Senator King of Utah has introduced a resolution asking that power to enforce the prohibition laws be transferred from the treasury department to the department of justice. What for? Secretary Mellon now puts all decisions up to Daugherty and it looks funny to ask for a change that is not a change.

Henry Ford is "back peddling" on the Jewish question and has every one guessing again. He announces that he is out to change the monetary basic system in this country and is soliciting the aid of the Jews whom he says are the world's greatest bankers. It keeps one hustling to keep up with Henry and his rapidly changing ideas.

Dr. Harry G. Erwin of Hometown, has announced his candidacy for the democratic nomination for coroner of Allen county. He is a son of the late Judge Richard K. Erwin, chief justice of the supreme court and a nephew of Daniel and Dore B. Erwin of this city, a real democrat, an efficient young man in every way and his Adams county friends are pulling for him.

PURE FOODS

Housewives that realize the value of pure foods—that take special pride in uniform and wholesome bakings, never fail to use

CALUMET BAKING POWDER

You have positive proof of the purity—contains only such ingredients as have been officially approved by the United States Pure Food Authorities.

Contains more than the ordinary leavening strength—therefore you use less. It goes farther—lasts longer. That's why it is used by more leading Chefs, Domestic Scientists, Restaurants, Hotels, Railroads than any other brand on earth.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Bootleggers are warned to stay away from Magnetic Springs, Colorado, where Mrs. Mary McFadden, eighty years young is the mayor and announces no excuse will go and they may expect the limit. She has gained national publicity by the statement that she proposes to "clean the city behind the ears" whatever that may mean. It will be interesting to have a report of what she thinks of her job as boss of her city after a year.

President Harding's troubles are just starting it seems. Usually things run along smooth that way for about a year and then get worse. Now it is claimed that unless he is promoted to Will Hay's job, the first assistant postmaster will resign and so will the second assistant and we don't know how many more. But why worry, there are forty or fifty million men in this country anxious and willing to take the job. This is a poor time to strike.

The cane sugar kings, Havermeyer, Speckles and others of that clique are sending out propaganda against the people into the belief that a reduction of the tariff on sugar will decrease the price to the people. If the dope came from any other source we might believe it but from these kings of the sugar industry—never. Let them once get into absolute control and you will pay all the cost of the present campaign many times over.

Secretary Mellon is making a strenuous effort to have the resolution in the house adopted to prohibit the issuance of tax exempt bonds by city, county and state governments. Many are wondering why the national officials are so anxious to prevent city, county and state tax exempt bonds but fail to say anything about the national power to issue this form of paper. It would of course immediately make far more valuable government bonds but it would prevent many improvements which at this time are being urged to take care of the laboring man. It looks some times as though the present administration will soon be meeting itself coming back.

Basket ball is a great sport. It's fine, healthy amusement for the young people and delightful for the spectators of every age but it may be well to suggest that it is not by any means the only thing of interest in school life of today and should not become so intense as to take from the minds of the school children that the biggest purpose of going to school is to secure an education which will benefit them in the big battle of life to come. It should not become so bitter between the various schools of the county as to cause bad feeling. After all it is but a game and while it is right to boost for your own school, be sure to stop at that. Let's all remember that we are all for Adams county and everybody in it and for clean and fair sport and that we are also for a better education in the old fashioned "readin', writin' and 'rithmetic."

Two hundred and sixteen years ago today, Benjamin Franklin was born and in commemoration of that event this is Thrift week in this country. Do you save? That's a question of much importance to you and your family as well as to your nation for no country has long survived the age when it runs riot and when every one tries to outspend the other. For several years it looked as though we were drifting that way but just now we have the opportunity to stop and think. Every person in this country who has more than living income can and should save and there is just one way—be systematic. Figure out your actual expenses and each week put away something for that rainy day that comes when your earning capacity ceases. A few dollars each week compounded for twenty years will make you independent. The trouble is that most of us don't do it. This is Thrift week and a good time to start.

Domestic life and affection is very highly developed among wild ducks.

WELL LET 'ER COME.

