necessary for success, where the crop has not been grown before. Mixing the dirt from a well inoculated field with the seed is sufficient."

"When we consider that soybean hay has about the same feeding value as alfalfa; that corn and soybeans for hogging down provides one of the best economical ways for producing pork, and that prospects are good for locating a soybean oil mill in the state to care for surplus cracked beans, those of poor quality, mixed variety and poor germinators the soybean situation in the state is 'looking up.' The soybean is coming into its own in Indiana."

MOCK MINCE PIE

One cup raisins, two cups sugar, one and one-half cups bread crumbs, two cups water, one-half cup vinegar, butter size of hickory nut, one teaspoonful allspice. Cook until thick. This makes filling for three ordinary sized pies.
