The weather man promises to turn on a little heat today and the cold wave is probably over for the present. The ice men have taken advantage of the opportunity to store up ice and it will come in handy next July and August.

The flu is gaining headway over the country and warnings are being sent out to the people to use every care possible. Fight a cold like you would smallpox, for really it is quite as serious. The flu this year and pneumonia, which usually goes with it, is even more fatal than during the epidemic two years ago. The east is now suffering from a siege of the disease and it may hit here any time.

The farmers of Wabash county have adopted resolutions urging the government to accept the offer of Henry Ford to take over and operate the proposed nitrate plant at Muscle Shoals, believing such action will produce nitrate at less cost to the farmer than at present and furnish employment for thousands of men. They also resolved in favor of the Fabric Bill to force manufacturers to market their products and against the distribution of garden seeds which they have found to be of inferior quality. The farmers are to be reckoned with in this country these days.

"Farm products have diminished in price much below the labor cost of production; vast inventories of shop and mill have followed the downward trend until thousands of farmers and business concerns are hopelessly insolvent. Only the reliability of our banking system has averted the most destructive panic in all history. Inventories have diminished in value, but debts remain the same. There can be but one final result to this situation. And how needless it has all been. When peace came Europe needed rebuilding. America had the supplies. Europe required credit. America had a prosperity upon which credit could have been given. The distress in Russia is chargeable to the terrors

## THE CRYSTAL

TONIGHT  
"CINDERELLA'S TWIN"

A big Metro super-production featuring  
Viola Dana  
the winsome and adorable little star.

Just as strange as a fairy tale. The clock struck twelve! It was time for Connie McGill to leave. She was a lonely little kitchen maid who, like Cinderella of old, was given one glorious night among the rich folks, away from her pots and pans.

See what happened when in her haste she lost her slipper and her Prince Charming found it. Both young and old will take delight in this fantastic, bright romance of a wonder girl and her wonder night.

of sovietism; the distress in America to the treachery of Lodgism."—From speech by James M. Cox at Dayton last night.

James M. Cox of Dayton, former governor of his state, and the democratic candidate for president in 1920, made his first speech since the campaign closed, last night in a big meeting held in Dayton. From now on he will become active and will stump Massachusetts against Senator Lodge, who is a candidate for re-election. He believes that the present methods of congress and the administration largely responsible for the present times and he will give his views as to what is necessary to change them. He favors efforts to establish a foreign market and his speech was sound and sensible.

Community service, through community action, is the watchword of the day. A new feature of it, and one that promises much, is the rural church house. Ministers and church people are coming to realize that the church, as well as the school, is not a building to close up when its day's use is over, but, belonging as it does to the people, to make useful to all, not one day, but every day. And the community church, or the church house, is the latest expression of this belief. The church house, here and there over the country, without denominational limitations, is being made the common center for education and recreation, as well as religious good. Already the rural church house is a fact. It was a dream in the days of those who pioneered in better things for rural communities. Leaders equal to the task are in every community, and you can find them living on any road leading out of Decatur. Let them, during these long evenings when hours drag

slowly, organize and hold frequent gatherings in the church houses of our rural districts. It will be time both enjoyably and profitably spent.

The roads of this section are coming to be more and more of a problem. With traffic getting heavier and heavier all the time, and the demands on the highways becoming correspondingly heavier, what is to be done and how it is to be done, and especially how it is to be paid for are matters in which every citizen of Adams county is interested. We are going to have to stay on the earth. Flying machines do not seem to be coming into such common use that they will do for hauling farm produce and livestock, but it does seem that every week sees the motor truck bringing something new to our doors. They take up a good deal of the road, it is true, but the roads are public and we can't forbid them their usage. We can, however, secure better roads by taxing the trucks according to weight or size of tire spread. And now that the trucks have entered into competition with the railroad companies they should assist in keeping up the roads just as the railroads are forced to keep up their roadbeds. The proper taxation of the truck traffic will go a long way toward solving the good road proposition in this country.

votes were counted. We have not retreated a step."

