Entered at the postoffice at Decatur, Indiana, as second-class matter.

Lloyd George spoke wisely yesterday when he advised members of the supreme council to aid Germany, eastern Europe and Russia. These countries must get on a sound footing before the world returns to a healthy condition.

Governor McCray has added two hundred and fifty miles to the state roads and the list includes that stretch between Fort Wayne and Auburn which caused a good many travelers to the lake regions last summer to wish that some one would take it over, fill in the holes and dress down the bumps.

We now have a naval treaty signed by the five great powers by which they agree to not sink any more Lusitanias and to obey certain other fixed rules of submarine and other sea warfare. The trouble is that the age old "all's fair in war" wipes out about everything when was is on in earnest. The only way to stop submarines attacking ships is not to have the undersea craft.

The state fair grounds will be improved to the tune of a million dollars the coming summer, bonds having been ordered issued for that amount. With this a number of new buildings will be erected and other improvements added which will make the Indiana fair grounds equal to any in the country. This will also provide work for a large number and will help the state in that way as well as adding to the big fair grounds.

The agricultural "bloc" in the senate is causing republican leaders not a little worry and especially since the death of Mr. Penrose who held control. McCumber who succeeds him is an entirely different individual, comes from the great northwest and the whole affair has become so serious that a council of the wise ones will be held tonight at the white house. Some how the situation must be met.

Senator New begins to look like the successor to Mr. Hays as postmaster general. If he does there will probably be a real scramble for his place on the ticket as senator. A good many of New's friends think he is wise, for he will thus be assured of three years in office while he knows that he is taking some chance when he goes before the people next November for reelection to the senate and attempts to defend the record of congress the past two years.

It is most gratifying to us that each day many old and new subscriptions are coming in to this office for the Daily Democrat. We have met conditions by making a pre-war price and we are adding a valuable gift to those paying for one year to January, 1923. We would like to boost our list to 4,000 during the present year and we are sure we will be well on the way to that figure by the end of the month. Do it now and tell your friends about our offer.

Mr. Mellon is no doubt exactly right in his statement that if the surtax had been made forty per cent on earnings of more than \$200,000 it would have meant a saving of thirty million dollars to about one thousand men, but the thing that most people feel is that those who make such tremendous money each year ought

to pay more than those who make but little more than a living. If these rich had been taxed the millions, the common people would sure have had to make it up. Why should the secretary feel so terrible about it?

The first edition of the International Auctioneer under the new ownership was published today and the paper will be issued regularly hereafter on the first of the month. It is a twenty-four page magazine, published in the interest of the auctioneers of the country and is the only paper of that kind in the world. It is owned by Decatur men and a number of local people are assisting in building it into a real magazine with hopes that it will within a short time attract sufficient attention to carry a splendid circulation.

Members of the senate are using a lot of energy in the Newberry case and it has reached the stage of being a real joke. Newberry used a couple of hundred thousand dollars to secure his election. He was indicted and convicted but the supreme court held the law bad. Now the senate is talking it over and will eventually agree that he has been punished enough and seat him. In the meantime he is drawing his salary and the senators are thus avoiding action on any thing real that will help this country get on its feet, industrially.

Fred VanNys retired from the office of federal district attorney for Indiana and was succeeded by Homer Elliott of Martinsville who was appointed in an open session of the senate yesterday. Mr. VanNys has made a brilliant record and has made himself stronger than ever with the people of the state. Able, vigorous, keen, industrious and with a wonderful personality he is a recognized leader of the fighting democracy of this state and we predict for him other and even greater honors. He is now being urged to become a candidate for United States senator and if he does he will have the support not only of the party men but of thousands of the best citizens of every political faith.

Mr. and Mrs. W. Guy Brown and daughter, were in Fort Wayne Friday afternoon.

RED PEPPER HEAT ENDS RHEUMATISM

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

RHEUMATIC ACES QUICKLY RELIEVED

THE racking, agonizing rheumatic ache is quickly relieved by an application of Sloan's Liniment.

For forty years, folks all over the world have found Sloan's to be the natural enemy of pains and aches.

It penetrates without rubbing.

You can just tell by its healthy, stimulating odor that it is going to do you good.

Keep Sloan's handy for neuralgia,

sciatica, lame back, stiff joints, sore muscles, strains and sprains.

At all druggists—35c, 70c, \$1.40.

BIG EATERS GET KIDNEY TROUBLE

Take a Glass of Salts Before Breakfast If Your Back Hurts or Bladder Bothers You.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is Kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grape and lemon juice, combined with lithium, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

JOBS TO LOW BIDDERS

United Press Service, Akron, Ind., Jan. 7—(Special to Daily Democrat)—The city administration here awarded city jobs to the lowest bidders today.

Jobs for which bids were taken were town marshal, fire chief and police commissioner.

WOMAN TOO WEAK TO WALK

Now Works Nine Hours a Day.—Lydia E. Pinkham's Vegetable Compound Restored Her Strength

Union Village, Vt.—"I was weak and nervous and all run-down. I could not walk across the floor without resting and I had been that way for weeks. I saw your advertisement in the paper and after taking one bottle of Lydia E. Pinkham's Vegetable Compound I felt the good it was doing me and I took seven more in all. Before I finished I was able to work nine hours a day in a steam laundry. I cannot say too much in favor of your medicine. I trust all sick and suffering women will take it. It has been two years since I took it and I am strong and well."—Mrs. L. A. Guimann, Union Village, Vermont.

This is only one of such letters we are continually publishing showing what Lydia E. Pinkham has done for women, and whether you work or not Mrs. Guimann's letter should interest you.

Many women get into a weak, nervous run down condition because of ailments they often have. Such women should take Lydia E. Pinkham's Vegetable Compound at the first sign of trouble. Good health is necessary and this splendid medicine will help you to keep it.
