

Firestone

30x3 1/2 Standard Non-Skid Tire

\$13.95

This new low price is made possible by strictest economies and specialized production. Plant No. 2 was erected for the sole purpose of making 30x3 1/2-inch Non-Skid fabric tires. With a daily capacity of 16,000 tires and 20,000 tubes, this plant permits refined production on a quantity basis.

All materials used are the best obtainable. The quality is uniform. It is the best fabric tire ever offered to the car owner at any price.

Firestone Cord Tires

Tire repair men, who judge values best, class these tires as having the sturdiest carcass made. Forty-seven high-grade car manufacturers use them as standard equipment. They are the quality choice of cord users.

30x3 1/2-inch Cord	-	-	New Price	\$24.50
32x4 " " "	-	-	" "	46.30
34x4 1/2 " " "	-	-	" "	54.90

Monroe News

Rev. E. L. Jones and wife, of New Haven, stopped at the home of Z. O. Lewellen on Monday evening for a short visit enroute to their home from Sturgis, Mich.

Harve McKean and wife and Frank McKean and wife of Bluffton, spent Decoration Day with relatives here.

Miss Ada Lammiman, of Monroe, and Helen Stanley, of Decatur, left here Saturday for Angola, to visit the students from this place attending the normal school. They were joined by Messrs. Harry Essex and Harve Coppess on Sunday, driving through. A very pleasant time is reported in boat riding, fishing, and picnic, and returned home Monday evening well pleased with their outing.

Monroe has again resumed its normal conditions. The stores opened on time early Tuesday morning, the shops and workmen began work after a two-days' vacation and the town has assumed its former hustle. We are now ready to enjoy two more holidays in succession, that of July 3rd and 4th.

On Tuesday morning Monroe had a real "fishy order," the atmosphere was filled with large fish stories and one could almost see the "scales" flying in the air. Several parties composed of some of our best citizens gathered in groups along the banks of the Wabash and St. Marys rivers for a day's outing recreation and picnic. They were loud Tuesday morning in praising the fine dinners prepared by the good ladies, of the several parties. And now Lawrence Beitler, the harness man, and Will Martz are in dispute as to who shall claim the title of being the champion fisherman, leaving J. W. Everhart, former champion in the background. The following are the parties that left here Monday morning: Lobenstein party—Otto Lobenstein and wife, W. C. Martz, wife, son and daughter, Will McKean, wife, son and daughter, Louis Sprunger and wife, Mrs. Emma Hook, Roy Hook and wife, and John Everhart. Beitler party—Lawrence Beitler and wife, Peter Graber and wife, Joseph Baumgartner and family, of Monroe, and Andrew Gehin and wife, of Chattanooga, Ohio. Niblick party—Thomas Niblick, Fred Niblick and wife. The Lobenstein party picnicked near Pleasant Valley, Beitler near Linn Grove and the Niblick party near Ceylon. Yet there were several other picnic parties who are still to be heard from, and no doubt will have still larger fish stories to narrate than the ones above stated.

William G. McAfee expressed the opinion that the day of rehabilitation for Mexico is dawning and that President Obregon and his colleagues are likely to succeed in establishing a new era of peace, order and prosperity.

DOINGS IN SOCIETY

CLUB CALENDAR

Wednesday.
W. F. M. S. of M. E. Church—At Monroe, June 1st.

The meeting of the Dutiful Daughters' Sunday school class announced for this evening at the home of Miss Velma Alfather, has been postponed until further notice.

Mrs. Fanny Jackson will be hostess to the Ladies' Aid society of the Calvary church Thursday afternoon. Every member of the society is earnestly requested to be present.

Mr. and Mrs. William Frazier and daughter, Miss Katie, and Miss Leah Porter drove to the Finley Bryan home in Blue Creek township Sunday, where they spent the day. Other guests at the Bryan home were Mr. and Mrs. William P. Merryman and Mr. and Mrs. William Burke. A fine country dinner was enjoyed, and the afternoon was spent in social conversation, instrumental and vocal music also being enjoyed.

