Entered at the postoffice at Decatur, Indiana, as second-class matter.

The Ground Hog knew his business. Pretty hard to fool that old fellow who has been on the same job since time began.

The road contractors are evidently getting back to normalcy. There were twenty bids on one road this morning and it sold for pre-war prices.

The conference is over and now the Washington news will be largely the political time marking from congress. Pity the poor Washington news correspondents. They have to stick.

All Mr. Hays has to do the first year to earn that \$150,000 is to save the film companies fifty million on shipping. Not such a bad investment for the stockholders after all if he gets it over.

Gossip is always a dangerous practice, never does any one any good, and often results in harm. Some one starts a rumor and it grows to larger proportions, causing pain and sorrow and trouble. Think it over.

Indiana now has only about five thousand G. A. R. members, a loss during the year of nearly a thousand. The Grand Old Army is rapidly diminishing and soon only the remembrance of their excellent lives will be left to us.

Every business will go if you push hard enough. Every farmer can make money if he will try, though it's up hill. Every man who is willing to give service for his wages can get a job and hold it. These are hard times for those who expect to get results without real effort.

What would the picture family in Los Angeles be without a big murder mystery? Just now it's the Taylor case with all the entanglements which go to make up a real story. Evidently they are trying this year to produce stories from life which thrill more than any novel.

Your attention is called to a new feature in the Daily Democrat, beginning yesterday—American History day by day—not only interesting but of value. It should be carefully read each evening and the children instructed to thus fix dates in their minds for future reference.

Germany is suffering from a general strike, so complete in Berlin and other cities that even light and water are not obtainable. Negotiations are going on but for several days past the suffering has really been great. Evidently this is not the only country where the administration has trouble.

The big disarmament conference has become history. Now, it's up to the senates and parliaments. In the meantime newspapers and periodicals will begin to find the flaws and when they get through you will probably be surprised at the document to which so many great men devoted so much time and effort. It's easier to tear down than to build.

Remember the meeting of the Jefferson club of Adams county at democratic headquarters on Friday evening of this week. Another governor is in bad—Lee M. Russell, the chief executive of Mississippi has been sued for \$100,000 by a young lady who claims to have been badly mistreated by the distinguished gentleman. It's getting so a fellow will almost hate to take the office, but perhaps some can be found who will be willing to chance it.

Nine men, each a splendid business citizen, interested in the growth of Decatur and the welfare of Adams county, were chosen last night as a board of directors of the Decatur Industrial association. With the exception of Mr. Conter all are new members, injecting new men with new ideas. These men will, we are sure, do everything in their power to make the association a power for good for this community but they cannot do it without your co-operation and your assistance. If you will give the proper interest and attend the meetings we can progress. Bring your ideas to the sessions of this association and talk them over with the other citizens, let's pick out the good ones and do things. Start in with the first meeting and see if you don't enjoy them, and then keep it up. The club has done some good things for the city and there are many more for them to do. Your help is needed and desired. Do it.

Don't Miss Seeing "The Great Plumber Breach of Promise Case" to be given by the Tocsin Pythian Sisters Thursday eve., February 9 at the Kirkland High School. The Tocsin orchestra will furnish the music. Admission 15 and 25 cents.

WANT ADS EARN—PAYS BIG FINE

"I always thought if the doctors couldn't help my stomach and liver trouble, nobody else could. It has cost me nine hundred dollars and I have paid my fine. It remained for May's Wonderful Remedy to do the trick. I have been in the best of health since taking it more than a year ago." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

HAVE DARK HAIR AND LOOK YOUNG

Don't stay gray. Nobody can tell when you darken gray, faded hair with Sage Tea and Sulphur

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

WORLD'S CHECKER TITLE

Glasgow, Scotland, Feb. 7—Two draw games were played today in the world's checkers championship tournament between Robert Stewart, of Glasgow, and Newell W. Banks, of Detroit. The match now stands at two victories for Stewart, none for Banks and twenty-two draws.

Banks is known in Adams county, having played exhibition games here, at Geneva and other places nearby. The championship contest is being watched by several enthusiasts in Decatur and Geneva.

IT WENT TO THE SPOT

Lingering colds and coughs that hang on and wear one out are difficult to get rid of, but Henry E. Campbell, R. F. D. No. 3, Adrian, Mich., writes: "I had a bad cough for three years. Tried several cough medicines. Got little relief. I tried Foley's Honey and Tar. It went to the spot. There is no better remedy on the market." Good for coughs, colds, croup and whooping cough—clears the passages; soothes irritated membranes; stops tickling in the throat. Contains no opiates. Sold everywhere.

SURE TO HELP SICK WOMEN

Mrs. Baker, So Much Benefited by Lydia E. Pinkham's Vegetable Compound, Anxious to Help Others

Lebanon, Indiana.—"I was completely run down from women's troubles and stomach trouble and for a long time was hardly able to do my work. I had some friends who had taken Lydia E. Pinkham's Vegetable Compound, and they told me about it. I know what it has done for me and I recommend it to others, as I am sure it will be a great help to all sick women. It is a wonderful medicine, and I give you permission to use my testimonial and my photograph."—Mrs. EMMA BAKER, 310 S. East St., Lebanon, Indiana.

These letters recommending Lydia E. Pinkham's Vegetable Compound ought to convince women of the great worth of this medicine in the treatment of ailments to which they are often subject. Mrs. Baker calls it "a wonderful medicine." If you are suffering from troubles women often have, or feel all run down, without any ambition or energy for your regular work, take Lydia E. Pinkham's Vegetable Compound. It is a natural restorative and should help you as it has Mrs. Baker and many, many other women.

SULPHUR IS BEST TO CLEAR UP UGLY, BROKEN OUT SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation. Mentho-Sulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment of disfigurement. A little jar of Mentho-Sulphur may be obtained at any drug store. It is used like cold cream.
