I must stand up for my sex

by Mrs. Mary Preston
Cooking Expert and Food Analyst

To understand how the argument started, you must know a few of the events that preceded it. I had made an analysis of Heekin's Baking Powder and decided that no purer baking powder could be made. (No foreign ingredients are added to create an unnatural effervescence or to give a false impression of quality.) So I tried it in my baking. The excellent results made me enthusiastic.

Several of my co-workers tried it, too, and their results were as good as mine. There wasn't a single failure where Heekin's was used. No wonder it is the favorite baking powder with thousands of women. I reported in glowing terms to The Heekin Company and said that Heekin's should be the largest selling baking powder in America.

"I know it," said the sales manager, "and it would be if we could get every woman to buy one can and try it."

"That ought to be easy," I replied. And do you know what that sales manager said? He actually accused all women of being tied to their mothers' apron strings where baking powder was concerned. He said that because their mothers had used some particular brand, they all thought that they had to use the same brand, and you couldn't change them. Imagine that.

Naturally I stood up for my sex. I told him that women were more progressive than men, and that quality was what counted with them every time. I said that if he should tell the American women about Heekin's—that there is no better baking powder made, and that there are 40 years' experience back of Heekin's, and that it costs much less than any of the other high-grade baking powders—every woman in America would be anxious to give it a trial.

He said, "You're a woman. Suppose you tell them." I agreed, because I know the excellent results that any woman will get with Heekin's. So confident am I, that I make this offer on behalf of The Heekin Company. If anything you bake—using Heekin's—is not entirely satisfactory to you, The Heekin Company will return the price of Baking Powder, and the price of the ingredients in whatever you bake. There are no "ifs" or "buts" to this offer. Simply tell the ingredients and the price of them, plus the price of baking powder, and send to The Heekin Company, Cincinnati, Ohio, with your name and address.

Buy a can today at your grocer's and try it. You'll like Heekin's.

time into next week.

Leaders may do any one of the three following things:

Accept the cut without condition.

Rejection the cut outright which would mean a strike.

Accept the cut under protest with the hope of bargaining further with the individual railroads to get better terms.

It was forecast that the last course would be adopted.

GOOD FOR WOMEN, TOO

Foley Cathartic Tablets have long been a favorite physic with men. Women suffer as much as men from indigestion and constipation, and they also require a scientific remedy to keep the stomach sweet, the liver active and the bowels regular. Mrs. Geo. Powers, 84 Winthrop Ave., Revere, Mass., writes: "I have taken Foley Cathartic Tablets and I recommend them to everyone." They banish biliousness, headache, bloating. Sold everywhere.—Adv.

HOW WOMEN OF MIDDLE AGE

May Escape the Dreaded Sufferings of that Period by Taking Mrs. Block's Advice

Hopkins, Minn.—"During Change of Life I had hot flashes and suffered for two years. I saw Lydia E. Pinkham's Vegetable Compound advertised in the paper and got good results from taking it. I recommend your medicine to my friends and you may publish this fact as a testimonial."—Mrs. ROBERT BLOCK, Box 542, Hopkins, Minn.

It has been said that not one woman in a thousand passes this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms. Those dreadful hot flashes, sinking spells, spots before the eyes, dizzy spells, nervousness, are only a few of the symptoms. Every woman at this age should profit by Mrs. Block's experience and try Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., about your health. Your letter will be opened, read and answered by a woman, and held in strict confidence.

ing across the commonwealth from "The Pocket" of southern Indiana to the world-famous sand dunes bordering Lake Michigan. The first edition of 5,000 is free to persons writing the conservation department. As soon as the list can be augmented a second edition will be printed, officials say.

The Inn at McCormick's Creek Canyon park, 3 miles from Spencer in Owen county, is now modern. The principal points of interest at this 350 acre reservation is the magnificent trees, rough, scabrous topography where creek and White river have through countless ages cut deep gorges through sandstone cliffs, and a delightful bathing pool safe for children.

The folder points out that 50,000 persons visited Turkey Run park last season. This is the largest tract in Indiana that has never come under the woodman's axe, and its trees are the largest and finest in the middle west. Delightful trails lead to many beautiful spots of endless variety.

The beauties of Clifty Falls park, undeveloped as yet, lie in the fact Clifty Falls where the water drops a distance of 90 feet, is surrounded by numerous enchanting cascades. The country about is rugged, thickly wooded, and the valley of the Ohio at this point is one succession of towering bluffs and sweeping panoramas. This park is only 100 yards from the Ohio river, and this section has been aptly called the "Switzerland of Indiana." Vinegar Mills park near North Vernon is exploited as an ideal stopover for motorists.

FIRST AID TEAMS.

Bicknell, July 2.—(Special to Daily Democrat).—Fourteen local first aid teams of the Indiana District of the United Mine Workers met on the field here today. This was the sixth annual state wide first aid meet.

Many teams were entered from the other coal districts of Indiana which comprise the eleventh national district.

The two teams rating first and second will be sent to the International first aid meet at St. Louis September 1, 2 and 3. Their expenses will be paid by the Indiana Bituminous coal operators association.

The state cup for the stretcher team was won by the Knox county rescue team in the contest held at Terre Haute last year.

The state first aid meet was won last year by the J. K. Deering company team of Clinton.

Every contestant entered in the meet will be presented a souvenir.

Dr. Angus Knoefel, of Terre Haute will be the principal judge of the contest.

A banquet will be given the teams in the evening at which Governor Warren T. McCray has been asked to be the principal speaker.

AN ADVERTISEMENT HELPED HER

Mrs. Lucille Mackey, 16 Buena Vista St., Washington, Pa., writes: "Last winter my 3-year-old girl caught a bad cold which left her with a dry cough. It bothered her most at night and she would cough until she vomited. I think she must have had whooping cough. I saw an advertisement for Foley's Honey and Tar. I tried it and bought two bottles and her cough left her before she finished the second bottle. She had gotten awfully thin, but now she is as fat as ever." Sold everywhere.—Adv.