The lady clerks in the various offices at the court house, and from the abstract offices, of the city, enjoyed a farewell picnic at Bellmont park Tuesday evening, given for Miss Naomi Gass, who until recently was employed as deputy county clerk, giving up her position to prepare for her approaching marriage June 15. Ten girls and their chauffeur enjoyed the picnic dinner, going to the park at 5 o'clock, and returning to the city in time to enjoy a theater party. The evening was a most pleasant one.

IS DEPUTY CLERK

L. L. Baumgartner Selected by County Clerk Kelly to Fill Vacancy

WELL KNOWN MAN

Served as Deputy Under Clerk Bleeke, and Was Surveyor Four Years

County Clerk John T. Kelly today announces the appointment of L. L. Baumgartner as deputy county clerk. Mr. Baumgartner taking the place made vacant by the resignation of Miss Naomi Gass, who resigned ten days ago to prepare for her marriage which will take place June 15.

The selection of Mr. Baumgartner for the place is a good one. He was elected surveyor and served four years, and was later appointed and served four years as deputy clerk under Ferdinand Bleeke. For several years he was a city councilman, and later city civil engineer. At different times he has served in the county offices, and is well qualified to handle the job he now takes up. In fact a more efficient man could not have been secured for the job and his many friends, and the friends of Mr. Kelly are elated that he has been named.

Mr. Baumgartner this morning entered upon his official duties.

CASE IS ON AGAIN

United Press Service.
Poughkeepsie, N. Y., June 1.—(Special to Daily Democrat)—Secret hearings in the Stillman divorce case were resumed shortly before noon today. Efforts of attorneys for Mrs. Stillman and her son, Guy, to postpone the case a week apparently were fruitless.

Gas is now sold in England by the "therm" instead of by the cubic foot. A therm is a unit of heating value, equivalent to 100,000 British thermal units. As the gas used in London has a heating value of about 550 B. T. U. per cubic foot, this gas is equivalent to 5 1/2 therms.

FORDS CUT \$100 ON GASOLINE BILLS

Other Cars Show Proportionate Saving.

A new carburetor which cuts down gasoline consumption of any motor and reduces gasoline bills from one-third to one-half is the proud achievement of the Air-Friction Carburetor Co., 414 Madison St., Dayton, Ohio. This remarkable invention not only increases the power of all motors from 30 to 50 per cent., but enables every one to run slow on high gear. It also makes it easy to start a Ford or any other car in the coldest weather. You can use the very cheapest grade of gasoline or half gasoline and half kerosene and still get more power and more mileage than you now get from the highest test gasoline. Many Ford owners say they now get as high as 45 to 50 miles to a gallon of gasoline. So sure are the manufacturers of the immense saving their new carburetor will make that they offer to send it on thirty days' trial to every car owner. Can be put or taken off in a few minutes by any one. All who want to try it should send their name, address and make of car to the manufacturers at once. They also want local agents, to whom they offer exceptionally large profits. Write them today.—Adv. June 6-July 6x

On Trial Today

(Continued from page one)

as Virgil, but Mrs. Decker broke down at the inquest and sobbed it was not her son. Later Virgil was arrested at the home of an uncle in Marion and following the grand jury probe his mother and two brothers were placed in adjoining cells of the county jail.

In all of his statements the boy assumed all responsibility for the crime. He said he struck Lovett over the head with the iron rim of a buggy wheel in a drunken brawl and at another time he said he killed his chum as he lay asleep on a cot in the cabin.

A Feature Game

(Continued from page one)

nished by the local club to secure the team and they are desirous of your support. Tickets are selling for fifty cents and can be secured at Kings Confectionery, Joseph & Lang, Peoples Restaurant, Sprague Barber shop, and the Pat Coffee shoe shop. Plan to attend the best game of the season.

Every union grows stronger. World cotton production not up to consumption may cause England who imports 65 per cent. of United States products to increase Egyptian production.

World wheat yield for the crop year 1920 will be larger than 1919. The wheat strokes its beard. See—"Earthbound" tonight and tomorrow at the Mecca.
