

It took YEARS and YEARS to develop CAMEL QUALITY

We worked on Camels for years before we put them on the market. Years of testing—blending—experimenting with the world's choicest tobaccos.

And now, EVERY DAY, all our skill, manufacturing experience and lifelong knowledge of fine tobaccos are concentrated on making Camel the best cigarette that can be produced.

There's nothing else like Camel QUALITY. And there's nothing else like Camels wonderful smoothness, fine tobacco flavor and FREEDOM FROM CIGARETTEY AFTERTASTE.

That's why Camel popularity is growing faster than ever.

A better cigarette cannot be made.

We put the utmost quality into THIS ONE BRAND.

FOOD PRICES SHOW DROP
Washington, Oct. 4.—(Special to Daily Democrat)—Retail food prices decreased in nine of ten cities canvassed by the department of labor for price changes during the 30 day period from August 15 to Sept. 15.

JITNEYS ARE REGULATED

(United Press Service). Indianapolis, Ind., Oct. 4.—(Special to Daily Democrat)—The city council passed an ordinance late last night curbing the jitney busses in favor of the street car company, which was thrown into serious financial straits by the busses.

Under the ordinance, each jitney must run on schedule and must operate not less than ten hours a day. The ordinance also bars drivers with certain physical defects or those who have been convicted of certain violations of the motor traffic laws. It also prohibits the jitneys from picking up or discharging passengers on streets where street cars are operated.

CHARLES SAUNDERS VERY ILL

Rev. A. H. Saunders left this morning for Boulder, Colorado, in answer to a telegram that his brother, Charles Saunders, who was recently operated upon for sinus trouble, was in a most serious condition. Charles has been ill nearly a year and underwent several operations while here. He and Mrs. Saunders moved to Boulder a few months ago in hopes the change of climate and air would benefit him. His many friends here hope he may be able to recover from this serious operation.

WHITE MULE TAKES JUMP

(United Press Service). New York, Oct. 4.—The price of bootleg whiskey jumped to \$10 and \$15 a pint with the arrival of thousands of out of town visitors to New York for the world's series today.

Visitors from all parts of the country, not knowing the pass words in the "regular" places were forced to pay more than twice as much as New Yorkers and for inferior grades.

At prohibition enforcement headquarters, it was said there would be no unusual activity because of the world's series crowds.

Don't wait another day to know the deliciousness of Kellogg's Corn Flakes

How Kellogg's Corn Flakes appeal to the most fastidious appetites! What a wonder-picture they make—all joyously tumbled and jumbled in a big bowl; sunny-brown, oven-fresh—the gladdest good-to-eat cereal you've ever tasted—or looked upon!

Kellogg's Corn Flakes are a revelation—palate-ticklers that bring the sunshine right into the breakfast room and get the day going all right! Never was such flavor as you'll find in Kellogg's; never was there such all-the-time crispness!

Your happiness will know no bounds when you see the little folks come back for "more Kellogg's, Mother, please!"

And, my—how Kellogg's delight the mothers, too—and the daddies and brothers and sisters! Kellogg's win everybody—they're so delicious!

WANT ADS EARN—WANT ADS EARN—WANT ADS EARN—

Making Extraordinary Mileage a Certainty—

Car Owners want more rubber on the tread where the wear is hardest; more gum between cord plies to perfect a resilient and powerful carcass. And they want a scientifically constructed Non Skid tread with all angles and contacts to resist skidding and give sure traction. Firestone Cord Tires have met these demands of the car owners.

Read Letters Below—

Records from 29,000 to 57,000 Miles

Cord Tires built the Firestone way could not fail to produce mileage. Every day, from all over the country, comes the word that 10,000, 20,000 or 30,000 miles are frequent and consistent records.

Now and then they are emphasized by unusual instances such as quoted below. Performances like these demonstrate the ultimate possibilities of Firestone Cords under careful driving.

Firestone Tire & Rubber Co., Jacksonville Branch, Jacksonville, Florida.
Gentlemen:—

I submit herewith the history of a 33x4 Firestone Cord tire. This tire has run 57,000 miles. I have retreaded it seven times. The average mileage to each retreading was about 7,000. I think you will agree this is a remarkable record. It is especially unusual as I know the owner to be a severe driver. However, he gives his tires proper inflation. The tire in question is not yet out of service and has every indication of being sufficiently strong for another retread. I am mailing photographs under separate cover.

Gentlemen:—

It occurs to me that you might be interested in the mileage that I obtained from the set of Firestone Cord tires on my Dodge coupe. The first tire went over 29,000 miles. The second tire rolled up a mileage of between 34,000 and 35,000. These were both rear tires and had been cut considerably by chains. The two front tires have gone better than 35,000 miles and are still in good condition. I expect to get at least 40,000 miles from each of them. I need scarcely say that the Firestone Cord will be my tire choice for the future.
