NAMED PRESIDENT

Rudolph Schug, Cashier of State Bank at Berne Heads Organization

WELL KNOWN MAN
Had Served as Cashier Since Institution Started Nineteen Years Ago.

Rudolph Schug, for nineteen years cashier of the Peoples State Bank at Berne, was this week elected president of the institution succeeding his brother, the late Julius Schug, who passed away several months ago.

Rudolph Schug, who is one of the most popular members of the Adams County Bankers' association, is well and favorably known not only in his own community, but over the entire county. He was instrumental in effecting the organization of the bank in 1903, but has worked unceasingly for the institution since it began business in Adams county's second town.

The bank is capitalized at \$50,000, and has a surplus of \$20,000. At the meeting of the directors this week the usual 10 percent dividend was declared, and there are undivided profits which total \$1,650. It was easily one of the best in the county, and the work of Mr. Schug has had much to do with the success of the Peoples State bank.

Other officers named at the recent election are:
Vice President—Eli Bierie
Cashier—Noah Luginbill
Assistant Cashier—Lester R. Schug
Directors other than the officials—O. F. Gilliom, Isaac Johnson, Jacob P. Steiner and Nicholas Rich.

FOLEY'S HAS NEVER FAILED
January is a bad month for influenza, la grippe and bronchial troubles. It is unwise to neglect the slightest cough or cold. Foley's Honey and Tar gives prompt relief, gets right at the trouble, covers raw inflamed surfaces with a healing coating, clears the air passages, eases stuffy breathing and permits sound, refreshing, health-building sleep. Mrs. F. A. Gibson, 1547 College Ave., Racine, Wis., writes: "Foley's has never failed in giving immediate relief and I am never without it."

POISON GAS BAN THE NEXT MOVE

(Continued from page one)
This is believed to be the result of a tremendous wave of opposition throughout the country to America's failure to stand with Great Britain for total abolition of the submarine and to previous reports of American technical experts recommending against a ban on poison gas.

Since December 16th, the American advisory committee has received 300,000 appeals for abolition of the submarine. While the conferees have regarded the submarine topic as finished, it became known that at Secretary Hughes request the American advisory committee is submitting today a new report on that subject.

It was understood to deal with legitimate uses to which the submarine may be put, for instance, blockade work, scouting and aiding larger craft in hunting out enemy vessels.

A MOONSHINE BATTLE.
Harlan, Ky., Jan. 7.—(Special to Daily Democrat).—A mountaineer moonshiner armed with a high powered rifle sat on a lofty mountain porch as guard today over the lifeless bodies of Can Fee and Enos Fee, alleged moonshiners, killed in a battle with a posse near here.

John Wilson, prohibition agent, and Sheriff J. H. Clair, reported they approached a still in the mountains and found two men operating it. The officers said they called on the men to surrender. A volley was the answer. Returning the fire, the posse killed both moonshiners.

The lookout on the mountain kept up his sniping while officers destroyed the still. His shots prevented removal of the bodies.
