Entered at the postoffice at Decatur, Indiana, as second-class matter.

A good many farmers are interested in the plans being made to loan them money but they would be more pleased with a market which would permit them to sell their products at a profit.

An actress is suing her multi-millionaire husband for \$10,000 temporary alimony because he has been in the habit of giving her that amount. This should be a warning to all other husbands.

We do not know what they can do in that Illinois town where Saturday night bathing is too much of a drain on the waterworks, unless they toss coins and only half of them bathe, but that would put baths two weeks apart.

It was scarcely necessary of the report from Shanghai of a clash between American and Japanese sailors to add that there were casualties. There always are when anybody in a fighting mood picks on American sailors.

Until the electric storm hit the city last night at eleven o'clock, Martin Mylott and his assistant were battling a perfect score with every light burning brightly. Then about a third of the fuses burned out and the trouble started right over again. This gives you some idea of the difficulty of the job. The men are entitled to credit for their efforts and deserve the sincere co-operation of the citizens. It's a big job and a hard one but it will be done.

Monday is Decoration Day. It belongs to those heroes who offered their lives as a sacrifice to patriotism and who on that day pay homage to their comrades who sleep in the silent city of the dead. It should be observed with a sincerity and solemnity fitting the occasion. An excellent program has been prepared here and the veterans of the several wars will join in observation of all the day implies.

The difficulties between the Shank faction and the regular republican organization in Indianapolis grows and it looks as though the division will result in much independent voting. Shank is opposed by B. M. Ralston, a brother of the former governor, a high class business man who would give an excellent administration of the affairs of the largest city in the state. A vaudeville performer who has proven his unfitness once as mayor is asking the suffrage of the people against an opponent whom every one admits is capable and now we shall see whether voters really look to their own interests ahead of politics. Our guess is that after Watson and New and Hays get through they will find some excuse for supporting Shanks.

Meetings of various kinds are now being held by the captains of industry, the president and his cabinet, Treasurer Mellon, second richest man in this country and others hold frequent consultations to discuss how to improve industrial conditions. It seems funny that they do not really consider how they can benefit the farmer and until they do that there will be no real, healthy improvement in conditions. They start at the wrong end, figuring all the time the things which effect the capitalist. If they would improve the markets for the farmer, things would become normal quicker than in any other way. They are starting to build the steeple of the church without any foundation or building beneath and you know it can't be done.

"They will take away tobacco next" is the wail of those who have become apprehensive concerning a possible twentieth amendment, which would go farther than the nineteenth. It is worth while to ask just how much

progress has been made toward creating a smokeless, chewless, snuffless United States. This year the legislature of 42 of the 48 states have been in session, and many of them have had anti-tobacco legislation under consideration. Utah, where the influence of the Mormon church is against tobacco, has adopted an anti-cigarette law. In Idaho the legislature passed a bill prohibiting the use of tobacco, but then changed its mind and repealed it. The lawmakers of Tennessee and Iowa have recently repealed their anti-cigarette laws, and in Arizona a bill to prohibit smoking in public dining rooms and in other places was amended to include consumption of peanuts, the chewing of gum and the drinking of tea or coffee. Then the bill was defeated by the senate. A petition for a referendum in Oregon to prohibit the use of tobacco failed of sufficient signatures to put the question on the ballot. The crusade has advanced one small step, been thwarted several times, and slipped back three steps. Evidently there is no reason for adding a supply of cigars and cut plug to the most private stock in the cellar.

## GUY PLAYERS NEXT WEEK.

The Guy Players will open a weeks engagement under their big tent in the Ahr field, just east of the Monroe street bridge, Monday evening with the entertaining comedy "I Say He Did." Ladies will be admitted free, one with each adult ticket. Admission 15 and 30 cents. The company carries a strong cast and the special vaudeville acts add to the program.

## FOUR DOCTORS GAVE HER UP

Through a Neighbor's Advice This Woman Was Restored to Health by Lydia E. Pinkham's Vegetable Compound

Kenosha, Wis.—"I suffered with a female trouble and at last was in bed for six weeks with what the doctors called inflammation of the bowels. Four of them said I could not live. A neighbor told me to use Lydia E. Pinkham's Vegetable Compound and it helped me from the start. When the doctor came I told him what I had taken and he said, 'Throw my medicine away and keep on with the Pinkham medicine.' I did and it cured me. If more women would take your medicine they would not suffer so. I have recommended the Vegetable Compound to lots of people and they have been satisfied."—Mrs. MARY RHAFSTOCK, 2704 Wisconsin St., Kenosha, Wisconsin.

When a woman is beset with such symptoms as irregularities, inflammation, ulceration, a displacement, backache, headaches, bearing-down pains, nervousness or the "blues" she should treat the cause of such conditions by taking Lydia E. Pinkham's Vegetable Compound, the standard remedy for woman's ills.

