CORN CLUB MEMBERS GETS A YIELD TWICE THAT OF DADS

Occasionally one hears a remark or question regarding the worthwhileness of club work and vocational agricultural teaching in our high schools. A very excellent example of the value and possibilities in this direction was furnished by the corn club in Hanover

township in Shelby county this year under the direction of E. E. Privett, Vocational teacher.

Nineteen boys joined the corn club. Every one finished but the corn in one plot was shucked and mixed with other corn before the boy realized that he was expected to keep his yield separate. The lowest yield of the thirteen who completed every detail was 79.3 bushels. The highest yield was 90.2. There is nothing remarkable about this high yield. Many boys and men produce bigger yields but when one stops to consider that there were eighteen boys in one township whose average was 84.1 bushels of corn per acre it begins to take on more significance. The average yield of corn in

FIGHT FOR PEARLS

Strange Tale of Romance Behind Litigation in New York Court Today

MRS. DODGE OWNER

Of String of Jewels Worn by Member of Czar's Family—Worth a Million.

New York, Jan. 18.—(Special to Daily Democrat).—A strange tale of romance plottings, assassinations and revolutions lies behind the litigation over a string of pearls worth \$1,000,000 in the New York courts today.

Mrs. Horace E. Dodge, widow of the wealthy Detroit automobile manufacturer, is said to be present owner of the gems, which were originally in possession of Empress Catherine II of Russia.

The jewels have a bloody history. Their royal owners were involved in intrigue and tragedy from generation to generation. Finally came the revolution, the massacre of the Czar's family. The pearls then were put on the market. Horace E. Dodge purchased them, it is reported from the Paris house of Benguist Bros., and the American house of Cartier. Shortly afterward he died.

Benguist is now suing Cartier alleging the latter failed to hand over a fair share of the purchase price, \$1,000,000, after the sale. The defense is that the jewels did not bring \$1,500,000.

Shelby county is forty bushels per acre. These eighteen boys were more than doubling that average—all in one township.

It took a number of things to do this; good seed, good soil, preparation, good tillage, proper use of fertilizer, etc. A lot of thought and work was necessary. It is true that corn at present isn't worth much, but one way to increase profits is to increase yields and hold down costs. These boys surely made more profit than their neighbors who grew forty bushels per acre. With the young people growing these big yields and producing fine live stock and similar things in the line of agricultural betterment, a new day of better things is not as far away as it once was.

IT DOES THE WORK MILLER DECLARES

Fort Wayne Citizen Says He Now Feels Good Clean to His Finger Tips.

"Tanlac did the work for me and I am willing to say so anywhere, anytime to anybody," said August Miller 1513 Boone street, Fort Wayne, Ind.

"Rheumatism had me in its clutches for three years, and besides that my stomach was out of order and it was seldom that anything I ate agreed with me. The combination of rheumatism and stomach trouble had gotten the best of me and I was about 'all in' when luckily for me, I began taking Tanlac.

"I am like a new man now, my stomach is as sound as a dollar, I haven't a touch of rheumatism and I feel good clean to my finger-tips."

Tanlac is sold in Decatur by Smith, Yager & Falk's and by leading drugists everywhere.

The pearls are believed to have been worn by Mrs. Dodge when she was in New York recently. Many persons noticed the beautiful necklace which was one of the most magnificent ever seen here.

AN ENJOYABLE AFFAIR.
Many of the members of the Knights of Pythias and Pythian Sister lodges and their families enjoyed a dance at the home on Tuesday evening. In fact it was one of the most enjoyable

dances held in Decatur this winter, and the older members as well as the young thoroughly enjoyed it. Music for the occasion was furnished by Miss Edna Snyder, Donald Farr and Charles Fluke.

You Don't Need A "Divining Rod"

ONCE in a while there appears in farming centers a mysterious gentleman who claims to locate hidden water through the agency of a hazel twig held in his hands. The twig guides him, so 'tis said, by turning in his hands, and where it inclines toward the earth, there the well should be dug.

You need no divining rod to locate the things you want. **Read the advertisements that appear daily in this paper.** They are bona fide guides to buying—shorn of mystery and voodoo.

The advertisements tell you plainly where to go for what you want. They show you how to save steps—and money—and time. By watching them carefully, each day, you are enabled to buy to best advantage.

Anything that adds to the purchasing power of your dollars is working hard for you.
