A FRIEND IN NEED A FRIEND INDEED

Writes Mrs. Hardee Regarding Lydia E. Pinkham's Vegetable Compound

Los Angeles, Calif.—"I must tell you that I am a true friend to Lydia E. Pinkham's Vegetable Compound. I have taken it off and on for twenty years and it has helped me change from a delicate girl to a stout, healthy woman. When I was married I was sick all the time until I took Lydia E. Pinkham's Vegetable Compound. I was in bed much of my time with pains and had to have the doctor every month. One day I found a little book in my yard in Guthrie, Oklahoma, and I read it through and took the medicine—Lydia E. Pinkham's Vegetable Compound—and took eight bottles and used the Sanative Wash. I at once began to get stronger. I have got many women to take it just by telling them what it has done for me. I have a young sister whom it has helped in the same way it helped me. I want you to know that I am a 'friend indeed' for you were a 'friend indeed'."

—Mrs. GEORGE HARDEE, 1043 Byram St., Los Angeles, California.

Let Lydia E. Pinkham's Vegetable Compound be a "friend indeed" to you.

He could not produce the bond and he had been in jail since.

FOLEY'S HAS NEVER FAILED

Mrs. F. A. Gibson, 1547 College Ave., Racine, Wis., writes: "Foley's has never failed in giving immediate relief and I am never without it."

Fairfield, Vt., writes: "My head ached and my whole body ached so I could not sleep. Foley Kidney Pills gave me relief." They heal and strengthen weak, disordered kidneys and bladder and help them in their work of filtering the blood and casting out of the system the impurities that cause pain and disease. Plan of Hoosier Automobile Association in Establishing Bureaus

MEETS WITH FAVOR In Every City—More Than 75,000 Plates Have Been Issued is Report.

Indianapolis, Ind., Jan. 14.—The issuance of automobile license plates in twenty-four cities in Indiana outside of Indianapolis, under the auspices of the Hoosier State Auto Association is making a distinct impression of real service to automobile owners, according to a bulletin just issued by the association summarizing the work of the branch license bureaus.

Incomplete returns from some of the cities make the grand total of licenses so far issued more or less of an estimate at this time, the automobile association announces, but it is declared that in round numbers no less than 75,000 sets of license plates have already been issued in the various branch offices. Considering that the secretary of state's office had estimated the association would likely issue a total of 150,000 sets of plates for the season, and that practically half of that number has already been issued, it is apparent that the auto owners in these various communities are taking to the innovation in a very apt manner.

It is stated that the congestion in Indianapolis has been greatly relieved by the branch office work and the state is saved quite an expense in clerical hire on this account. An opportunity is being given all auto owners to affiliate with the state auto association, it is being pointed out that membership support alone pays for the state-wide civic and safety campaign work or the organization. The cities issuing licenses are: Gary, Laporte, South Bend, Fort Wayne, Lafayette, Frankfort, Muncie, Hammond, Elkhart, Huntington, Wabash, Peru, Logansport, Marion, Kokomo, Anderson, Crawfordsville, Terre Haute, Richmond, Bedford, Vincennes, Evansville, New Albany and Jeffersonville.

Umbrellas of the customers in one New York store are safeguarded by racks, each of which locks with a special key, which the owner of the umbrella keeps until he collects his property.
