## Methods of Junking the Navy Ships

The United Press learned from the highest sources the details of the ship scrapping program.

Two main methods will be followed in junking the big sea fighters:

1.—All of the 68 capital ships to be scrapped under the agreement between the United States, Great Britain and Japan must be rendered incapable of warlike purposes within 16 months from the time the naval treaty goes into effect and must be entirely scrapped within four years from that date.

2.—The old ships to be replaced after they have been in service twenty years, under the agreement are to be rendered incapable of warlike purposes within six months and are to be entirely scrapped within eighteen months after the completion of the construction of the replacement tonnage.

## MANY FROM HERE

Will Attend District Rotary  
Convention at Indianapolis  
Next Month

### BIG PLANS ARE MADE

By Indianapolis Club to Entertain  
Guests-Committees Appointed.

The new year's first big pep-producing event for Indiana will be the Eleventh district conference of Rotary clubs, composed of the fifty Rotarian organizations that abide in Hoosierdom. The conference is to be held in Indianapolis on February 21 and 22 and it is expected that 3,000 Hoosier Rotarians, accompanied by the women of their hearts and households, will mobilize in the capital city for a round of Rotary business and entertainment.

The Rotary club of Indianapolis, of which Charles E. Hall is the president, will be the host club and Arch V. Crossman, first vice president of the Indianapolis club, has been named as general chairman on arrangements for the conference. Crossman is a twelve-cylindered Rotarian and he has been surrounded with an executive committee that can step on the gas, too. Each member of the executive committee also is the chairman of a committee and they are at work now rounding out the details for the liveliest conference Hoosier Rotarians have ever had. The following are the chairmen for the event: Charles E. Hall, president; Albert S. Pierson, secretary, Indianapolis club; Clyde A. Bowers, reception; Ralph T. Edger-ton, decorations; C. Roltare Eggleston, entertainment; J. Emmett Hall, hotels; William Herschell, publicity; Frederick E. Matson, program; Henry L. Stenger, registration; Nelson G. Trowbridge, entertainment for women; and Dr. Herbert T. Wagner, bowling tournament. The bowling tournament, in which several of the leading clubs are entered, will begin on the night of February 21st. Dr. Wagner has arranged to have the best bowling alleys in Indianapolis ready for the battle of the bowlers.

Entertainment features for the conference will be novel and numerous. The conference organization will be headed by Clarence H. Wills, of Kokomo, district governor; Wilbur T. Gruber, Indianapolis, conference secretary; Roy Sahm, Indianapolis, conference treasurer, and J. Duane Dunagan, Indianapolis, conference sergeant at arms.

The fifty clubs in the Eleventh or Indiana district, have a total membership of 3,500 and it is expected that almost the entire membership will be in Indianapolis. This prophecy is based on previous conferences held in Fort Wayne and Evansville, where the attendance was noted as surprisingly large, in fact, as Arch Grossman says: "Almost unanimous."

### K. OF P. INITIATION

There will be work in the rank of page Thursday evening. All members of the lodge are requested to attend, and especially members of the first rank degree team. It is probable fifteen or twenty men will take the page degree Thursday evening.

## UP TO ANDERSON

Fort Wayne Telephone Case  
Will Be Decided by Judge  
in Federal Court

### WANT RATE INCREASE

Public Service Commission  
Refused it and Cause Has  
Been Appealed.

Indianapolis, Jan. 4.—(Special to Daily Democrat).—The Home Telephone and Telegraph Company of Fort Wayne would be permitted to increase its rates to the schedule rejected by the public service commissions filed with Federal Judge A. B. Anderson today by Charles Martindale, master in chancery.

Martindale held the order of the public service commission refusing company the increases for which it petitioned was confiscatory. He recommended however, that the company be required to give a bond of \$250,000 conditional to return to the subscribers of the excess received by the company above any schedule of rates which the commission may hereafter establish and found to allow a reasonable return on the investment.

Judge Anderson will have to rule on the recommendations, but there has been no indications when his ruling will come.

Under Martindale's recommendations, the company would charge \$5 for a single party business telephone in Fort Wayne; \$5 for two party business phones; \$4 for four party business phones; \$2.75 for individual residence phone; \$2.25 for two party residence lines and \$1.75 for four party residence lines.

The report is the outcome of a suit brought by the telephone company to enjoin the commission from putting its orders into effect on the ground they were confiscatory. It was the first case of the kind ever filed in federal court and Judge Anderson's decision will have far reaching effect on similar litigation in the future.

## HAYS TO RESIGN

But Don't Want to Put Administration in Bad by  
His Sudden Decision

### NEW IS MENTIONED

As a Possible Successor if  
Postmaster Decides to  
Join Picture Company.

(By Raymond Clapper, United Press staff correspondent)

Washington, Jan. 4.—(Special to Daily Democrat).—Postmaster General Hays is personally disposed toward accepting the offer to become head of the motion picture industry of America, although his final decision is still under consideration, it was learned authoritatively today.

While the officer of a three year contract at a net salary of \$100,000 a year, exclusive of all income taxes is admittedly appealing, Hays does not want to make a move at this time which might be construed as a desertion of the Harding administration.

