A Town's Solid Citizens

Church membership does not insure a man's honesty, integrity or kind-heartedness. But in every town the people who are relied upon to support the best interests of the community are usually those who are found in the church of their choice regularly on Sunday morning.

Go to Church Every Sunday

Why not emulate Christ's example and yourself go to church—not only this Sunday, but every Sunday. Bring your children to Sunday school. Learn what the Bible teaches about your relation to others. It will mean a happier household and a pleasanter life. The people of our town who make the greatest contribution to the culture of the community go to church.

FUTURE NEEDS

It is impossible to anticipate future needs, but usually they can be interpreted in terms of money. Hence the value of an ever growing savings account.

It is more important to save regularly than in large amounts, for the total of small deposits makes a large amount.
