

### A SWEET LITTLE BABY BOY

Makes a Bright Spot in Every Home. A Comfort in Years to Come

Park Rapids, Minnesota.—"I have taken your medicine—Lydia E. Pinkham's Vegetable Compound—when I was a girl for pains and before and after my marriage. I now have a sweet little baby boy and will send you his picture if you wish to publish it. My sisters also take your medicine and find it a great help, and I recommend it to those who suffer before their babies are born."

Mrs. Wm. Johnson, Box 155, Park Rapids, Minn.

To marry and arrive at middle age without children is a great disappointment to many women. Think of the joy and comfort other women have in their children as they grow older.

Lydia E. Pinkham's Vegetable Compound has helped to bring great happiness to many families by restoring women to health. Often the childless home is due to a run down condition of the wife, which may be helped by Lydia E. Pinkham's Vegetable Compound. It brought health and happiness into the home of Mrs. Johnson. Why not to yours?

### ITCHING ECZEMA DRIED RIGHT UP WITH SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Menthosulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Menthosulphur from any good druggist and use it like a cold cream.

#### THE GENERAL ELECTRIC FOREMEN WILL ENTERTAIN

A new entertainment committee recently appointed by the officers of the General Electric Foremen's club has taken charge of the social and recreational affairs of the club and by the new schedule of events to take place within the next few months they have given promise that they know how to plan good things that will be sure to interest the men.

They have announced that for the month of January a dinner will be served in the dining room of the company restaurant on the evening of Wednesday, January 25th. The new officers will take charge of the short business meeting which will follow. When routine matters are laid aside a progressive card party with prizes for the winners will be held in the recreation rooms of the plant.

A Washington Birthday dance will be given on February 22 for members and their families in the auditorium of building 15-2. The affair will be featured by musical numbers and a light lunch to be served the dancers in the works' restaurant at 10:30 o'clock.

Twelve members of the club live at Decatur and are employed at the G. E. small motor plant there. They have asked that the Fort Wayne men come down there and put on an entertainment. Some time during the month of March the Fort Wayne men will go to Decatur in a body and join in a stag party in the recreation rooms of the Decatur plant.

The new entertainment committee follows: F. J. Schwartzkopf, William Miller, John Pulver, Lyle Meader, Harry Andreas and Gus Rogge.—Fort Wayne Journal-Gazette.

### SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's recipe to bring color, lustre and youthfulness to hair when faded, streaked or gray.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's Sage and Sulphur Compound" now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.
