

Wolverine Shoes Are Better

A few words regarding the excellence of Wolverine shoes. In the making of Wolverine kip shoes some of the finest hide producing countries in the world are drawn upon for hides. These hides are absolutely pure-tanned, there being positively no adulteration or unnecessary finish used, which means more wear per pair.

The Wolverine Shoe is a man's work shoe, they are better for wear. Try a pair next time.

HAS RAISED A NEW STANDARD FOR BAKING POWDER

Because it's made in the most careful and scientific manner from absolutely pure materials that remain pure in the baking and insure wholesome, healthful food.

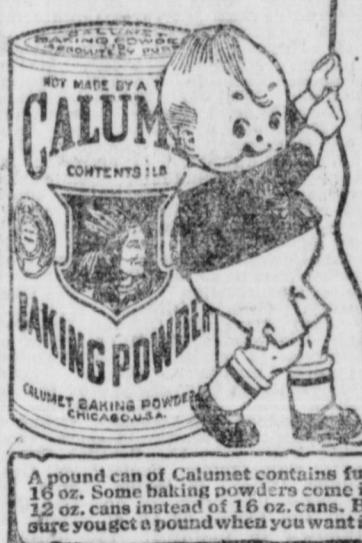

Because it possesses the greatest leavening power.

Because it is not affected by time or weather—it never loses its strength and never fails.

Because it is more economical—you save when you buy it and you save when you use it.

These are a few of the reasons why Calumet is the standard baking powder—the choice of millions—more being sold than of any other brand.

Try it—always buy it. Your grocer can supply you.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

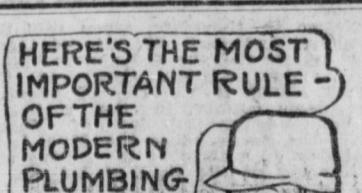

SEEK FRIENDS IN HOUR OF NEED

"In the hour of need we quickly seek our best friends," writes Chas. Schridde Ward de Wet, 957 73rd Ave., Oakland, Cal., "Our little boy and girl had a very dry, rasping cough without phlegm, a cough that chokes and flushes the face of the sufferers like unto convulsions. Foley's Honey and Tar was a wonderful emergency remedy." Cases like this give Foley's Honey and Tar its reputation as the best remedy for coughs and colds.

Any breaking out of the skin on face, neck, arms or body is overcome quickest by applying Menth-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist.

Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Menth-Sulphur and use it like cold cream.

PLEADS FOR BONUS BILL

(United Press Service)

Washington, Jan. 31—(Special to Daily Democrat) Between 600,000 and 900,000 ex-service men are walking the streets out of work "wondering why congress doesn't help them."

Hanford MacNieder, national commander of the American Legion, told the house ways and means committee today, urging immediate passage of the bonus bill.

"The longer congress delays the bonus," MacNieder declared, "the more ill will the men and women who served will stir up against the government."

The legion MacNieder said, will conduct a comprehensive campaign to get the veterans to choose the insurance or home help option of a proposed bonus measure which he said would cost the government less money.

"But," he said, "with so many of our men walking the streets hunting for jobs the Legion feels we have no right to say that any man shall not take the cash payment. That is the take the cash payment. That is the veterans prerogative and he earned the right to use it."

MacNieder rapped Secretary Mellon for his stand against the bonus.

"Instead of opposing the bill, by pointing out the difficulties of financing it," MacNieder declared, "Mellon would do better by finding and suggesting proper methods of raising the money. The nation who Mellon is supposed to be serving wants this debt paid."