He is also in the midst of working out a number of policies in the post-office department which he wants to see realized before he leaves the cabinet. Whether these policies will be carried out if he resigns is understood to be the question on which his decision is hanging.

Hays spent two hours at the White House on his return here yesterday, and he will hold another conference with the president within the next few days.

President Harding is said to be reluctant to have his cabinet disarranged so soon after the beginning of his administration but Hays has assurance that the president will interpose no obstacle in the way of a resignation if Hays decides upon that course.

Hays is attracted by the educational feature of the proposed job. The movie industry, now fourth in the United States, offers opportunities for educational work yet scarcely touched, he thinks.

Speculation as to the next postmaster general in event Hays resigns is already being widely indulged in here. William Boyce Thompson of New York, a close friend of Hays and prominent in the republican party, is mentioned as a possibility. Others whose names are being discussed include Senator Harry New Indiana; Fred W. Upham, Chicago, treasurer of the republican national committee; John T. Adams, who succeeded Hays as chairman of the national committee, and John T. King, former national committeeman of Connecticut.

Father Seimet commented on the insurance feature of the order, and thought all should become affiliated with the organization.

Miss Agnes Costello, the new president of the chapter, gave a talk, also in which she urged the co-operation of the members, in the upbuilding of the local chapter. She will make an excellent leader for the Decatur ladies and under her guidance a great advancement is sure to come. ## THE AUCTION SALE

Conducted by Students of  
Reppert School Will Start  
Next Saturday

### IN HOLTHOUSE ROOM

Across from Interurban  
Station—Big Sale Will  
Start Promptly at 2:30.

The sales conducted by the students of the Reppert auction school will start Saturday afternoon in the show and sales room of the L. A. Holthouse garage building on North Second street, an ideal place for the sales, and the school officials feel very fortunate in securing the location. There will be an abundance of light, and the room is heated, so there will be no inconvenience from that score.

Any merchant, or any farmer, or any one else who has any article to sell is requested to call 'phone 606, and let the Reppert office know of what you have to sell. There will be no charge for the selling of your goods. The public is invited and urged to attend these sales.

The first will be held Saturday afternoon at 2:30 o'clock, and every evening throughout the following weeks, or during the school term at 7 o'clock prompt.

The class of students at this term is perhaps the liveliest bunch of any of the three terms, and there is bound to be plenty of free entertainment for those who attend the sales. The members of the faculty will be in charge, as usual, to coach the students.

The sale to be conducted at the Bellmont farms on January 12, promises to be even larger than the announcement made in yesterday's paper stated. Several farmers are already taking advantage of the offer, and have notified the Reppert offices of farm implements and livestock they will bring in. Mr. Reppert asks us to again state that if any one has any thing to sell, you should call 'phone 606, and it will be properly listed.

## THE COMMITTEES

### MET LAST NIGHT

Mr. Wann of Purdue and  
Mr. Busche Explained  
Duties of the Members

### BIG MILK CAMPAIGN

Will Be Conducted Here the  
Two Weeks Beginning on  
March 13th Next.

Members of the various committees who will have charge of the Milk Campaign to be conducted in this county two weeks, beginning March 13th, met last evening at the offices of County Agent Busche and were given further instructions as to their work during the campaign.

Mr. Wann of Purdue university assisted Mr. Busche in giving the plans and the real work of arranging for the event will begin at once. Mr. Wann announced the appointment of the following committees:

Advertising—W. A. Klepper, A. R. Holthouse and Hugh Hite.  
Publicity—J. H. Heller, Fred Rohrer, Harold Mattox, D. F. Quinn and L. M. Busche.

Transportation and schedule—E. S. Christen, C. E. Peterson, W. A. Klepper, O. L. Vance and J. T. Myers.  
Exhibit—Dr. Fred Patterson, Oscar Lankenau and Carl O. Pumphrey.

Speakers—C. L. Walters, Guy Brown, E. S. Christen, D. F. Quinn, O. L. Vance, A. D. Suttles, Mrs. F. W. Downs, Miss Eva Acker, Miss Bertha Bunner, Miss Elizabeth Peterson, Miss Nellie Winnes and Mrs. R. D. Myers.  
Feeding demonstration—M. F. Worthman, C. O. Lehman, Berne, and John Collum, Geneva.

Mr. Wann emphasized the fact that milk is not a miracle and is not the only good food, but just one of them, which will benefit those who use it, especially the young. Butter, cheese, ice cream and milk should be used more and the results will be surprising. Many children, including those eat enough, are poorly nourished because they eat the wrong food. In each of the places where campaigns have been conducted the results have been very surprising and similar campaigns are to be held during the spring at Terre Haute, Columbus, Laporte, Michigan City and Delphi. An effort will be made here to carry the story of milk and what it means to every person in the county. Meetings will be held in every school at various clubs at factories with big wind-ups in Decatur and Berne. Two speakers from Purdue will assist in the work. There will be exhibits in various windows and an effort made to show the people the benefits from milk and its products.

Miss Eva Acker, who attended the