The declaration was taken in some quarters here as indicating Cox would again seek the nomination for president in 1924.

Cox charged "the present leaders of the republican party have forsaken the soul of Abraham Lincoln for the spleen of Henry Cabot Lodge" and declared the administration was responsible for present industrial conditions because it deserted the policies of Woodrow Wilson.

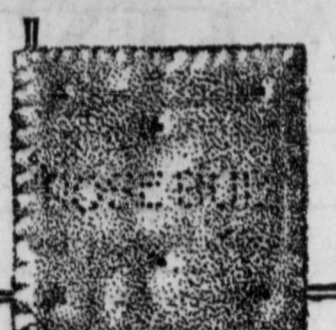

"The distress in Russia is chargeable to the terrors of sovietism; the distress in America to the treachery of Lodgism."

Senator Pomerene, Ohio, the other speaker at the banquet attacked the republican vote on seating Senator Newberry.

J. P. Tumulty, former secretary to President Wilson, and other party leaders, attended the banquet.

**Rosebud Crackers**  
the Great Wheat Food

Dr. Woods Hutchinson says, "Every edible grain or nut has been tried as a substitute for wheat, but without success." This statement emphasizes the food value of wheat and the importance of making wheat one of the principal articles of our daily diet.

Rosebud Crackers present wheat in its most attractive, most nutritious and most economical form. The body building elements of the grain are retained in the crackers. They comprise a balanced ration.

## THANK YOU

To the Daily Democrat:

We desire to thank the friends and neighbors for their kind help and assistance in our loss of fire to our dwelling Wednesday noon.

C. W. HITCHCOCK & FAMILY.

Miss Mildred Niblick is suffering from a severe cold today and was unable to be at work.

## BE RID OF THAT ACHE

If you are a sufferer with lame back, backache, dizziness, nervousness and kidney disorders, why don't you try the remedy that your own neighbors recommend? Ask your neighbor!

Mrs. Nellie Meyer, 710 Marshall St., Decatur, says: "I could not have kept going if it had not been for Doan's Kidney Pills. I had kidney complaint and my back ached incessantly. I could get no relief day or night. When I stooped I got dizzy spells and black spots floated before my eyes. My kidneys acted irregularly and I knew they were the cause of the trouble. I used Doan's Kidney Pills from Callow & Kohne's Drug Store and they proved to be just what I needed. It was wonderful how quickly they stopped the backache and regulated my kidneys. Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Meyer had. Foster-Milburn Co., Mfrs., Buffalo, N. Y."

## AILING WOMEN OF MIDDLE AGE

Mrs. Linton Tells How Helpful Lydia E. Pinkham's Vegetable Compound is at This Period

Denver, Colorado.—"I have taken Lydia E. Pinkham's Vegetable Compound for seven years and I cannot tell you the good it has done me. It is good for young and old and I always keep a bottle of it in the house, for I am at that time of life when it calls for Lydia E. Pinkham's help. My husband saw your ad. in the papers and said 'You have taken everything you can think of, now I want you to take Lydia E. Pinkham's Vegetable Compound.' So I let him get it, and I soon felt better and he told me I want you to take about six bottles. So I did and I keep house and do all my own work and work out by the day and feel fine now. I tell every one about the Vegetable Compound, for so many of my friends thought I would not get well."—Mrs. R. J. LINTON, 1850 West 23d Avenue, Denver, Colorado.

After reading letters like the above, and we are constantly publishing them, why should any woman hesitate to take Lydia E. Pinkham's Vegetable Compound if she is in need of help? It brings relief where other medicines fail.

## MONDAY.

Research Club—Mrs. Horace Callow.

Miss Florence Holthouse will entertain the members of the So-Cha-Rae club this evening at 6:30 o'clock, at her home on Madison street.

