TOCSIN DEFEATS BERNE.

The Tocsin Independents defeated the Berne community association at Berne last evening by a score of 41 to 28. The game was closely contested, Berne starting the scoring early in the game and from then on there was never over a four point difference in the tally in the first half which ended 21 to 17 in favor of Tocsin.

The second half continued equally as thrilling as the first, Tocsin climbing to a nine point lead which they held but a short time, Berne coming to the front with several baskets but not enough to take the lead, the game ending 41 to 38 in favor of Tocsin.

MAC LEAN'S NEW PICTURE

"The Rookie's Return" Delightful Vehicle for Young Star

Hailed as a companion picture to the famous "Twenty-Three and a Half Hours' Leave," "The Rookie's Return," Douglas MacLean's latest Paramount picture, produced by Thomas H. Ince, will be featured at the Crystal theatre tonight. While the popular star's initial success dealt with the troubles and extraordinary experiences of a soldier on the eve of his departure for France, "The Rookie's Return," is a story of a young veteran's return to civilian life and his struggles with the horrors of demobilization and peace. "The Rookie's Return" was adapted from the original story by Archer MacMacklin. Lloyd Ingraham directed and Doris May heads a clever supporting cast. Benefit American Legion.

MARKETS-STOCKS

Daily Report of Local and Foreign Markets.

New York Stock Exchange

New York, Jan. 13.—Stock prices at the start of trading on the New York stock exchange today appeared to count the striking improvement in the banking position of the country as a more important influence at the moment than the additional complications in the European situation arising out of the French premier's resignation. Briand's retirement was announced before the previous close but it was not known in the speculative community on Thursday that his action would result in adjournment of the Cannes conference. This development seemingly was outweighed by a jump in the ratio of the entire federal reserve system from 71.4 to 74.7 per cent, the highest since October, 1917, and prices showed a strong tone at the opening.

The afternoon was spent in playing games and in having a general good time. Later on refreshments were served. FIGHTS FOR SON

Mrs. Anderson, Age Sixty Walking to Washington to Ask for a Pardon

FOR SOLDIER BOY

Who Formerly Passed Papers for the President—Mother Rests at Dayton

Dayton, Ohio, Jan. 13.—(Special to Daily Democrat).—Mrs. Margaret Anderson, 60 years old, of Sioux City, Iowa, left here today on her long walk to Washington to ask President Harding to pardon a former newsboy on his Marion paper—her son.

"We used to live in Marion and I knew Florence Harding when she was employed in the business office of the Marion Star," Mrs. Anderson said after walking here from Sioux City. "I know that if I can only see her I will get to lay the whole matter before the president and that he will intervene for Joe used to carry the Star."

Wary from her two weeks' journey, Mrs. Anderson set out this morning with a prayer that she would not be too late to remove the stigma of "desertion" from her son, reported slowly dying at Fort Leavenworth prison from being gassed in the Argonne. Another son, Don, was killed in action in the Argonne fighting.

Joe's "desertion" was the result of an unbalanced mind caused by the war, Mrs. Anderson believes. He enlisted when he returned home from France. Granted a furlough because of ill health, he started home, became confused and reached a military hospital in Denver which he "deserted" and went to Ft. Russell and enlisted under another name, the mother says.

There are hundreds of thin run-down, nervous men and women right here in Decatur who should be strong, sturdy and vigorous, with rich, red blood tingling through their veins and feeling brimful of life and energy, if they would only profit by the experience of others all over the United States and Canada, and assist nature to digest the food they eat, by simply taking Tanlac.

Millions of people have not only been relieved of the most obstinate forms of dyspepsia and indigestion by Tanlac after other remedies have failed, but large numbers of them have reported a remarkable and rapid increase in weight and a return to normal health and strength by its use.

In fact, so phenomenal have been the gains in weight by thin, frail people through the use of Tanlac that this remarkable preparation is now being proclaimed everywhere as the World's Greatest Tonic.

The food people eat does them absolutely no good unless they digest it properly. When you suffer from indigestion and other forms of stomach trouble, the food does you harm instead of good, because food which is not digested stays in the stomach and ferments, causing pains, swelling, gas on stomach, shortness of breath, bad taste in the mouth, dizziness and many other disagreeable symptoms. If this condition is permitted to run on for an indefinite period the entire system becomes saturated with poisons, the patient becomes thin and pale and in time various complications are apt to result.

Tanlac is a powerful reconstructive tonic and quickly overcomes this condition by aiding Nature to eliminate the impurities from the system in a natural way and enable the vital organs to properly perform their functions. That is why it is called Nature's Medicine.

In fact, there is not a single portion of the body that is not benefited by the helpful action of Tanlac, which begins its work by stimulating the digestive and assimilative organs, thereby enriching the blood and invigorating the entire system. Next, it enables the weak, worn-out stomach to thoroughly digest its food and convert the nourishing elements into bone, blood and muscle. The result is real, strong, sturdy and well with the proper amount of flesh, as Nature intended.

Tanlac is sold in Decatur by Smith, Yager & Falk's and by leading druggists everywhere.

A Changing World

"We are living in a changing world. I never thought I could ever be cured of my stomach trouble. Medical science seemed unable to help me. But thank God we are progressing and now May's Wonderful Remedy has delivered me from all stomach symptoms. I am again able to eat any thing." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

For sale by Holthousen Drug company and druggists everywhere.

NEXT WEEK TO BE OBSERVED AS THRIFT WEEK

Next week will be known as Thrift week and will be generally observed throughout the United States. The Decatur postoffice has received notice from Washington to lay special stress upon its observance and endeavor to issue as many government certificates as possible from January 17 to 23 inclusive.