Warren, O., Jan. 17.—(Special to Daily Democrat).—A great business revival which will develop through increasing business during the next year or two rather than a full production in the near future, was predicted in an exclusive interview here today by Jonathan Warner, president of the Trumbull Steel company.

"There is now being laid a firm foundation for a great business revival because we are getting back to the fundamentals which were forgotten during the last few years economy and thrift always precede a business revival," said Warner.

HORSES LOST IN FIRES

(United Press Service).
Chicago, Jan. 17.—(Special to Daily Democrat).—Three fires, causing death to 35 horses and a property loss of \$50,000, broke out in rapid succession at the stockyards here today. The fires were incendiary, investigators believed.

Mrs. Delma F. Leonard arrived home last evening from Okmulgee, Oklahoma, where she has been visiting the past two months with Mr. and Mrs. Karl Groves and daughter, Peggy Joyce.

Gas-tar workers are said to benefit from the "tarry" smell in which they work.

MONROE NEWS.

Mr. Joseph Murphy, age 75 years, living two miles east of this place, died at his home last Sunday night, after a long and lingering illness with a complication of diseases. Mr. Murphy has been an invalid for about six years. He is survived by his wife and four children. No arrangements for the funeral services are announced at this time, but will probably be held on Wednesday afternoon. Burial will be made in the Spring Hill cemetery.

The funeral services of Mrs. John Stauffer was largely attended by sorrowing relatives and friends. The Friends church being filled to capacity. Burial took place at the Spring Hill cemetery, southeast of town Saturday afternoon.

A birthday surprise was given to Forest Andrews for his 57th anniversary which will occur in a few days, by his children and families when they gathered at the parental home with well-filled baskets last Saturday evening. The occasion was for a double purpose, their son Don, who will leave in a few days to resume his duties in the Pennsylvania telegraph and telephone department. The affair was also in a sort of farewell party. The crowning event of the affair was a large cake illuminated with 57 candles representing the number of miles traveled in life's journey besides the many deliveries of the season.

Word was received here Saturday evening by W. W. Hendricks announcing the serious illness of Mrs. V. S. Johnson at her home in Farmland, Ind. Mrs. Johnson is well known here being formerly Miss Lula Hendricks, daughter of Mr. Eli Hendricks, living

one and half miles south of town. W. W. Hendricks left for Farmland Monday morning.

A valuable horse belonging to Martin Hoffman, residing one and a half mile north of town, strayed from the pasture with two other horses last evening and was struck by the midnight train. The other two horses wandered away and could not be found this morning. The horse was valued at \$150.

CREAM CLEARS A STUFFED-UP HEAD

Instantly Opens Every Air Passage—Clears Throat Too.

If your nostrils are clogged and your head is stuffed because of nasty catarrh or a cold, apply a little pure, antiseptic cream into your nostrils. It penetrates through every air passage, soothing and healing swollen, inflamed membranes and you get instant relief.

Try this. Get a small bottle of Ely's Cream Balm at any drug store. Your clogged nostrils open right up; your head is clear; no more hawking or snuffing, dryness, struggling for breath is gone. You feel fine.

This Is Thrift Week

The period of "after the war" extravagance is practically over and the future of the country depends upon your thrift and economy. Every one is urged to do their part and the simplest and most effective way of getting into the habit of thrift is to

Put Away a Part of Your Earnings Each Week

Be systematic in your savings and your bank account will grow rapidly. Observe Thrift Week by putting aside part of your earnings and continue to do so each week throughout the year.

4% interest on savings.

The use of money is all the advantage there is in having money.

—Benjamin Franklin.

January 17th, Franklin's Birthday, is National Thrift Day

For an example in the use of money, we cannot do better than look back to Franklin—or our Pilgrim Fathers three hundred years ago; certainly they made wise use of their resources.

Their thrift, brought up to date, is covered in this 10 Point Financial Creed:

1. Work and Earn
2. Make a Budget
3. Record Expenditures
4. Have a Bank Account
5. Carry Life Insurance
6. Own Your Own Home
7. Make a Will
8. Invest Wisely
9. Pay Bills Promptly
10. Share With Others

If your money isn't giving you full satisfaction, try this out. Our assistance and facilities are at your disposal in doing so.