Miss Donna Parrish was delightfully surprised last evening at her home on South Tenth street by the Tri D's, who with Mrs. Parrish had planned a six o'clock dinner in honor of her eighteenth birthday anniversary. Covers were laid for eight and a large birthday cake adorned the center of the table. The girls presented Miss Parrish with a beautiful cut glass bud vase. The evening was spent in dancing and in having a general good time. Guests were Misses Mary Suttles, Leona Hunsicker, Lucile Butler, Veronica Anker, Helen Swearingner, Gladys Butler and Marcella Kern. The Misses Helen Swearingner and Leona Hunsicker assisted Mrs. Parrish in serving a delicious dinner.

Mr. Matheny, of the auctioneering school, was a guest at supper last evening at the home of E. F. Miller, east of the city.

The ladies of the Shakespeare club spent a most enjoyable afternoon at the home of Mrs. Leah Ehinger on Fifth street yesterday. The usual program was dispensed with and current events were discussed. Mrs. Dugan and Mrs. Hensley assisted Mrs. Ehinger in serving a dainty luncheon at the close of the afternoon. The club will meet with Mrs. J. C. Sutton next Wednesday, and Mrs. Sutton will also have the paper.

The members of the Tri Kapa sorority were delightfully entertained last evening at the home of Mrs. Fred Smith on Mercer avenue. The girls met at 8 o'clock and after the business meeting the remainder of the evening was spent in visiting an d a lovely two-course luncheon was served.

There will be a business meeting of the music section of the Woman's club at 7:30 o'clock Friday at the home of Miss Della Sellemeyer.

The Blue Bird girls will meet Friday afternoon at 4 o'clock at the home of Miss Martha Sellemeyer.

Several members of the So-Cha-Rae club met at the home of Mrs. V. J. Borman on North Fourth street, at 5:30 last evening, all bundled up, prepared for a coasting party. They brought along their sleds, all descriptions, and at 7 o'clock were on their way to the Bowers hill. On arriving Marie Murtaugh and Peggy Franks tried their luck building a fire, but did not succeed until they had borrowed some oil, and in the meantime the rest were scouting around to find the steepest hill, but one of the girls said, "bumps," so at last, this said girl sure found a peach of a "bump," which took us across the river. We stayed out there until 9:30 and didn't get a bit cold, for we had the bon-fire and served hot drinks. We then started for the Peoples restaurant, where, on arriving, they had the tables set for the lucky thirteen, as that was the number that participated in the wonderful three-course dinner. Mr. Baker, Mr. Kintz and their force certainly know how to put up a good feed. From there we went again to the home of Mrs. Borman, where we played five hundred and discussed the good times of the evening, talking about different pretty stunts some of the bunch pulled off while going over the "bump" across the river. Prizes at five hundred were won by Miss Winifred Kitson. Those present of the club members were Misses Cecil and Esther Miller, Regina and Marie Murtaugh, Peggy Franks, Toots Keller, Florence Holthouse and Mrs. V. J. Borman, and their guests, Misses Winifred and Genevieve Kitson, Irene Holthouse, Margaret Mylott and Helen Gass. Let's go again.—Contributed.

At a congregational meeting last evening the Evangelical church elected the following trustees: Henry Fuhrman, C. E. Hocker and L. L. Baumgartner, for a term of three

years. George Dutcher of Mercer avenue was elected class leader, and John Schnitz of Winchester street, exhorter for a period of two years. Other matters of general interest were discussed.

Miss Jackson from east of town shopped here this morning.

## You wouldn't put on hobbles to run a foot race

Then why load up on handicaps for the day's work?

A good deal of food, unwisely chosen, does weigh the body down and clog the digestion, and dull the brain.

Why put on the hobbles?

Grape-Nuts is a breakfast or lunch-time dish for those who want food efficiency, and mind and body efficiency.

Grape-Nuts satisfies and nourishes. It delights the taste. It is ready to serve whenever you are ready to eat. And it digests easily, quickly and completely—leaving no handicap of heaviness and drowsiness.

Grape-Nuts is the food for health and action.