Foor, Mrs. Wilson Guluck, Mrs. Ed France, Mrs. Bryce McMillen and children, Mary Katherine, John William and Elizabeth Ann; Mr. and Mrs. Chas. Schenck and children, Margaret, Helen, Amy and John Charles; Mr. Cloyce Beam. The ladies did a large amount of sewing and had a very enjoyable time. The dinner was a great success patterned after the old fashioned country dinner. The day was pronounced by all to be absolutely the most enjoyable of any for some time.

The Catholic Ladies of Columbus will meet in special session at the K. of C. hall Tuesday evening. Business of importance, and all members are requested to be present.

The Delta Theta Tau sorority will meet Tuesday evening at the home of Miss Mildred Niblick. All members are urged to be present.

Announcement has been received here of the engagement of Miss Edwina DeBevoise Van Camp and Paul Anthony Pages, the announcement being made by Mr. and Mrs. Walter Spiegel, uncle and aunt of the bride-to-be, who live at 49 St. Nicholas terrace, New York City. Miss Van Camp will be remembered here as the daughter of the late Anson Van Camp, and for some time has made her home in the east. Mr. Pages is the manager for the Brunswick-Balke-Colender company at Savannah, Cuba. Miss Van Camp visited this city last summer, being a guest of Mr. and Mrs. Hugh Thomas Vail, and other friends. The marriage will take place sometime in December.

At a meeting of the members of the So-Cha-Rea club last evening, plans were made to give a miscellaneous shower for Miss Naomi Gass, a bride of June 7th. The shower will be given at the home of Miss Florence Holt-house, on Madison street.

### GOATHOUSE IN THE LAKE

(United Press Service)  
Zion City, Ill., May 28.—(Special to Daily Democrat)—Zion's "Ecclesiastical goathouse" blew away today.

The tent in which Rev. Thomas Nelson has been holding services in opposition to Wilbur Glenn Voliva was carried into the lake by a high gale.

"We've been praying for that wind for a long while," said Overseer Voliva, who dubbed the Rev. Nelson's tabernacle as a "Goathouse."

"Now they need a permit from the city to erect a new tent. Since the independents erected their canvas Zion passed an ordinance requiring building permits in the future."

"The city hall is open at all hours—just let him come after a permit."

### A DOLLAR A ROACH.

New York, May 28.—(Special to Daily Democrat).—Magistrate O'Neill fined a restaurant proprietor \$1 for each roach found in his kitchen. "I met one family of ten out for a walk" an inspector testified. "Ten bucks" quoth the judge.

### ACTS ARE HERE

One hundred forty copies of "The Acts of 1921," the laws enacted by the recent session of the Indiana legislature, were received by County Clerk John T. Kelly today. The shipment was fifty short of the requisition sent from this county, and also came the statement that this would be all that will be sent this county. They will be distributed to the lawyers, newspapers, and others who have occasion to refer to them frequently. As soon as the last county in the state has notified the secretary of state of the receipt of its allotment Governor McCray will proclaim the laws in full force and effect.

## Much Damage By the Storm

(Continued from page one)  
stars were shining but lower down huge black clouds, with flashes of lightning made matters look rather dangerous for a few minutes immediately preceding the heavy down-pour of rain.

### BAND BOYS TAKE NOTICE

Decatur band will meet at 12:45 at the hall Decoration Day, May 30. The Committee.

### NOTICE

There will be a meeting of the Board of Guardians Tuesday, 2:30 at the Public Library.

### NOTICE

### BRONCHIAL TROUBLE CAUSED ANXIETY

No medicine has a better reputation than Foley's Honey and Tar for quickly relieving coughs, colds and croup. It loosens the phlegm and mucus, clears the passages, eases hoarseness, stops tickling throat. John G. Hekking, 195 Burgess Place, Passaic, N. J., writes: "I was suffering from an acute case of bronchial trouble which gave me considerable anxiety. Foley's Honey and Tar deserves all the credit for my being well now." Sold everywhere.

The Most Beautiful Car in America

## Distinction Without Extravagance

Most five-passenger cars are undistinctive and commonplace. They are types instead of original creations. And therein lies the first great difference between the New Series "Glenbrook" and many other cars of the medium priced field.

When you first look at a "Glenbrook" you will recognize it at once as a car with a very distinctive and altogether charming personality. Like well groomed people, it is individual and unique.

Ride in the Glenbrook and your first impression will become enthusiastic convictions. You will sense at once the power and mechanical resources that meet every emergency of the road. Each burst of speed, each conquered grade drives this conviction home.

But spirited performance is most appreciated these days when it is achieved without waste and extravagance. Not the least of the Glenbrook owner's satisfaction lies in his modest bills for fuel and upkeep.
